Parry and P.M. Sherlock. John Horace Parry, **A Short History of the British Commonwealth** Ramsay Muir, 1923. *The British West Indies* Morley Ayearst, 2023-05-03. The British West Indies 1960 examines the islands and two mainland colonies of the West Indies as they approached self government. They exemplified in miniature almost all of the problems of emergent self government in a colonial milieu with a multi racial population. This study looks at West Indian politics and colonial government as well as the issue of West Indian migration and its causes. A Short History of S.P.C.K. William Kemp Lowther Clarke, 1919. **An Archaeological History of Montserrat in the West Indies** John F. Cherry, Krysta Ryzewski, 2020-02-28. Montserrat is a small island in the Leeward islands of the eastern Caribbean and at present a British Overseas Territory. It has suffered greatly in recent times first from the devastations of Hurricane Hugo in 1989 and since 1995 from the still ongoing eruption of the Soufriere Hills volcano that has caused two thirds of the island's population to emigrate and left half the island a dangerous exclusion zone. Archaeological research here began only in the late 1970s but work over the past four decades has now made it possible to present an archaeological history of Montserrat from the earliest known traces of human activity on the island about 5 000 years ago to the present. This book draws on all the available archaeological evidence including that from the co authors own island wide survey and excavation project since 2010 as well as newly available archival documents to trace this little island's long history and heritage. This is not the story of an isolated and remote island. Montserrat is shown rather to be a place intricately connected to the flows of people and goods that have travelled between islands and across the Atlantic at various points in time both Amerindian and historical. Despite its small size and seeming irrelevance Montserrat has in fact always been networked into regional and global systems of connectivity. An underlying theme of this volume is resilience. It presents insights from the archaeological and documentary evidence on how the island's inhabitants have coped with often adverse conditions throughout the course of its history: hurricanes, volcanic eruptions, slavery, disease, invasions and impoverishment, all while remaining proudly connected to heritage that celebrates the accomplishments of island residents. A Short History of the West Indies. By J. H. Parry and P[hilip] M[anderson] Sherlock. [Mit Illustr. U. Kt.] (Reprint.) John Horace Parry, 1957.
