**Counseling and Community** Rod Wilson, 2003-04

Traditionally counseling has focused primarily on the individual overlooking the interaction between the community and the individual. Wilson has created a biblically based counseling model that anchors the individual within the community. The result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process. The thesis of this book is tied to the assumption that we need a counseling approach that is community oriented rather than exclusively focused on the individual. When this is the case we will be able to appreciate the biblical emphasis on the people of God. While he prizes a relationship with individuals, God's heart is with a body, a fellowship, a community. Both pastors and private counselors need to reaffirm the priority of community and its power in the healing process.

Rod Wilson, PhD, York University, is President and Professor of Counselling and Psychology at Regent College in Vancouver, B.C., Canada. He is also the author of *Exploring Your Anger and Helping Angry People*. The Social Context of Pastoral Care

George M. Furniss, 1994-01-01. Because their work focuses primarily on the fields of theology and psychology, pastoral caregivers have often neglected to take into account the social forces that affect both the careseeker and the caregiver. In this groundbreaking book, sociologist and chaplain George Furniss introduces them to a third discipline, sociology, to draw upon in their work. Furniss offers an introduction to sociological approaches that are particularly relevant to those in the field. Brief biographical notes about key figures in sociology and a glossary of terms are supplied to assist those who lack extensive background in sociology. **International Perspectives on Pastoral Counseling**

Richard L. Dayringer, 2014-06-03. Gain fresh perspectives on pastoral care and counseling from international experts. This informative book will show you how pastoral care and counseling are viewed and practiced in Africa, India, Korea, Hong Kong, the Philippines, Central America, South America, Germany, and the United Kingdom. You'll find new perspectives on theoretical and practical aspects of pastoral care and counseling as well as fascinating case studies and unique insights on how culture affects this type of ministry. In his Preface, Dr. Howard Clinebell, Professor Emeritus of Pastoral Psychology and Counseling at the Claremont School of Theology, explains the need for this book. In the radically new world of the 21st century, pastoral counselors of all races and ethnic backgrounds will be challenged by a growing need to provide competent help to burdened individuals, couples, families, and communities of different cultural backgrounds and worldviews than their own. *International Perspectives on Pastoral Counseling* gives you an intimate view of counseling models from the United States that are being adapted to the realities of urban Korean life, pastoral care and counseling in African and multicultural contexts, counseling issues arising from urban realities in Pretoria, South Africa, the state of pastoral counseling and the impact of globalization and international markets on pastoral theology in Brazil, care and counseling models from Holland, and the United States that

are being imported for use in Indonesia how the realities of life in Singapore relate to pastoral care and therapeutic conversations the needs of women and the historical development and meaning of pastoral care and counseling in the Philippines the meaning of forgiveness from an intercultural perspective spiritual philosophical and other perspectives on Chinese cultures the pitfalls of individualistic models of pastoral care and counseling in poverty stricken regions of Latin America the unique challenges of delivering care and counseling in Asian Pacific cultures

**The Psychological Anthropology of Wayne Edward Oates** Samuel E. Stephens, 2020-07-24 Theological education has historically placed a strong emphasis on Scripture as the source of principle and practice for ministry However when it comes to the arena of counseling this has largely not been the case Focusing on the significant influence of Wayne Edward Oates 1917 1999 the author seeks to explore how and why the American Protestant church arrived at the place where psychological counseling has become the norm and biblical counseling is treated as novel A detailed study of Oates anthropology which served as the heart of his counseling theory and practice demonstrates that it was shaped and informed by secular concepts values and principles instead of what God has to say about who we are as people what plagues our souls and where we find our true hope and healing This subtle shift from the theological to the therapeutic has contributed to a much broader view from many in the church that counseling is more of a clinical and professional service rather than a personal or pastoral ministry of the Scriptures Through these unsettling warnings and implications the author hopes that the church will see the importance of once again engaging with the God glorifying Christ honoring and Spirit empowering ministry of counseling

**A Practical Handbook for Ministry** Thomas W. **Introduction to Pastoral Counseling** Loren Townsend, 2009-06-01 Grounded in empirical research and richly illustrated with case studies this introduction continues the theoretical practical and theological expansion of Pastoral Care and Counseling Because of increasing cultural diversity and the fact that more training is done outside of seminaries in non seminary related colleges and universities there is fragmentation in the discipline This makes a coherent orientation to pastoral care and counseling as a ministry increasingly difficult To address this confusion author Loren Townsend calls us to readdress basic understandings He also makes the case that pastoral identity can function as a unifying concept
