Maximilian Westfield has resurrected his family's company under the controlling eye of the major shareholder his mother. To keep the company he must marry the woman she chooses no matter how inane or spineless. He is resigned to go through with the arranged marriage until he meets a feisty costume designer who will never meet his mother's standards. A stolen kiss spurs his lustful cravings. Once he tastes the spirited beauty's charms he knows he has to find a way to keep her and his company. No other woman will do. The daughter of a powerful British businessman, Teresa Medici, Staffordshire, leads her life as Tess Medici to avoid men out to please her father. Then she meets Maximilian, a sexy uptight CEO. From the moment he unleashes his expert fingers on her skin, she's hooked. His erotic games make her body hum with pleasure. Determined to lure Max out to play, every encounter becomes a game of enticement. But his commitment to his family business and his mother's determination to marry him off makes it impossible to take the relationship public, and Tess refuses to be his guilty little secret. Choices become consequences; their future is on the line, and Max and Tess are running out of time.

**Sinful Games** Shelly Alexander, 2018-10-30

She made the first move so I'm all in and ready to play. Oscar Oz Strong: Sometimes life gets f % ed up. Is it my fault? Usually I might be a literal genius in biochemistry. I might have made the right choice when I let two of my college chess team buddies talk me into putting my brain and my multiple degrees to work in an unexpected way that has made us ridiculously wealthy. I may be the founding partner who developed our full line of wildly successful supercharged pheromone colognes. I might have even been damned smart coming up with the idea to take our multimillion dollar company public. But that doesn't mean I make the most intelligent decisions when it comes to my personal life. For instance, I let my parents push me into marriage right after I finished at Columbia. I should've reminded dear old Mom and Dad that their geekster brainiac son has spent a lot of time at the gym packing on muscle and has learned how to treat a lady both in and out of bed, so I'm smart enough to pick my own woman. But now I married a girl because my parents liked her family's name. A girl who didn't love me but instead loved my trust fund. Now that I think about it, smart people really can be obtuse to the point of idiocy. Which is why falling for my new assistant is not only my biggest f % up but it's also a mistake that could put both of my business partners and our company's future at risk. It's stupid, I know. But then she goes and makes the first move and fierce competitor that I am, I can't help but rise to the challenge. I'm all in and ready to play by her rules. I just don't realize until it's too late that the only rule to the game she wants to play is seductive, steamy, sexy, and so positively sinful.
