By Tam Thrum, an auld weaver** Tam THRUM (pseud. [i.e. William Brown.]),1819 **Theories of Distributive Justice** Jeppe Platz,2020-02-14 How should we design our economic systems Should we tax the rich at a higher rate than the poor Should we have a minimum wage Should the state provide healthcare for all These and many related questions are the subject of distributive justice and different theories of distributive justice provide different ways to think about and answer such questions This book provides a thorough introduction to the main theories of distributive justice and reveals the underlying sources of our disagreements about economic policy It argues that the universe of theories of distributive justice is surprisingly simple yet complicated It is simple in that the main theories of distributive justice are just four in number and in that these theories each offer a distinct well defined theoretical approach to distributive justice yet it is complicated in that the main theories disagree at several distinct fundamental levels and in that it is possible to spin innumerable new theories from the elements of the four main theories Key Features Covers the four major theories of distributive justice and their leading philosophers elucidating the attractions and drawbacks of each Friedrich A von Hayek and right liberalism John Rawls and left liberalism Robert Nozick

and libertarianism Gerald A Cohen and socialism Explains why these four theories have come to dominate most philosophical discussions on distributive justice highlighting the essential answer provided in each that is lacking in other theories Written for any reader interested in the topic with an annotated reading list at the end of each chapter and helpful glossary at the back of the book      *Looking Back* John Ashton Hester,2022-10-06 This book contains fifty stories that were in the Keowee Courier during various years of its 170 year history 1849 2019 and week by week highlights from the years 1922 1932 and 1962 It is the fourteen in a series of Looking Back Through the Pages of the Keowee Courier books which contain similar collections of stories and highlights of various years Although the Keowee Courier was Oconee County s dominant newspaper through about the mid 1910 s and had stories from all over the county this book focuses primarily on stories from the section of the county that encompasses Walhalla West Union Mountain Rest and Keowee Community and surrounding areas Previous books have highlighted other sections of the county      Participant Observation Kathleen Musante DeWalt,Billie R.

DeWalt,2011 Participant observation is the foundation of ethnographic research design and supports and complements other types of qualitative and quantitative data collection Qualitative research in such diverse areas as anthropology sociology education medicine draws on the insights gained through the use of participant observation The authors have written a guide to the collection of systematic data in naturalistic settings communities in many different cultures to achieve an understanding of the most fundamental processes and patterns of social life This book serves as a basic primer for the beginning researcher and as a useful reference and guide for experienced researchers in many fields who wish to reexamine their own skills and abilities in light of best practices of participant observation This new edition includes discussions of participant observation in nontypical settings such as the Internet participant observation in applied research and ethics of participant observation It also explores in greater depth the use of computer assisted analysis of textual data in issues of sampling and in linking method with theory      **Records & Briefs New York State Appellate Division ,      The**

*The Concept of Rights* George W. Rainbolt, 2006-07-08 Discussions of rights are ubiquitous One constantly hears things such as The Chinese are violating Tibetan rights Landlords have a right that their tenants pay their rent Students have a right to be graded fairly Animals have a right not to suffer merely to bring pleasure to humans Abortion violates a fetus right to life We violate the rights of future generations when we pollute the water These statements assert that Tibetans landlords students animals fetuses and future generations all have rights Tibetans landlords students animals fetuses and future generations do not seem to have much in common When one presses for clarity it is very difficult to say precisely what a right is What is it to have a right That is the question this book seeks to answer To paint with an overly broad brush previous answers to this question can be divided into two groups Some hold interest bene t theories of rights while others hold choice will theories of rights Perhaps the first person to propose an interest bene t theory was Jeremy Bentham Its most cited contemporary defender is Joseph Raz The seminal statement of the choice theory was made by H L A Hart Carl Wellman is perhaps the most able defender of a will theory of rights The debate between these two groups of theories has been a productive one

**Life on the Level** Jon Lands, 2013-08-15 Many years ago the Flying Wallendas were performing with the Circus and were quite a attraction wherever they performed their high wire act In one city in which they performed the local weather reporter asked the patriarch Karl Wallenda May I give the weather report on the high wire Karl agreed The big moment came the reporter stepped out balanced and gave a quick weather forecast In an instant the commercial break came and the reporter asked Mr Wallenda How do I step back right foot or left foot In his haste to make high viewer ratings rather than be safe the reporter was completely unaware of his new difficulty Karl Wallenda said Son you can t back up you have to step forward The nervous reporter said Mr Wallenda I can t do that I have never walked the high wire beside I am one step back from where I started Wallenda said You ve got thirty three steps in front of you and it is safer to take thirty three steps forward than one step back Don t be afraid I ll be right behind you The principle is true if you are going to live life on the level Don t be afraid and step forward The Epistle of James teaches us about balance so we may walk forward with Jesus no matter where He guides you This book and its study of James will help you keep your balance as you walk across the high wire of the Christian life Remember it is easier to keep your balance walking forward rather than stepping backward Can t you hear Christ whispering in your ear words of encouragement Take another step and trust Him as you live Life on the Level
