Palmer, 2008 The relationships between tourism and royalty have received little coverage in the tourism literature This volume provides a critical exploration of the relationships between royalty and tourism past present and future from a range of disciplinary perspectives **Design and Agency** John Potvin, Marie-Ève Marchand, 2020-05-14 Design and Agency brings together leading international design scholars and practitioners to address the concept of agency in relation to objects organisations and people The authors set out to expand the scope of design history and practice avoiding the heroic narratives of a typical modernist approach They consider both how the agents of design construct and express their identities and subjectivities through practice while also investigating the distinctive contribution of design in the construction of individual identity and subjectivity Individual chapters explore notions of agency in a range of design disciplines and historical periods including the agency of women in effecting changes to the design of offices and working practices the role of Jeffrey Lindsay and Buckminster Fuller in developing the design of a geodesic dome Le Corbusier's Casa Curutchet a re consideration of the gendered historiography of the Jugendstil movement and Bruce Mau's design exhibitions Taken together the essays in Design and Agency provide a much needed response to the traditional texts which dominate design history With a broad chronological span from 1900 to the present and an equally broad understanding of the term design it expands how we view the discipline and shows how design itself can be an agent for social cultural and economic change Shadows Anna Haebich, 2018 Dancing in Shadows explores the power of Indigenous performance pitted against the forces of settler colonisation Historian Anna Haebich documents how the Nyungar people of Western Australia strategically and courageously adapted their rich performance culture to survive the catastrophe that engulfed them and continue to generously share their culture history and language in theatre In public corroborees they performed their sovereignty to the colonists and in community only gatherings they danced and sang to bring forth resilience and spiritual healing Pushed away by the colonists and denied their culture and lands they continued to live and perform in the shadows over the years in combinations of the old and the new including indigenised settler songs and dances Nyungar people survived and they now number around 40 000 people and constitute the largest Aboriginal nation in the Australian settler state The ancient family lineages live in city suburbs and country towns and they continue to perform to celebrate their ancestors and to strengthen community well being by being together Dancing in Shadows sheds light on the little known history of Nyungar performance Subject Theatre Studies Sociology History Australian History Aboriginal Studies **Sources and Methods in Histories of** Colonialism Kirsty Reid, Fiona Paisley, 2017-03-27 This book facilitates a deeper understanding of the challenges of working with a range of specific source genres within imperial and colonial archives Drawing material from a range of modern

empires from the late 18th century to the present day chapters consider the ways in which newer ways of thinking about the past have challenged more traditional views of the archive provoking questions about what archives are and where their conceptual geographical and chronological boundaries lie Examining a wide selection of source material including government papers censuses petitions and case files this book will be essential reading for students of imperial and colonial Roots of Entanglement Myra Rutherdale, Kerry Abel, P. Whitney Lackenbauer, 2018-01-31 Roots of Entanglement offers an historical exploration of the relationships between Indigenous peoples and European newcomers in the territory that would become Canada Various engagements between Indigenous peoples and the state are emphasized and questions are raised about the ways in which the past has been perceived and how those perceptions have shaped identity and in turn interaction both past and present Specific topics such as land resources treaties laws policies and cultural politics are explored through a range of perspectives that reflect state of the art research in the field of Indigenous history Editors Myra Rutherdale Whitney Lackenbauer and Kerry Abel have assembled an array of top scholars including luminaries such as Keith Carlson Bill Waiser Skip Ray and Ken Coates Roots of Entanglement is a direct response to the Truth and Reconciliation Commission's call for a better appreciation of the complexities of history in the relationship between Indigenous and non Indigenous peoples in Canada The Ouebec Conference of 1864 Eugénie Brouillet, Alain-G. Gagnon, Guy Laforest, 2018-12-30 Like all major events in Canadian history the Quebec Conference of 1864 an important step on Canada's road to Confederation deserves to be discussed and better understood Efforts to revitalize historical memory must take a multidisciplinary and multicultural approach The Quebec Conference of 1864 expresses a renewed historical interest over the last two decades in both the Quebec Canada constitutional trajectory and the study of federalism Contributors from a variety of disciplines argue that a more grounded understanding of the 72 Quebec Resolutions of 1864 is key to interpreting the internal architecture of the contemporary constitutional apparatus in Canada and a new interpretation is crucial to appraise the progress made over the 150 years since the institution of federalism The second volume in a series that began with The Constitutions That Shaped Us A Historical Anthology of Pre 1867 Canadian Constitutions this book reveals a society in constant transition as well as the presence of national projects that live in tension with the Canadian federation A Resilient Crown D. Michael Jackson, Christopher McCreery, 2022-08-30 As the Queen marks seventy years on the throne this engaging work examines Canada's constitutional monarchy As Queen Elizabeth II celebrates her Platinum Jubilee in 2022 and nears the conclusion of her reign much discussion and debate has taken place about the monarchy in Canada A Resilient Crown examines a broad range of issues related to Canada's constitutional monarchy its present state and its future Topics include Crown Indigenous relations the foundational place of the Crown in Canada's system of government the viceregal offices and the role of the administrator the Crown and francophone Canada the prime ministers and the Queen royal tours and Queen Elizabeth herself Drawing from academics serving and retired

public servants and well known commentators this book brings together a rich collection of essays that delve into the Crown in Canada today Lord Dufferin, Ireland and the British Empire, c. 1820-1900 Annie Tindley, 2021-03-29 This book explores the life and career of Frederick Temple Hamilton Temple Blackwood 1st Marguess of Dufferin and Ava 1826 1902 Dufferin was a landowner in Ulster an urbane diplomat literary sensation courtier politician colonial governor collector son husband and father The book draws on episodes from Dufferin's career to link the landowning and aristocratic culture he was born into with his experience of governing across the British Empire in Canada Egypt Syria and India This book argues that there was a defined conception of aristocratic governance and purpose that infused the political and imperial world and was based on two elements the inheritance and management of a landed estate and a well defined sense of rule by the best It identifies a particular kind of atmosphere of empire and aristocracy one that was riven with tensions and angst as those who saw themselves as the hereditary leaders of Britain and Ireland were challenged by a rising democracy and in Ireland by a powerful new definition of what Irishness was It offers a new perspective on both empire and aristocracy in the nineteenth century and will appeal to a broad scholarly audience and the wider public The Canadian Kingdom D. Michael Jackson, 2018-04-14 An integral part of Canada's political culture the constitutional monarchy has evolved over the 150 years since Confederation to become a uniquely Canadian institution Canada inherited the constitutional monarchy from Britain even before Confederation in 1867 In the 150 years since then the Crown has shaped and been shaped by Canada s achievement of independence its robust federalism the unique identity of Quebec and its relationship with Indigenous peoples What has this Canadian Crown contributed to the Canada of the twenty first century How is this historic yet resilient institution perceived today The essays in this book respond to these questions from a variety of perspectives encompassing the arts the role of the vice regal representatives the Indigenous peoples and the contemporary position of the monarch In discussing whether there is a distinctly Canadian monarchy the authors look beyond Canada's borders too and explore how Canada s development has influenced other Commonwealth realms The Strange Demise of British Canada C. P. Champion, 2010 Did Canada come of age in the 1960s or does it remain a British country **Canadian Book Review Annual** ,2007 Canada . People, State, and War under the French Regime in Canada Louise Dechêne, 2021-07-15 Covering a period that runs from the founding of the colony in the early seventeenth century to the conquest of 1760 People State and War under the French Regime in Canada is a study of colonial warriors and warfare that examines the exercise of state military power and its effects on ordinary people Overturning the tendency to glorify the military feats of New France and exploding the rosy myth of a tax free colonial population Louise Dech ne challenges the stereotype of the fighting prowess and military enthusiasm of the colony s inhabitants She reveals the profound incidence of social divides the hardship war created for those expected to serve and the state s demands on the civilian population in the form of forced labour requisitions and billeting of soldiers Originally published posthumously in French People State and War under the French

Regime in Canada is the culmination of a lifetime of research and unparalleled knowledge of the archival record including official correspondence memoirs military campaign journals taxation records and local parish records Dech ne reconstructs the variegated composition and conditions of military forces in New France which included militia colonial volunteers and regular troops as well as Indigenous allies The study offers an informed and ambitious comparison between France and other French colonies and shows that the mobilization of an unpaid compulsory militia in New France greatly exceeded requirements in other parts of the French domain With empathy sensitivity to the social dimensions of life and a piercing insight into the operations of power Dech ne portrays the colonial condition with its rightful dose of danger and ambiguity Her work underlines the severe toll that warfare takes on the individual and on society and the persistent deprivation disorder fear and death that come with conflict
