Broadview Anthology of British Literature, The. Concise Edition, Volume B, The Broadview Anthology of British Literature: The Victorian Era - Second Edition, **The Broadview Anthology of British Literature, Second Edition**, Righteous Violence Larry J. Reynolds, 2011-12-01 Righteous Violence examines the struggles with the violence of slavery and revolution that engaged the imaginations of seven nineteenth century American writers Margaret Fuller Ralph Waldo Emerson Frederick Douglass Henry

David Thoreau Louisa May Alcott Nathaniel Hawthorne and Herman Melville These authors responded not only to the state terror of slavery and the Civil War but also to more problematic violent acts including unlawful revolts insurrections riots and strikes that resulted in bloodshed and death Rather than position these writers for or against the struggle for liberty Larry J Reynolds examines the profoundly contingent and morally complex perspectives of each author Tracing the shifting and troubled moral arguments in their work Reynolds shows that these writers though committed to peace and civil order at times succumbed to bloodlust even while they expressed ambivalence about the very violence they approved For many of these authors the figure of John Brown loomed large as an influence and a challenge Reynolds examines key works such as Fuller's European dispatches Emerson's political lectures Douglass's novella *The Heroic Slave* Thoreau's *Walden* Alcott's *Moods* Hawthorne's late unfinished romances and Melville's *Billy Budd* In addition to demonstrating the centrality of righteous violence to the American Renaissance this study deepens and complicates our understanding of political violence beyond the dichotomies of revolution and murder liberty and oppression good and evil

The Poetry of Louise Glück Daniel Morris, 2006-12-01 A dominant figure in American poetry for more than thirty five years Louise Glück has been the recipient of virtually every major poetry award She won the Nobel Prize in Literature in 2020 and was named U S poet laureate for 2003 2004 In a full length study of her work Daniel Morris explores how this prolific poet utilizes masks of characters from history the Bible and even fairy tales Morris treats Glück's persistent themes desire hunger trauma survival through close reading of her major book length sequences from the 1990s *Ararat* *Meadowlands* and *The Wild Iris* An additional chapter devoted to *The House on Marshland* 1975 shows how its revision of Romanticism and nature poetry anticipated these later works Seeing Glück's poems as complex analyses of the authorial self via sustained central metaphors Morris reads her poetry against a narrative pattern that shifts from the tones of anger despair and resentment found in her early *Firstborn* to the resignation of *Ararat* and proceeds in her latest volumes including *Vita Nova* and *Averno* toward an ambivalent embrace of embodied life By showing how Glück's poems may be read as a form of commentary on the meanings of great literature and myth Morris emphasizes her irreverent attitude toward the canons through which she both expresses herself and deflects her autobiographical impulse By discussing her sense of self of Judaism and of the poetic tradition he explores her position as a mystic poet with an ambivalent relationship to religious discourse verging on Gnosticism with tendencies toward the ancient rabbinic midrash tradition of reading scripture He particularly shows how her creative reading of past poets expresses her vision of Judaism as a way of thinking about canonical texts *The Poetry of Louise Glück* is a quintessential study of how poems may be read as a form of commentary on the meanings of great literature and myth It clearly demonstrates that through this lens of commentary one can grasp more firmly the very idea of poetry itself that Glück has spent her career both defining and extending
