Military Medical Ethics, Volume 1, **The Principles of Ethics, Vol. 1 of 2** Herbert Spencer, 2015-06-24 Excerpt from The Principles of Ethics Vol 1 of 2 The divisions of which this work consists have been published in an irregular manner Part I was issued in 1879 Part IV in 1891 Parts II and III forming along with Part I the first volume were issued in 1892 and Parts V and VI concluding the second volume were along with Part IV issued in 1893 The reasons for this seemingly eccentric order of publication primarily caused by ill health will be found stated in the respective prefaces of the parts and the volumes as originally published but as the contained explanations are no longer needed I now suppress them with the exception of the first which has a permanent significance It was there said that the establishment of rules of conduct on a scientific basis is a pressing need Now that moral injunctions are losing the authority given by their supposed sacred origin the secularization of morals is becoming imperative Those who reject the current creed appear to assume that the controlling agency furnished by it may safely be thrown aside those who defend the current creed allege that in the absence of the guidance it yields no guidance can exist divine commandments they think the only possible guides Dissenting from both of these beliefs my primary purpose has been to show that apart from any supposed supernatural basis the principles of Ethics have a natural basis In the two volumes

which here follow this natural basis is set forth and its corollaries elaborated About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The**
