Easy Peasy Lesley Glaister, 2014-12-30 A WWII vet's suicide drives his daughter to uncover his troubled past in this absorbing poignant novel from the award winning author of *Partial Eclipse* Publishers Weekly Zelda Dawkins knows her older lover Foxy is going to leave her As Zelda prays for something anything to prevent the inevitable she receives a call from her mother Zelda's father a World War II prisoner of war has hanged himself It's not what Zelda wanted It's also not unexpected Zelda comes from a family of unspoken things Foxy is hers But for Zelda her father's suicide is more than a wellspring for her grief rage and guilt It was his final escape from the screaming nightmares that kept her awake when she was young and the closely guarded secret he took to bed with him It's also stirring in Zelda memories and unanswered questions of her childhood Why did her father seem to reject her in favor of a damaged neighborhood boy named Vassil Why was he so taken with the boy's mother a prostitute How did Vassil come to be so disfigured And what happened to her father those five years in a Japanese prison camp It's time for Zelda to confront the past its legacy of cruelty and to unearth the secrets her father's and her own that have cast a shadow over her life A writer of addictive emotional thrillers as if Ruth Rendell had got hold of an A.S. Byatt novel and stripped out the digressive bits *The Independent Step* into the world of family secrets lies and whispers in the dark *The Sunday Telegraph* Reaching Out Pamela Nadeau, 2002 We may feel we are spiritual beings living inside physical bodies yet know that life's big challenge is to live a spiritually good life For how can we be spiritually good when life can invite us to be unloving unkind or just plain confused Is this dilemma different as we enter the 21st Century with its complex technologies and renewed threats to global survival Are there simple solutions to staying spiritually good and physically alive no matter when we live in history Or does each generation need to find its own way The author had no answers to such thoughts only more questions until the day an extraordinary entity joined her debate Hailing from an Egypt of 5000 years past and communicating through channeled material Princess Hats upset wades deep into the topic with her endearing blend of humor metaphor and compassion She wins and heals the hearts of those who read her Are we so different from our forebears Read about and experience the magical mysteries of an Ancient Sisterhood of Healing Hearts Will your 21st century heart also be healed **Evans's object lessons for infant schools** Thomas Evans (publisher.), 1888

Modest Nonconceptualism Eva Schmidt,2015-07-06 The author defends nonconceptualism the claim that perceptual experience is nonconceptual and has nonconceptual content Continuing the heated and complex debate surrounding this topic over the past two decades she offers a sustained defense of a novel version of the view Modest Nonconceptualism and provides a systematic overview of some of the central controversies in the debate An explication of the notion of nonconceptual content and a distinction between nonconceptualist views of different strengths starts off the volume then the author goes on to defend participants in the debate over nonconceptual content against the allegation that their failure to distinguish between a state view and a content view of non conceptualism leads to fatal problems for their views Next she makes a case for nonconceptualism by refining some of the central arguments for the view such as the arguments from fineness of grain from contradictory contents from animal and infant perception and from concept acquisition Then two

central objections against nonconceptualism are rebutted in a novel way the epistemological objection and the objection from objectivity Modest Nonconceptualism allows for perceptual experiences to involve some conceptual elements It emphasizes the relevance of concept employment for an understanding of conceptual and nonconceptual mental states and identifies the nonconceptual content of experience with scenario content It insists on the possibility of genuine content bearing perceptual experience without concept possession and is thus in line with the Autonomy Thesis Finally it includes an account of perceptual justification that relies on the external contents of experience and belief yet is compatible with epistemological internalism
