Payne,2025-03-12 Is there a unifying key that enables Christians to interpret the Bible and see the guiding hand of God in history Professor William Payne says there is He calls it the missional hermeneutic It is a grand design Design implies a designer Others call it the mission of God Always and forever God is pursuing his plan Payne contends that the Scriptures and human history show God s purposes illuminate his unfolding plan and point to his end goal This book unpacks the missional hermeneutic and teaches readers how to apply it to Bible interpretation and historical analysis For example his lengthy chapter on Acts masterfully uncovers how God and the heavenly powers interacted as the church took the gospel from Jerusalem to the heart of the Roman Empire per God s directions Other chapters show how God messages history and works through it to accomplish his will Payne calls it seeing God s footprints In short this book shows you how to grasp the big picture and align yourself with God s work Woman's Record; or, sketches of all distinguished women from the
