discuss reducing their internet use the forum is filled with reports of people who want to quit Reddit but find themselves psychologically compelled to return to the site over and over For moderate to heavy users of these platforms quitting is clearly not so simple You Should Quit Reddit is a paradigm shift in the genre Jacob Desforges was a Reddit user of over a decade and a self admitted Reddit addict who spent on average around three hours daily on the site Not only is this the first book investigating Reddit s flaws as a platform but it is also written from the perspective of someone who experienced firsthand the struggle that comes with quitting these addictive platforms This book therefore also provides readers with the practical advice tools and techniques needed to shatter the cycle of digital addiction enabling them to quit visiting Reddit and other time wasting websites for good so they can effectively reclaim their time to use in a more intentional manner

With clear eyed analysis, Hamilton provides insightful ideas and practical tools to make us less escapist and more resilient and to better prime our kids for health, happiness and independence in this complex world. *Fake News* Melissa Zimdars, Kembrew McLeod, 2020-02-18 New perspectives on the misinformation ecosystem that is the production and circulation of fake news. What is fake news? Is it an item on Breitbart, an article in The Onion, an outright falsehood disseminated via Russian bot, or a catchphrase used by a politician to discredit a story he doesn't like? This book examines the real fake news: the constant flow of purposefully crafted, sensational, emotionally charged, misleading or totally fabricated information that mimics the form of mainstream news. Rather than viewing fake news through a single lens, the book maps the various kinds of misinformation through several different disciplinary perspectives, taking into account the overlapping contexts of politics, technology and journalism. The contributors consider topics including fake news as disorganized propaganda, folkloric falsehood in the Pizzagate conspiracy, native advertising as counterfeit news, the limitations of regulatory reform and technological solutionism, Reddit's enabling of fake news, the psychological mechanisms by which people make sense of information and the evolution of fake news in America. A section on media hoaxes and satire features an oral history of and an interview with prankster activists the Yes Men, famous for parodies that reveal hidden truths. Finally, contributors consider possible solutions to the complex problem of fake news: ways to mitigate its spread, to teach students to find factually accurate information and to go beyond fact checking.
