Introduction to Political Thought

Ancient thought

In the epoch that began with the philosophical movements which are expressed in the mystical texts known as Upanisads and culminated in the regime of the emperor Asoka, whose rule extended over all but southernmost India, the dimensions of Indian social thought were established. During these formative centuries, roughly from the seventh to the middle of the third century B.C., new modes of economic production, the incorporation of indigenous peoples into the Aryan community, and other social changes rendered the old agencies of integration inadequate; with many of the certainties of life dissolving and new social relationships demanding new justifications, men were faced with the need to re-examine basic values and institutions. A variety of ideas about the nature and destiny of human life began to challenge traditional religious conceptions.

Cosmology

Discussion of a system of political beliefs and speculations requires a general understanding of the symbolic forms in terms of which reality is comprehended by a people. Men reveal reality to themselves through particular ways of seeing, which discriminate objects and events from the whole in which they are embedded. Observation is purposive behavior, and in the first stages
