War: A Short History Jeremy Black, 2010-10-21 The definitive introductory study of war Professor Black introduces the subject in a broad manner ranging across historical time periods and geographical boundaries

A Short History of Warfare David H. Zook, Robin Higham, 1966

A Short History of Guerrilla Warfare John Ellis, 1975 Ny Opdateret Udgave Se Bognr 1853671975

A Short History of the Wars of the Roses David Grummitt, 2025-08-14 Now in its second edition A Short History of the Wars of the Roses is an accessible history of the English civil wars of the mid 15th century It offers a comprehensive account of the major political events detailing the 30 year struggle between the dynastic houses of Lancaster and York and analysing the formal clashes of royalist and rebel armies such as the battles at St Albans Towton and Bosworth Grummitt explores the roles of the era s key personalities such as the Kingmaker Earl of Warwick and Margaret of Anjou who ruled for a time in her husband s stead highlighting how their actions shaped events on a local and national scale Grummitt places the violent developments of this complex period in the wider context of fifteenth century kingship and the development of English political culture without losing sight of the impact of the war on the lives of those who both fought in and were touched by battle Expanding on the successful foundations of the 1st edition this 2nd edition has been updated to include New material analysing the struggle for Ireland 1459 64 New research concerning the battle of Edgecote and the Northern and Lincolnshire rebellions of 1469 70 A

new section on gender and the role of women with a focus on the agency of women and how they navigated the impact of the Wars on themselves and their families Expanded analysis of the role of chivalry and its centrality to the gendered identity of aristocratic men and women *War: A Short History* Jeremy Black,2014-03-04 In this concise history of war Jeremy Black ranges widely giving due attention to non western as well as western traditions The history of war is inextricably bound to the history of the world Through a detailed exploration of world scale issues of warfare presented within a chronological framework that spans human history Jeremy Black skilfully illustrates this fact whilst providing the reader with other astute insights and compelling interpretations of war War A Short History is a dramatic move away from the formulaic western approach to military history Too narrow in its focus on wars specific to the west and too simple because of an over reliance on a technologically deterministic reading of warfare this approach has been rejected by Jeremy Black in favour of a global model that takes all factors into account when considering the strengths and weaknesses of a particular military tradition This is a book that is as important for its relevance to current world issues of conflict as it is for its thorough consideration of a monumentally significant aspect of human history *A History of Air Warfare* John Andreas Olsen,2010 This one volume anthology provides a comprehensive analysis of the role that air power has played in military conflicts over the past century Comprising sixteen essays penned by a global cadre of leading military experts A History of Air Warfare chronologically examines the utility of air power from the First World War to the second Lebanon war campaign by campaign Each essay lays out the objectives events and key players of the conflict in question reviews the role of air power in the strategic and operational contexts and explores the interplay between the political framework and mil *A Short History of the Vietnam War* DK,2021-05-04 A gripping and informative visual guide to one of the bloodiest conflicts in US and world history Journey through the Vietnam War exploring detailed accounts of the men and women that were there Explore their stories of struggle sacrifice and bravery through the iconic events that defined this conflict This visual guide is the perfect read for any military history enthusiast Inside the pages of this retelling of America s bloodiest conflict you ll discover A vivid moving and informative read written in an engaging style Offers a clear and compelling account of the conflict in short self contained events from the Battle of Ia Drang to the Tet Offensive and The Khmer Rouge Biography spreads highlight major military and political figures Features on everyday life in the war offering additional context Stunning image spreads display weapons spy gear and other equipment that defined the war Maps and feature boxes provide additional information on major events during the conflict A carefully constructed in depth guide to Vietnam This definitive history of the Vietnam War was written in conjunction with the Smithsonian SI A Short History of the Vietnam War showcases every aspect of the fighting and the wider political landscape from both the side of the Viet Cong and the US military Compelling text diagrams and maps show exactly how decisive moments and battles unfolded to help the reader to visualize the conflict Eyewitness accounts and iconic photographs bring events to life from the creation of the Ho Chi Minh Trail to Operation Passage to Freedom and the

evacuation of the US embassy in Saigon From weapons and aircraft to armored vehicles and spy gear explore the machinery used in the war through breathtaking photography Lastly biographical entries give a fuller insight into the minds of key figures and the decisions they made and include Henry Kissinger President Nixon Pol Pot and more More in the series Combining expert historical insight eyewitness accounts and archive photography A Short History series seeks to summarise key historical events and provide a wider context to what was happening around these events Titles include SI A Short History of World War II SI A Short History of the American Civil War and SI A Short History of Flying and are the perfect addition to any history enthusiast's library

A Short History of the Civil War at Sea Spencer Tucker, 2002 Tucker chair of military history at the Virginia Military Institute relates the stories of significant naval battles of the Civil War and highlights the roles of colorful characters involved He discusses themes such as the technological revolution in naval warfare the Confederate use of torpedoes and submarines and the Union's successful strategy of blockade B w historical illustrations are included Tucker has written or edited 16 books on naval and military history and has written two other works on the Civil War at Sea Annotation copyrighted by Book News Inc Portland OR

Short History of the First World War Gary Sheffield, 2014-09-04 The First World War was a watershed in world history Tragic but far from futile its origins events and legacy have roused impassioned debate creating multiple interpretations and confusion for those encountering the period for the first time Synthesising the latest scholarship acclaimed historian Gary Sheffield cuts to the heart of the conflict He explores such key issues as the causes of war the great battles on land sea and in the air the search for the peace and peace settlements the political social and economic consequences the impact of total war on the belligerents and the individual and the place of the Great War in the history of warfare Accessible and authoritative this is the ultimate introduction for anyone wanting a clear understanding of what happened and why

Invisible Armies: An Epic History of Guerrilla Warfare from Ancient Times to the Present Max Boot, 2013-01-15 New York Times Bestseller A Washington Post Notable Book Nonfiction Named one of the Best Books of the Year by Foreign Policy A New York Times Book Review Editors Choice Selection Destined to be the classic account of what may be the oldest hardest form of war John Nagl Wall Street Journal Invisible Armies presents an entirely original narrative of warfare which demonstrates that far from the exception loosely organized partisan or guerrilla warfare has been the dominant form of military conflict throughout history New York Times best selling author and military historian Max Boot traces guerrilla warfare and terrorism from antiquity to the present narrating nearly thirty centuries of unconventional military conflicts Filled with dramatic analysis of strategy and tactics as well as many memorable characters from Italian nationalist Giuseppe Garibaldi to the Quiet American Edward Lansdale Invisible Armies is as readable as a novel Michael Korda Daily Beast and a timely reminder to politicians and generals of the hard earned lessons of history Economist

The Evolution of the US Air Force Israel Guy, 2024-08-05 This book looks at the history of the US Air Force through the lens of its lack of preparedness for major wars which is shown to be a result of its

organizational culture The U S Air Force is probably the most powerful military force in history both in its destructive firepower and in its ability to project it globally Yet despite its unparalleled power the Air Force entered its first three pivotal conflicts World War II the Korean War and the Vietnam War unprepared But surprisingly it was remarkably well prepared for its fourth major war the Gulf War of 1991 Could there be an underlying trait or characteristic which influenced the Air Force between the wars that historically caused the US Air Force to be unprepared for war or prepared for the wrong type of war Surprisingly there is such a factor which was quite prominent in the Air Force s complex identity its organizational culture Besides providing a historical description of the Air Force this book demonstrates clearly how its organizational culture evolved and how it caused the US Air Force to be prepared for the wrong war It also shows that when the organizational culture changed the Air Force changed its focus and arrived prepared for the following war the 1991 Gulf War This book will be of interest to students of air power strategic studies US public policy and security studies in general

A Short History of the World H.G. Wells,2018-04-05 Reproduction of the original A Short History of the World by H G Wells

A Short History of the Ancient World Nicholas K. Rauh,Heidi E. Kraus,2018-01-11 A Short History of the Ancient World begins with the Bronze Age and ends with the collapse of the Roman Empire Rather than restricting his analysis to the Greek and Roman experience Rauh introduces students to ancient Africa Israel Egypt Iran China and the Indian subcontinent To aid students on their journey into the ancient world Rauh has provided key terms and definitions What Have We Learned review points and an engaging art program that includes 51 images within the Art in Focus and Materials and Techniques features Informative maps chronologies and tables also give students a closer look into the rise and fall of these great civilizations Learning extends beyond the book with UTP s History Matters website www.utphistorymatters.com which includes relevant essay and multiple choice questions With A Short History of the Ancient World Rauh has crafted a comprehensive exploration of humanity s most fascinating early civilizations

A Short History of the Hundred Years War Michael Prestwich,2017-12-07 The conflict that swept over France from 1337 to 1453 remains the longest military struggle in history A bitter dynastic fight between Plantagenet and Valois The Hundred Years War was fought out on the widest of stages while also creating powerful new nationalist identities In his vivid new history Michael Prestwich shows that it likewise involved large and charismatic individuals Edward III claimant to the French throne his son Edward of Woodstock the Black Prince wily architect of the first French victories Bertrand du Guesclin chivalric hero Jean Boucicaut inspirational leader Henry V unlikely winner at Agincourt 1415 who so nearly succeeded in becoming King of France and the martyred Maid of Orleans Joan of Arc thought to be divinely inspired Offering an up to date analysis of military organization strategy and tactics including the deadly power of English archery the author explains the wider politics in a masterful account of the War as a whole from English victory at Sluys 1340 to the turn of the tide and French revival as the invader was driven back across the Channel

A Short History of Spain Lady Maria Callcott,1828

A Short History of Relations Between Peoples John

Ellis, 2024-10-15 *A Short History of Relations Between Peoples* traces how the cultural attitudes that different peoples and nations had toward each other have undergone a profound and positive change during the last 500 years. For most of recorded history, neighboring countries, tribes, and peoples everywhere in the world regarded each other with apprehension, when not outright fear and loathing. Tribal or racial attitudes were virtually universal, no one group being much better or worse in this respect than any other, and for good reason given the conditions of life before the modern era. But in the last 500 years, relations between different peoples have undergone a slow but profound change. In this book, John Ellis explains how a confluence of discoveries, inventions, explorations, as well as social and political changes gave birth to a new attitude, one expressed succinctly in the Latin phrase *gens una sumus* (we are all one people). This sentiment has by now become a modern orthodoxy; however, inconsistently or even hypocritically, it may sometimes be espoused. Ellis tells the story of how the transition happened, setting out the crucial stages in its progress, as well as the key events that moved it forward, and identifying the individuals and groups that brought about the eventual dominance of this new outlook. This is a compelling story in its own right, but it is also a useful inoculation against the destructive ideas of today's race hustlers. An accurate grasp of how this crucial change happened contradicts everything that they want us to believe. Ideologies such as Critical Race Theory and Diversity, Equity, and Inclusion have everything touching on race and racism completely backwards. The villains of their ignorant version of history are really the heroes. In explaining how the historical record makes nonsense of CRT, Ellis's book amounts to the most fundamental and complete refutation of that pernicious ideology.

A Short History of the World - illustrated H.G. Wells, 2021-08-18 *A Short History of the World* illustrated H.G. Wells. *A Short History of the World* with original illustrations. Although best known for his scientific romances that paved the way for the modern science fiction genre, H.G. Wells (1866-1946) produced significant works on politics, society, science, and history. Fascinated as much with the real world as his imaginary one and displeased with the quality of history textbooks at the end of World War I, Wells took on the task of writing his own book of world history. In 1919, he published *The Outline of History*, a 1,324-page book in three volumes, which he soon followed with the much shorter and highly popular work *A Short History of the World*. This condensed work is a monumental account of the physical, spiritual, and intellectual evolution of the human race and chronicles key events of humanity's development. More importantly, Wells brings to light the continuity of history and provokes thoughts on the future implications of our scientific and intellectual progress.
