**Thought in the Act** Erin Manning, Brian

Massumi, 2014-05-01 Every practice is a mode of thought already in the act To dance a thinking in movement To paint a thinking through color To perceive in the everyday a thinking of the world's varied ways of affording itself from Thought in the Act Combining philosophy and aesthetics Thought in the Act is a unique exploration of creative practice as a form of thinking Challenging the common opposition between the conceptual and the aesthetic Erin Manning and Brian Massumi think through a wide range of creative practices in the process of their making revealing how thinking and artfulness are intimately creatively and inseparably intertwined They rediscover this intertwining at the heart of everyday perception and investigate its potential for new forms of activism at the crossroads of politics and art Emerging from active collaborations the book analyzes the experiential work of the architects and conceptual artists Arakawa and Gins the improvisational choreographic techniques of William Forsythe the recent painting practice of Bracha Ettinger as well as autistic writers self descriptions of their perceptual world and the experimental event making of the SenseLab collective Drawing from the idiosyncratic vocabularies of each creative practice and building on the vocabulary of process philosophy the book reactivates rather than merely describes the artistic processes it examines The result is a thinking with and a writing in collaboration with these processes and a demonstration of how philosophy co composes with the act in the making Thought in the Act enacts a collaborative mode of thinking in the act at the intersection of art philosophy and politics

**UNDISCLOSED SPIN** Ranjeet Prasad, A preface never defines anyone once you understand the emotion conveyed through their assertions and the depth of their words that shape the world This can be seen as the face of the preface while the postface represents the recognition we receive from the preface The preface serves as a means to elaborate on our journey how we come across opportunities to write and the individuals behind it These are the people who inspire us to be compassionate and empathetic towards others making us better individuals It is a self contained question and answer Once you become familiar with the unpredictability of life you will attain or encounter whatever you desire That is the beauty of life In my pursuit of something I have encountered both beautiful human beings and monsters She is as dangerous as poison when it comes to getting sacred by themselves and she is poison but that poison nectar for somebody and for someday it s become lethal It depends upon the person s realness We both like to be real and get acquainted to be real humans only Nowadays people are like camouflage when where and how they are going to teach you the weirdness of life nobody knows However her companionship for me is no less than an empyrean complot We sharpen each other through a little wisdom which we had earlier Now we both know more than anyone about life people s intentions actions and the dichotomy of their imputations Our stupid illustration makes us better and we both are mad when it comes to abstract connections We both develop such a microscopic viewpoint to get something from nothing Our attitude toward learning pushes us to learn more about things on our own Earlier we were on trial whenever we discussed something Now we are becoming 0.1% better than others when it comes to understanding people s emotions and their pain One day we were talking about something and I mentioned that I had written many articles and wondered if I should convert them into books She suggested that it could be a book if I wanted to compile it and I agreed to give it a try although I wasn t completely sure about it Should I make it happen or not I received a lot of help while writing and she guided me very patiently I am grateful for her kindness She is always ready to help anyone in need Such a beautiful soul focused on the well being of others I m very fortunate that I m in the shadow or we both are in the shadow of each of our wisdom Initially I didn t know anything but she gradually groomed me without letting me know and now we are both reaping the benefits of her patience She is the sole inspiration for many things in my life I don t know whether I will bring about any change in her life or not But her guidance and helping me understand my flaws made me better able to correct my flaws and become a better person That s how I got an opportunity to write

something about her to preserve our memories and cherish our companionship when we grow old That s what binds both of us with an invisible energy that connects us wholeheartedly forever So this book is inspired by her our inspiration in life who is very wise and rational This book is all about My Okra her life is good or bad I am no one to categorize into categories Her life is in itself a dilemma for her but for me not less than an inspiration I don t care about anyone what they are thinking about her the only thing I know is she is the best in every version with right rationality In this book you are going to relive your life once again from the beginning to your next birthday and beyond this as well I will describe you entirely from scratch to bring you back to life once again on the basis of whatever I know about her based on the eyes of darkness to the light of life from understanding not from knowing As the friend as soil as tree A lot more I m going to explain in this book about life people s assumptions and the way of stimulating themselves to guide someone from darkness to light Without her I wouldn t be able to write such a beautiful book about her I do like her a lot but I would not have the courage to say otherwise she will kill me outright I will explain my liking in a few chapters But it s all about us and our truthfulness We both resemble each other a lot You will get to know more about it after delving deeper into the swimming pool of this book So have patience to read and understand who you are in my eyes and who you are in the eyes of others You are a beautiful Ms Beautiful Be beautiful and shine like a star and pursue the things you like and the way you want to shine Human Personality and Its Survival of Bodily Death: 7.
