New Testament Questions Of Today:

New Testament Questions of Today Ernst Käsemann, 1979 *40 Questions About the Apostle Paul* Miguel G. Ecevarría, 2023-10-10 What can we know about the apostle Paul and what difference does it make Paul of Tarsus was an undeniably forceful presence in the early Christian church instructing fledgling congregations of believers throughout the Mediterranean in person and by letter and authoring about half of the New Testament in the process But who was this powerful personality And how can students most benefit from the extensive studies on Paul available today New Testament scholars Miguel Echevarria and Benjamin Laird provide an invaluable foundation for students beginning their investigations into the apostle Paul Paul's theology and Pauline studies addressing orienting questions such as these What do we know about Paul's family How did Paul's companions assist in the composition and distribution of his letters Did Paul think his letters were authoritative Scripture Is there a center to Paul's theology What is Paul's Christology What are the strengths and weaknesses of the New Perspective on Paul Does Paul address slavery and racial division Through its question and answer format *40 Questions about the Apostle Paul* provides a succinct introduction and entryway to more advanced study of Paul and the Pauline letter corpus Additional resources are available at 40questions.net [New Testament Interpretation I](#). Howard Marshall, 2006-10-01 These eighteen pieces have been commissioned to provide a succinct yet comprehensive guide to the best of recent evangelical thinking about how the New Testament is to be interpreted so that it may speak most clearly to today's world The need for such a handbook can be felt more keenly as on the one side a secularized world dismisses the biblical faith as outmoded unworkable and unsatisfying and on the other numerous Christian communities committed to taking that faith with ultimate seriousness are driven by controversies about how to read and understand the Bible Following the editor's introduction in which I Howard Marshall examines a familiar New Testament passage in order to exemplify the problems and rewards that await the careful interpreter the essays are arranged under four headings beginning with overviews of the history of New Testament study and the role of the interpreter's presuppositions in this enterprise then going on to discuss the various critical tools the methods of exegesis and the application of the New Testament to the faith and life of the contemporary reader An annotated bibliography concludes the presentation Because the issues involved here have too often been ignored in many quarters more than one approach to or opinion about a given matter may surface in these essays yet undergirding this diversity is the author's shared conviction as conservative evangelicals with a high regard for the authority of Holy Scripture that we are called upon to study the Bible with the full use of our minds As the editor writes The passages which we interpret must be the means through which God speaks to men and women today Our belief in the inspiration of the Bible is thus a testimony that New Testament exegesis is not just a problem it is a real possibility God can and does speak to men through even the most ignorant of expositors of his Word At the same time he calls us on to devote ourselves to his Word and use every resource to make its message the more clear *Paul, Theologian of God's*

Apocalypse Martinus C. de Boer, 2020-05-13 This collection of essays argues that Paul's articulation of Christ and his saving work makes use of the categories and perspectives of ancient Jewish apocalyptic eschatology. Such eschatology is concerned with the expectation that God will finally and irrevocably put an end to the present order of reality, this age, and replace it with a new, transformed order of reality, the age to come. In Paul's view, God has initiated this eschatological act of cosmic rectification in the person and work of Christ. The essays included, two of them previously unpublished, investigate and illuminate various aspects of Paul's christologically focused appropriation of ancient Jewish apocalyptic eschatology, particularly in his letters to the Galatians and the Romans. The collection begins with the author's seminal essay on the two tracks of Jewish apocalyptic eschatology: forensic and cosmological, from 1989 and ends with an essay from 2016 containing the author's retrospective restatement and elaboration of his views. Theological Diversity and the Authority of the Old Testament John Goldingay, 1987 In this book John Goldingay examines how the diverse viewpoints reflected in the Old Testament may be acknowledged, interrelated, and allowed to function theologically. In doing so, he analyzes as well as synthesizes, treating both the biblical text and scholarly interpretations of it. Book jacket What are They Saying about New Testament Apocalyptic? Scott M. Lewis, 2004 Scott Lewis begins his volume focusing on New Testament apocalyptic with Albert Schweitzer's famous 19th-century book *The Quest for the Historical Jesus*, which concludes that both the worldview and the message of Jesus were thoroughly apocalyptic. And he brings us to the present with the heated debates generated by the historical Jesus research of the last 20 years and the rebirth of apocalyptic fervor at the beginning of the new millennium. The book focuses on five areas: 1. the attempts since Schweitzer to define the apocalypse genre and its constituent eschatology and theology; 2. the debate over the question concerning the nature of Jesus' teaching and proclamation and whether the apocalyptic statements attributed to him are genuine or products of the early church; 3. the apocalyptic nature of Paul's proclamation and the central role it plays in his moral exhortation, ecclesiology, and spirituality; 4. the nature of the message of the Book of Revelation and the different approaches to its interpretation; 5. the application of apocalyptic theology and eschatology to the life of the church in the form of preaching, ethics, spirituality, and social justice; and 6. a concluding reflection. A special concern of the book is the reappropriation of the apocalyptic tradition by the modern church in a manner that avoids the many misuses of this genre in the past. To this end, it is most important that apocalyptic theology be recognized for what it is: a theology of hope rather than a theology of fear. **Jew Among Jews** Kimberly Ambrose, 2015-11-17 Misunderstanding of Paul had started already in his lifetime, and his letters offer many examples of this. Throughout the centuries, Paul has continued to be misunderstood by both Jews and Gentiles, especially in relation to his view of the law and the covenant. Paul has often been misunderstood because his form of argument, his use of Scripture, his view of Jews and Gentiles in Christ, especially of those Jews who were not convinced that Jesus was Messiah, and his view of what constitutes true Judaism, do not seem to conform to our expectations and perceptions of the apostle. We have been

accustomed to read his letters as of one who was emancipating people from Judaism as one who sought to obliterate all ethnic and other distinctions rather than maintaining the identity of Jews and Gentiles even in Christ By building on some of the insights of the New Perspective and developing other more recent insights as well a more consistent and credible Paul as a first century Diaspora Jew organizing a mission to Gentiles will be presented

The Philosophy of Christology Hue Woodson, 2022-01-31 Given the perpetual problem of the historical Jesus there remains an ongoing posing of the question to and a continuous seeking of the meaningfulness of Christology From the earliest reckoning with the relationship between Jesus of Nazareth and the Christ of faith what it means to do Christology today remains at the methodological center of the task and scope of every systematic theology Whether giving an account of Albert Schweitzer's bringing an end to the quest for the historical Jesus in 1906 or attending to Rudolf Bultmann's period of no quest culminating with his demythologization project in the 1940s how we still think of Christology as a matter of questions and concerns with meaning speaks to an unavoidable philosophizing of Christology In this way The Philosophy of Christology offers both a particular history of Christology in conjunction with a particular philosophy of Christology which assesses the theological contributions by a group of Bultmannians following Bultmann in the 1950s and 1960s up to what can be reimaged by repurposing Jacques Derrida's philosophical question into the meaning of love in 2002

Paul and the Gift John M. G. Barclay, 2017-09-11 John Barclay explores Pauline theology anew from the perspective of grace Arguing that Paul's theology of grace is best approached in light of ancient notions of gift Barclay describes Paul's relationship to Judaism in a fresh way Barclay focuses on divine gift giving which for Paul he says is focused and fulfilled in the gift of Christ He both offers a new appraisal of Paul's theology of the Christ event as gift as it comes to expression in Galatians and Romans and presents a nuanced and detailed consideration of the history of reception of Paul including Augustine Luther Calvin and Barth

An Anomalous Jew Bird, 2016 Lively well informed portrait of the complex figure who was the apostle Paul Though Paul is often lauded as the first great Christian theologian and a champion for Gentile inclusion in the church in his own time he was universally regarded as a strange and controversial person In this book Pauline scholar Michael Bird explains why An Anomalous Jew presents the figure of Paul in all his complexity with his blend of common and controversial Jewish beliefs and a faith in Christ that brought him into conflict with the socio religious scene around him Bird elucidates how the apostle Paul was variously perceived as a religious deviant by Jews as a divisive figure by Jewish Christians as a purveyor of dubious philosophy by Greeks and as a dangerous troublemaker by the Romans Readers of this book will better understand the truly anomalous shape of Paul's thinking and worldview

The People of God Paul Basden, David S. Dockery, 2009-08-01 The term Believers Church refers to those who regard the church as the fellowship of regenerate followers of Jesus Christ Membership in these churches is founded on a voluntary confession of Jesus as Lord Each member has access to God in worship and prayer and accepts responsibility for carrying the gospel to the world The Word of God serves as the final

authority in all matters of faith and practice Written by capable thinkers in the Believers Church tradition The People of God addresses key issues in the area of ecclesiology The contributions represent a wide variety of mature theological reflection Exploring these ecclesiological concerns from a theological biblical historical and contemporary perspective these essays reflect the unity and diversity of the Believers Church heritage

Paul the Apostle Johan Christiaan Beker, With a new preface by the author this book posits two pillars as the foundations of Paul's thought 1 the interaction between coherence and contingency in Paul's interpretation of the gospel and 2 the apocalyptic character of his gospel *Understanding the Fourth Gospel* John Ashton, 2007-04-27 In this fully revised new edition of a pioneering study of John's gospel John Ashton explores fresh topics and takes account of the latest scholarly debates Ashton argues first that the thought world of the gospel is Jewish not Greek and secondly that the text is many layered not simple and composed over an extended period as the evangelist responded to the changing situation of the community he was addressing Ashton seeks to provide new and coherent answers to what Rudolf Bultmann called the two great riddles of the gospel its position in the development of Christian thought and its central or governing idea In arguing that the first of these should be concerned rather with Jewish thought Ashton offers a partial answer to the most important and fascinating of all the questions confronted by New Testament scholarship how did Christianity emerge from Judaism Bultmann's second riddle is exegetical and concerns the message of the book Ashton's answer highlights a generally neglected feature of the gospel's concept of revelation its debt to Jewish apocalyptic

Synoptic Problems John S. Kloppenborg, 2014-07-02 This volume contains a collection of twenty one essays of John S. Kloppenborg with four foci conceptual and methodological issues in the Synoptic Problem the Sayings Gospel Q the Gospel of Mark and the Parables of Jesus Kloppenborg a major contributor to the Synoptic Problem is especially interested in how one constructs synoptic hypotheses always aware of the many gaps in our knowledge the presence of competing hypotheses and the theological and historical entailments in any given hypothesis Common to the essays in the remaining three sections is the insistence that the literature thought and practices of the early Jesus movement must be treated with a deep awareness of their social literary and intellectual contexts The context of the early Jesus movement is illumined not simply by resort to the literary and historical sources produced by Greek and Roman elites but more importantly by data gathered from documentary sources available in non literary papyri

Forensic Apocalyptic Theology Shannon Nicole Smythe, 2016-06-03 Concerned by the ever widening chasm between Paul and Reformation theology Forensic Apocalyptic Theology is a thorough and innovative examination of the mature work of Karl Barth in relationship to the question of Paul and the Protestant doctrine of justification Shannon Nicole Smythe argues that the basis of Barth's revised doctrine of justification is located in his mature Christology which is both deeply apocalyptic and thoroughly forensic Closely analyzing not only the relationship of the early Barth's theological exegesis of Romans but also his later exegetical work and

doctrinal construction of justification as well as its interrelated topics in the Church Dogmatics Smythe discovers in Barth what she terms a forensic apocalyptic approach which allows him to formulate a doctrine of justification with stronger ties not only to the Reformation doctrine but also to Pauline apocalyptic The result is that Barth's doctrine of justification is not susceptible to the same criticisms commonly brought against a judicial forensic reading while his soteriology becomes more consistently forensic than that of the Reformation and points toward a different approach to the relationship between justification in Paul and the Protestant doctrine

Qumranica Minora I Florentino García Martínez, 2007-05-31 *Qumranica Minora I* Qumran Origins and Apocalypticism brings together the author's much discussed articles on the so called Groningen Hypothesis an hypothesis about the origins of the Qumran Community in relation to the parent Essene movement and Palestinian apocalyptic movements as well as a selection of his most important essays on Early Jewish and Qumran apocalypticism The third part of the book consists of surveys of the history of research on the Dead Sea Scrolls The volume includes English translations of essays that were originally written in Spanish and French

Language, Hermeneutic, and History James M. Robinson, 2008-01-01 James M Robinson together with John B Cobb published a series of three volumes entitled *New Frontiers in Theology* The Later Heidegger and Theology 1963 The New Hermeneutic 1964 and Theology as History 1967 Here they introduced the new directions that Continental theology was taking after the break caused by the Nazi period and World War II In each volume it was Robinson's assignment to write an extensive introduction of the new direction The German Discussion of the Later Heidegger Hermeneutic since Barth and Revelation as Word and as History Then others contributed essays These three seminar introductions are here brought together in a single volume which thus is the basic tool for getting into the Continental theology of the second half of the twentieth century

Living in the Flesh by the Spirit Brian H. Thomas, 2020-02-05 What does Paul mean by the flesh There is a great deal of confusion among laymen and disagreement among scholars on this issue Christians know that we are supposed to walk by the Spirit so that they will not gratify the desires of the flesh but it is not entirely clear what these expressions mean Furthermore Paul can also be confusing when he addresses the Christian's relationship to the flesh are we in the flesh or not This book clarifies these issues for us by exploring the different meanings of flesh throughout the Bible and analyzing the influence both of Old Testament conceptions of flesh as well as new salvation historical realities on Paul's thinking especially in the context of the controversy over circumcision in Galatians By carefully following Paul's thought we will also gain greater insight into other Pauline themes that intersect with his theology of the flesh new creation and his view of this age and the one to come Most importantly we will discover Paul's own program for our spiritual transformation so that we may live a life of Christlike love and service despite the moral weakness of our flesh

Dying and Deliverance Gary E. Giththvedt, 2015-12-30 The purpose of this book is a search for understanding of Paul's witness about the distinction between the Word of God as Law and the Word of God as Gospel To some this may sound strange But the Letter to the Galatians direct from the Apostle to one of the

churches he founded manifests the tension between law and gospel along with their respective functions and unique purposes in the life of the church. The tension comes to light in Galatians 2:19. Paul preaches the tension's result cast in terms of dying in relation to one side of the tension, law, and living in relation to the other, gospel. The Apostle's instruction responded to the conflicted life of the Galatian church. Now his message about the supremacy of God's redemptive act in the crucified Christ comes to us in our own time and throughout our own conflicted journey. Paul's message is a word on target for people whose religious struggle is at bottom theological and spiritual. This is the focal point of the book *Dying and Deliverance*. Grace and peace to you in your study and most of all deliverance.
