New Perspectives On The Irish Diaspora:

New Perspectives on the Irish Diaspora Charles Fanning, 2000 In *New Perspectives on the Irish Diaspora* Charles Fanning incorporates eighteen fresh perspectives on the Irish diaspora over three centuries and around the globe He enlists scholarly tools from the disciplines of history sociology literary criticism folklore and culture studies to present a collection of writings about the Irish diaspora of great variety and depth

New Perspectives on the Irish Abroad Mícheál Ó hAodha, Máirtín Ó Catháin, 2014-03-25 The relationship between Ireland and the diversity of its diasporas has always been complex and multi layered but it is not until recently that this reality has really been acknowledged in the public sphere and indeed amongst the scholarly community generally This reality is partly a consequence of both push and pull factors and the relatively late arrival of globalization trends to the island of Ireland itself situated as it is on the Atlantic seaboard between Europe and the US Ireland is changing however some would say at an unprecedented speed as compared with many of its neighbours and the sense of Irish identity and connection to the home country is changing too What is the relationship of Ireland and the Irish with its diaspora communities and how is this articulated The voices who speak in *New Perspectives on the Irish Abroad* The Silent People edited by Mícheál hAodha and Máirtín Ó Catháin talk back to Ireland and Ireland talks to them and it is in telling that we see a new story an emerging discourse the narratives of the hidden Irish the migrant Irish the diaspora whose voices and refrains were hitherto neglected or subject to silence

New Perspectives on Irish English Bettina Migge, Máire Ní Chiosáin, 2012 This volume brings together current research by international scholars on the varieties of English spoken in Ireland The papers apply contemporary theoretical and methodological approaches and frameworks to a range of topics A number of papers explore the distribution of linguistic features in Irish English including the evolution of linguistic structures in Irish English and linguistic change in progress employing broadly quantitative sociolinguistic approaches Pragmatic features of Irish English are explored through corpus linguistics based analysis The construction of linguistic corpora using written and recorded material form the focus of other papers extending and analyzing the growing range of corpus material available to researchers of varieties of English including diaspora varieties Issues of language and identity in contemporary Ireland are explored in several contributions using both qualitative and quantitative methods The volume will be of interest to linguists generally and to scholars with an interest in varieties of English

Thomas Drew and the Making of Victorian Belfast Sean Farrell, 2023-10-15 In *Thomas Drew and the Making of Victorian Belfast* Farrell analyzes the career of political parson Thomas Drew 1800-70 creator of one of the largest Church of Ireland congregations on the island and leading figure in the Loyal Orange Order Farrell demonstrates how Drew's success stemmed from an adaptive combination of his fierce anti Catholicism and populist Protestant politics the creation of social and spiritual outreach programs that placed Christ Church at the center of west Belfast life and the rapid growth of the northern capital At its core the book highlights the synthetic nature of Drew's appeal to a vital cross class community of Belfast Protestant men and women a fact that underlines both the

success of his ministry and the long term durability of sectarian lines of division in the city and province The dynamics Farrell discusses were also not confined to Ireland and one of the book s central features is the close attention paid to the ways that developments in Belfast were linked to broader Atlantic and imperial contexts Based on a wide array of new and underutilized archival sources Thomas Drew and the Making of Victorian Belfast is the first detailed examination of not only Thomas Drew but also the relationships between anti Catholicism evangelical Protestantism and populist politics in early Victorian Belfast *Ireland, Sweden, and the Great European Migration, 1815-1914* Donald Harman Akenson,2011-08-23 This book is the product of Donald Akenson s decades of research and writing on Irish social history and its relationship to the Irish diaspora it is also the product of a lifetime of trying to figure out where Swedish America actually came from and why These two matters Akenson shows are intimately related Ireland and Sweden each provide a tight case study of a larger phenomenon one that for better or worse shaped the modern world the Great European Diaspora of the true nineteenth century Akenson s book parts company with the great bulk of recent emigration research by employing sharp transnational comparisons and by situating the two case studies in the larger context of the Great European Migration and of what determines the physics of a diaspora no small matter as the concept of diaspora has become central to twenty first century transnational studies He argues against the increasing refusal of mainstream historians to use empirical databases that the history community still has a lot to learn from economic historians and simultaneously that despite the self confidence of their proponents narrow economically based explanations of the Great European Migration leave out many of the most important aspects of the whole complex transaction Akenson believes that culture and economic matters both count and that leaving either one on the margins of explanation yields no valid explanation at all *Exhibiting Irishness* Shahmima Akhtar,2024-07-23 Exhibiting Irishness analyses how exhibitions enabled Irish individuals and groups to work out privately and publicly their politicised existences across two centuries As a cultural history of Irish identity the book considers exhibitions as a formative platform for imagining a host of Irish pasts presents and futures Fair organisers responded to the contexts of famine and poverty migration and diasporic settlement independence movements and partition as well as post colonial nation building My research demonstrates how Irish businesses and labourers the elite organisers of the fairs and successive Irish governments curated Irishness The central malleability of Irish identity on display emerged in tandem with the unfolding of Ireland s political transformation from a colony of the British Empire a migrant community in the United States to a divided Ireland in the form of the Republic and Northern Ireland **Two Irelands Beyond the Sea** Lindsey Flewelling,2018 Uncovers the transnational movement by Ireland s unionists as they worked to maintain the Union during the Home Rule era The book explores the political social religious and Scotch Irish ethnic connections between Irish unionists and the United States as unionists appealed to Americans for support and reacted to Irish nationalism

Coastal Environments in the West of Ireland John B. Roney, Mark Beekey, 2022-11-16 This multi authored study explores how the natural sciences and the humanities together can understand the connections between the natural environment the built environment and the cultural heritage of communities along the west coast of Ireland Knowledge of the sea and marine life and what they mean to humanity is dependent on both scientific study and local knowledge which in turn can lead to a greater commitment to sustainability Until the 1950s there was little government support for scientific research nor an interest in helping fisheries beyond near shore catch Irish fisheries remained small underfunded and had difficulty accessing international markets However as this book shows Ireland's cultural heritage demonstrates a deep appreciation for the coastal environment and a sense of place This is preserved in the Irish language in poetry story and music and in the ways the Irish lived with an often wild coastal topography

Eleanor Smith's Hull House Songs Graham Cassano, Rima Lunin Schultz, Jessica Payette, 2018-11-26 In Eleanor Smith's Hull House Songs The Music of Protest and Hope in Jane Addams's Chicago the authors republish Hull House Songs 1916 together with critical commentary Hull House Songs contains five politically engaged compositions written by the Hull House music educator Eleanor Smith The commentary that accompanies the folio includes an examination of Smith's poetic sources and musical influences a study of Jane Addams's aesthetic theories and a complete history of the arts at Hull House Through this focus upon aesthetic and cultural programs at Hull House the authors identify the external and internalized forces of domination class position racial identity patriarchal disenfranchisement that limited the work of the Hull House women while also recovering the sometimes hidden emancipatory possibilities of their legacy With an afterword by Jocelyn Zelasko

"Blighted Beginnings" Jonathan Bolton, 2010 This book also looks at how authors have persistently used the bildungsroman to complicate and challenge the idealization of the family exposing the divorce ban as symptomatic of an unrealistic notion of domestic inviolability This study concludes with a discussion of the future of the bildungsroman in a country that has transcended many of its formative crises This chapter considers Doyle's A Star Called Henry as a text that inaugurates a new phase in Irish coming of age narratives in which many of the problems of Irish life formerly treated so earnestly and tragically can be a source of play and humor By looking at a comprehensive range of novels by writers like Sean O Faolain Elizabeth Bowen Edna O'Brien and William Trevor as well as lesser known figures like Eimar O'Duffy Francis MacManus and Mary Morrissy *Blighted Beginnings* traces the evolving concerns of Irish writers as they pushed for a greater accommodation of individual freedoms and aspirations **BOOK JACKET** **American Masculinities: A Historical**

Hereafter Vona Groarke, 2024-10 A lyrical portrait of a young Irish woman reinventing herself at the turn of the twentieth century in America Ellen O'Hara was a young immigrant from Ireland at the end of the nineteenth century who with courage and resilience made a life for herself in New York while financially supporting those at home Hereafter is her story told by Vona Groarke her descendant in a beautiful blend of poetry prose and history In July 1882 Ellen O'Hara stepped off a ship from the West of Ireland to begin a new life in New York What she encountered was a world of casual racial prejudice that characterized her as ignorant dirty and feckless the butt of many jokes From the slim range of jobs available to her she like many of her kind found a position as a domestic servant working long hours and living in to save on rent and keep After an unfortunate marriage Ellen determined to win financial security on her own and eventually opened a boarding house where her two children were able to rejoin her Vona Groarke builds this story from historical fact drawing from various archives for evidence of Ellen However she also considers why lives such as Ellen's seem to leave such a light trace in such records and fills in the gaps with memory and empathetic projection Ellen scrappy skeptical and straight talking is the heroine of Hereafter whose resilience animates the story and whose voice shines through with vivid clarity Hereafter is both a compelling account of an incredible figure and a reflection on how one woman's story can speak for more than one life

Memory Ireland Oona Frawley, 2014-05-16 Recent years have seen cultural memory become a significant element in

area studies and the humanities Ireland with its trauma filled history and huge global diaspora presents a fascinating subject for work in this vein This series as a whole seeks to construct a landscape of cultural memory in Ireland looking to map through an examination of various historical moments spaces and cultural forms the ways in which cultural memory shifts over time Volume 3 focuses on the impact of trauma on cultural memory by considering two cruxes the Famine and the Troubles as formative to the study of Irish cultural memory Topics include hunger strikes monuments to the Famine trauma and the politics of memory in the Irish peace process and Ulster Loyalist battles in the twenty first century Gathering the work of leading scholars such as Graham Dawson Richard Kearney Margaret Kelleher David Lloyd and Joseph Valente this collection is an essential contribution to the field of Irish studies *True Stories* Norman Sims, Medill School of Journalism, 2007 Journalism in the twentieth century was marked by the rise of literary journalism Sims traces more than a century of its history examining the cultural connections competing journalistic schools of thought and innovative writers that have given literary journalism its power Seminal examples of the genre provide ample context and background for the study of this style of journalism *The Cambridge History of Ireland: Volume 4, 1880 to the Present* Thomas Bartlett, 2018-02-28 This final volume in the Cambridge History of Ireland covers the period from the 1880s to the present Based on the most recent and innovative scholarship and research the many contributions from experts in their field offer detailed and fresh perspectives on key areas of Irish social economic religious political demographic institutional and cultural history By situating the Irish story or stories as for much of these decades two Irelands are in play in a variety of contexts Irish and Anglo Irish but also European Atlantic and latterly global The result is an insightful interpretation on the emergence and development of Ireland during these often turbulent decades Copiously illustrated with special features on images of the Troubles and on Irish art and sculpture in the twentieth century this volume will undoubtedly be hailed as a landmark publication by the most recent generation of historians of Ireland **Textual Deceptions** Sue Vice, 2014-10-08 No detailed description available for Textual Deceptions *Familia* 2004 Trevor Parkhill, 2004 *Familia* which was first published in 1985 aims to provide informed writing on sources and case studies relating to that area where Irish history and genealogy overlap with mutual benefit Members of the Foundation s Guild receive *Familia* and the Directory of Irish Family History Research as part of the return on their annual subscription **Clout City** Dominic A. Pacyga, 2025-09-09 Unearths the religious and cultural roots of a powerful political machine that empowered some everyday Chicagoans but ruled all of the city for decades In politics clout is essential Too often it determines whether insider access is granted or denied favors are given or withheld and payoffs are made or received But Chicago clout as we know it today is even more potent than that it is the absolute currency of a social cultural and political order that is self reinforcing and self dealing Or at least it was In Clout City award winning historian Dominic A Pacyga reveals how cultural ethnic and religious forces created this distinctive system and ultimately led to its collapse Tracing clout s origins in the Irish Catholic dominated working class neighborhood

of Bridgeport shaped by De La Salle Institute and home to the legendary Daley family Pacyga shows how communal ties can be a force for good and also the deepest wellspring of corruption He maps Chicago s unique politics to its remarkable history from the Great Fire of 1871 through its rise and decline as an industrial center to its emergence as a global city in the early twenty first century With deep research and firsthand experience from a lifetime in the city Pacyga argues that Chicago s politics is understood best as a mixture of cultural and religious influences and more worldly pursuits exploring how both Jewish and Catholic communalism played central roles in the creation and sustenance of the Chicago machine Chicago s politics today aren t as defined by its distinctive brand of clout But they are shaped by clout s decline and the ghost of the machine Pacyga s tour of the city s multilayered past is an indispensable guide to its present and future
