Our Unknown, Undeserved, Preplanned Journey Jan Gingrich,2020-01-30 Life is often

referred to as a journey Without a doubt every person who uses that analogy does so from at least a different perspective and likely a different reason Sometimes it is because they have found life hard and the term journey represents the struggle and its length they have experienced There is some of that factor in our so titling the book Other times it is used to express finding life delivering beyond their expectations and the experience took them where they never imagined going There is that factor in our so titling the book also Sometimes it is because life seems mundane repetitious and they feel caught in its cycle There is nothing of that in our book There is a poem called Footprints in the Sand by Mary Fishback Powers that illustrates the caring hand of God she experienced in hard times of life when she saw only one set of prints Too often that is all we look for help in the parts of life s journey we think we need help with True we should look for that but the promise of God to his children is I will never leave nor forsake you good or hard times This book was written to demonstrate the truth and reality of that promise made over 200 times in various wordings of the Bible This book was written no had to be written so every child of God is alertly looking for what God is doing for them every day in ways they have not considered before Then experience the amazement of realizing their Journey has been part of the Creator s plan from the beginning who works all things according to his good and perfect will so that they can know purpose and blessing in life and not just an aimless Journey *Selected Poems of Mona Van Duyn* Mona Van Duyn, 2008-12-30 This generous selection of Mona Van Duyn s distinguished award winning work spans four decades Beginning with her classic Valentines to the Wide World 1959 encompassing the intimate voice of Bedtime Stories 1972 and the moving Letters from a Father 1982 crowned by the life spanning Firefall 1993 Selected Poems reacquaints us with a poet whose ear is keenly tuned to the music of nature and human conversation In lively and varied forms from her minimalist sonnets to her magisterial longer pieces Van Duyn captures a multiplicity of worlds within her world in a tone inflected by both Midwestern pragmatism and a deep metaphysical intelligence As she contemplates the act of reading in bed a Rhenish sculpture in the Cloisters or the loss of her mother the poet goes beyond context to discover consciousness an expression of the larger ideas and emotions finally the art in the smallest details of our lives *Field & Stream*, 2008-08 FIELD STREAM America s largest outdoor sports magazine celebrates the outdoor experience with great stories compelling photography and sound advice while honoring the traditions hunters and fishermen have passed down for generations Woof!
