Excerpt from Selected Essays From Sainte Beuve With Introduction Bibliography And Notes In the course of this series of articles in 1827 Sainte Beuve reviewed Hugo's Odes et Ballades This review brought him to the notice of the poet who introduced him to the members of the Romantic group and they soon received him as one of their number For the next few years Sainte Beuve was under the literary influence of these associates and leaving the field of criticism temporarily he brought out anonymously in 1829 a volume of poems entitled La Vie et Poesies de Joseph Delorme which was followed the next year by another volume of poetry Les Consolations His last collection of poems Pensees d'aout appeared some years later To complete the list of his works written under the influence of the Romantic school must be mentioned a novel Volupte which appeared in 1834 The poetry was not very successful and has been very little read although it possesses decided merit The novel Volupte is a singular book in a realistic style which has been described as a connecting link between Rousseau About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Select Essays of Sainte Beuve Charles Augustin Sainte-Beuve, 1895      Sainte-beuve:

J. Butler,2018-01-11 Excerpt from Select Essays of Sainte Beuve Chiefly Bearing on English Literature Still it must be admitted that those who deemed the attempt worth making have the author's own judgment on their side It is probably more universally true in France than in England that as he says works written in a foreign language are only really read when they have been translated most of us can read French though few of us can speak it But even of the most uent readers it can hardly be doubted that the vast majority will read yet more uently and with less waste of power by friction in their own language especially when the object is rather to learn what a writer has to say than how he says it About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      *Sainte-Beuve: Selected Essays.
