Prison and Plantation Michael S. Hindus,1980 **Prison and Plantation** Michael S. Hindus,2017-11-01 This broad comparative study examines the social economic and legal contexts of crime and authority in two vastly different states over a one hundred year period Massachusetts an urban industrial and heterogeneous northern state chose the penitentiary in its attempt to minimize the role of informal and extralegal authority while South Carolina a rural southern slave state systematically reduced its formal legal institutions frequently relying on vigilantism A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value **Prison and Plantation** Michael Stephen Hindus,1993 **Prison Life Writing** Simon Rolston,2021-06-30 Prison Life Writing is the first full length study of one of the most controversial genres in American literature By exploring the complicated relationship between life writing and institutional power this book reveals the overlooked aesthetic innovations of incarcerated people and the surprising literary roots of the U S prison system Simon Rolston observes that the autobiographical work of incarcerated people is based on a conversion narrative a story arc that underpins the concept of prison rehabilitation and that sometimes serves the interests of the prison system rather than those on the inside Yet many imprisoned people rework the conversion narrative the way they repurpose other objects in prison Like a radio motor retooled into a tattoo gun the conversion narrative has been redefined by some authors for subversive purposes including questioning the ostensible emancipatory role of prison writing critiquing white supremacy and broadly reimagining autobiographical discourse An interdisciplinary work that brings life writing scholarship into conversation with prison studies and law and literature studies Prison Life Writing theorizes how life writing works in prison explains literature s complicated entanglements with institutional power and demonstrates the political and aesthetic innovations of one of America s most fascinating literary genres [Encyclopedia of Prisons and Correctional Facilities](#) Mary Bosworth,2004-12-15 Click Additional Materials for downloadable samples The two volume Encyclopedia of Prisons and Correctional Facilities aims to provide a critical overview of penal institutions within a historical and contemporary framework The United States has the highest incarceration rate in the world a fact that has caused lawmakers advocates and legal professionals to rethink punishment policies as well as develop new policies on prisoner education and rehabilitation Issues of race gender and class are fully integrated throughout in order to demonstrate the complexity of the implementation and intended results of incarceration The Encyclopedia contains biographies articles describing important legal statutes and detailed and authoritative descriptions of the major prisons in the United States Comparative data and examples are employed to analyze the American system within an international context The Encyclopedia s 400 entries are all written by recognized authorities The appendix contains a comprehensive listing of every

American Prisons David Musick, Kristine Gunsaulus-Musick, 2017-05-18 Imprisonment has become big business in the United States Using a history of ideas approach this book examines the cultural underpinnings of prisons in the United States and explores how shared ideas about imprisonment evolve into a complex loosely connected nationwide system of prisons that keeps enough persons to populate a small nation behind bars razor wire and electrified fences Tracing both the history of the prison and the very idea of imprisonment in the United States this book provides students with a critical overview of American prisons and considers their past their present and directions for the future Topics covered include a history of imprisonment in America from 1600 to the present day the twentieth century prison building binge the relationship between U S prisons and the private sector a critical account of capital punishment less visible prison minorities including women children and the elderly and sex violence and disease in prison This comprehensive book is essential reading for advanced courses on corrections and correctional management and offers a compelling and provocative analysis of the realities of American penal culture from past to present It is perfect reading for students of criminal justice corrections penology and the sociology of punishment

Slaves of the State Dennis Childs, 2015-02-27 The Thirteenth Amendment to the United States Constitution passed in 1865 has long been viewed as a definitive break with the nation s past by abolishing slavery and ushering in an inexorable march toward black freedom Slaves of the State presents a stunning counterhistory to this linear narrative of racial social and legal progress in America Dennis Childs argues that the incarceration of black people and other historically repressed groups in chain gangs peon camps prison plantations and penitentiaries represents a ghostly perpetuation of chattel slavery He exposes how the Thirteenth Amendment s exception clause allowing for enslavement as punishment for a crime has inaugurated forms of racial capitalist misogynist incarceration that serve as haunting returns of conditions Africans endured in the barracoons and slave ship holds of the Middle Passage on plantations and in chattel slavery Childs seeks out the historically muted voices of those entombed within terrorizing spaces such as the chain gang rolling cage and the modern solitary confinement cell engaging the writings of Toni Morrison and Chester Himes as well as a broad range of archival materials including landmark court cases prison songs and testimonies reaching back to the birth of modern slave plantations such as Louisiana s Angola penitentiary Slaves of the State paves the way for a new understanding of chattel slavery as a continuing social reality of U S empire one resting at the very foundation of today s prison industrial complex that now holds more than 2 3 million people within the country s jails prisons and immigrant detention centers

Neoliberalism Economic Policy and the Collapse of the Public Sector Lionel D. Lyles PhD.,2018-07-13 My book demonstrates how classical liberalism was the foundation upon which Thomas Jefferson George Washington Alexander Hamilton and others wrote the Declaration of Independence Constitution and the Bills of Rights however it was rolled back by 1980 and replaced with neoliberalism which was championed by the Reagan Administration In short this ideology has one main aim and that is to shrink government cut the budgets of social programs and give away billions of taxpayer dollars to private business in the form of tax breaks During the Jindal administration and by the end of its first term more than 7 billion worth of tax breaks had been given away to private business A surplus of 1 billion left in the Louisiana treasury by outgoing governor Kathleen Blanco after Hurricane Katrina was given away by the end of the first two months of its first term Today the Louisiana legislature is currently facing a 650 million fiscal cliff and no doubt more budget cuts are in store for the Louisiana public sector [Appendix to the Journal of the House of the Representatives](#) New Zealand. state of Georgia began to make its rapidly growing population of prisoners available for hire The resulting convict leasing
system ensnared not only men but also African American women who were forced to labor in camps and factories to make
profits for private investors In this vivid work of history Talitha L LeFlouria draws from a rich array of primary sources to
piece together the stories of these women recounting what they endured in Georgia s prison system and what their labor
accomplished LeFlouria argues that African American women s presence within the convict lease and chain gang systems of
Georgia helped to modernize the South by creating a new and dynamic set of skills for black women At the same time female
inmates struggled to resist physical and sexual exploitation and to preserve their human dignity within a hostile climate of
terror This revealing history redefines the social context of black women s lives and labor in the New South and allows their
stories to be told for the first time
