Early North Families To the descendants of John North Greeting The history of this branch of the North family was begun
over seventy five years ago by the Rev Willam S Porter of Farmington a young minister who undertook genealogical research
while awaiting a call It was the most complete genealogy of the North family up to that time The original manuscript is in the
possession of Mr William F North of Austin Texas Unfortunately however the dates in this record fail to give the day and
month of events To the late Mr Julius Gay of Farmington who compiled from original sources the vita records of many old
families in that vicinity are due many of the exact dates given in the early generations in this volume His manuscript based
apparently on the Porter record and with marginal references for every date is in the possession of the Connecticut Historical
Society at Hartford In 1893 Mr John Hollister North of New Haven undertook the completion of the Porter record and after
much painstaking research succeeded in completing many of the lines to that date besides adding much biographical matter
The present compiler became interested in the subject and kindly being given access to the records mentioned above
determined to complete and publish them It is therefore with pleasure that he acknowledges the sources from which he
obtained much information in the compilation of the records herein presented Throughout the book much new material has
been added gleaned from local histories biographies records original archives of Connecticut and by correspondence with all
known present descendants in America Unless otherwise indicated the authorities for military records in the French and
