Preach The Word A Pentecostal Approach

Keith Warrington

Preach The Word A Pentecostal Approach:

Preach the Word Aldwin Ragoonath, 2004 **Pentecostal Theology** Keith Warrington, 2008-10-07 An introduction to the subject of Pentecostal theology by a leading scholar in the field **Joseph Smale** Tim Welch, 2014-02-01 Joseph Smale 1867-1926 was one of the central figures involved in the chain of events leading to the 1906 Azusa Street Revival in Los Angeles. This important study presents the diverse influences which impacted Smale's formative years in Britain growing up in Cornwall and Somerset amid a rhythm of Wesleyan revival. Reformed theological training under the tutelage of C. H. Spurgeon in London, migration to the United States plus hard experiences in the school of anxiety which were all precursors for Smale's influential role as champion of Pentecostal revival. Smale's leadership will resonate with every church leader who prays for revival and longs for more Holy Spirit power. Experimentally Smale's Moses designation and biography have profound relevance for the church in the present day. *The Routledge Handbook of Pentecostal Theology* Wolfgang Vondey, 2020-03-31 Research on Pentecostal and Charismatic Christianity has increased dramatically in recent decades and a diverse array of disciplines have begun to address a range of elements of these movements. Yet there exists very little understanding of Pentecostal theology and it is not uncommon to encounter stereotypes and misperceptions. Addressing this gap in current research, *The Routledge Handbook of Pentecostal Theology* is an exceptional reference source to the key topics, challenges and debates in this growing field of study and is the first collection of its kind to offer a comprehensive presentation and critical discussion of this subject. Comprising over forty chapters written by a team of international contributors, the Handbook is divided into five parts: Contextualizing Pentecostal Theology, Sources, Theological Method, Doctrines and Practices, Conversations and Challenges. These sections take the reader through a comprehensive introduction to what Pentecostals believe and how they practice their faith. Looking at issues such as the core teachings of Pentecostalism concerning Spirit baptism, divine healing or eschatology, unique practices such as spiritual warfare and worship, and less discussed issues such as social justice and gender, each chapter builds towards a nuanced and global picture of the theology of the Pentecostal movement. *The Routledge Handbook of Pentecostal Theology* is essential reading for students and researchers in Pentecostal Studies, World Christianity and Theology, as well as scholars working in contemporary Religious Studies. **The Mediation of the Spirit** Mark J. Cartledge, 2015-07-22 How might a distinctively Pentecostal and charismatic theological perspective inform and enrich the discourse of academic practical theology? In order to address that question, Mark Cartledge in this book probes the relationship between Scripture, experience and the Holy Spirit by means of the concept of mediation: that is, how the divine is experienced in the world. An expert in both Pentecostal theology and practical theology, Cartledge offers a unique intervention into practical theology through the lens of the Holy Spirit. He presents an original reading of Pentecost and the Spirit reception texts in the book of Acts and engages with current literature in both Pentecostal studies and practical theology. Further, Cartledge places his whole discussion within a broader

Protestant theological framework and he interrogates an existing congregational study to provide a real life example of theological intervention *The Kerygmatic Spirit* Amos Yong, 2018-11-06 This collection of fifteen sermons by one of the leading pentecostal theologians today provides insight into the form style and content of preaching in the pentecostal tradition while also being suggestive of normative homiletical theory and practice The Kerygmatic Spirit argues that Spirit empowered preaching is apostolic not only with regard to being rooted in the scriptural traditions but also with regard to connecting the that of the early Christian message with the this of contemporary experience and discipleship Hence rather than only reflecting pentecostal preaching of the sort that happens in the pulpits of churches connected to the modern movement by that name these sermons are presented as the participating in the form of gospel proclamation inspired and empowered by the divine Spirit poured out on all flesh on the Day of Pentecost by the risen Christ from the right hand of the Father Whether read or heard there are links to video and audio archives throughout these homilies are illustrative of exegetical and expositional practice that connects the biblical text with Spirit filled faithfulness in the twenty first century ecumenical church and world at large

Proclaiming the Whole Counsel of God Steve D. Eutsler, 2025-04-24 For years the best sages have warned Those who fail to plan plan to fail Experience has proven this advice to be true in the spiritual realm as well as in the secular Without careful planning even Pentecostal ministers of the gospel often repeat certain texts or topics while they neglect other critical truths This frequent phenomenon inspired the integrated approach in this project Dr Eutsler has written a book on preaching that Pentecostal Charismatic pastors and ministers have needed for a long time Based on years of practical experience and sound scholarship it combines an emphasis on the guidance of the Holy Spirit along with long range planning After exploring the unique dynamics of Pentecostal preaching he discusses step by step how to increase their implementation on a more consistent basis This volume will benefit both beginning and veteran students of preaching It could easily be used personally or in a classroom setting Those preachers who read and implement its wise counsel will improve the quality creativity and variety of their preaching George O Wood General Superintendent of the Assemblies of God

In the Days of Caesar Amos Yong, 2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book s engagement with political theology from a Pentecostal perspective is

the first of its kind **Karl Barth and Pentecostal Theology** Frank D. Macchia, Terry L. Cross, Andrew K. Gabriel, 2024-02-08 The essays in this volume evaluate and build on Barth's theology from the perspective of Pentecostal theology and thereby contribute to constructive Pentecostal systematic theology by using Barth as a valuable dialogue partner At present a theological conversation of Pentecostals with Barth does not exist and this volume fills this void More widely it will aid all those who seek a convergence of the Word and the Spirit in theology Barth and Pentecostals share some important common theological interests Barth's mature theology has a decidedly christological emphasis Likewise historically Pentecostals have often spoken of a full gospel with an emphasis on Christ as savior healer baptizer in the Spirit and soon and coming King with some Pentecostal traditions also adding a fifth emphasis on Christ the sanctifier Furthermore near the end of his life Barth anticipated the possibility of a theology of the third article a theology where the Holy Spirit would dominate and be decisive The realization of Barth's dream is no doubt coming to pass in part through the development of Pentecostal theology in as much as pneumatological theology exploring how pneumatology affects supplements and might reform other doctrines is an emerging paradigm for Pentecostal theology **A Pentecostal Hermeneutic for the Twenty First Century** Kenneth Archer, 2004-12-30 The purpose of this book is to present a critically informed contemporary Pentecostal hermeneutic rooted in Pentecostal identity in its stories beliefs and practices As Pentecostals began entering academic communities of higher learning their interpretive methods became both mainstream and modernistic as they adapted the historical critical methods or the so called scientific hermeneutic The proposed hermeneutic contained in this book desires to move beyond the impasse created by Modernity instead pushing Pentecostals into the contemporary context by critically re appropriating early Pentecostal ethos and interpretive practices for a contemporary Pentecostal community The Pentecostal hermeneutic is a three way interaction for theological meaning between the Holy Spirit the Pentecostal community and sacred Scripture
