Orwell's character works and the nature of totalitarian politics. Analysing self-division both as an Orwellian trait and as a totalitarian strategy and finding a connection with Machiavelli against the milieu of Orwell's development as a writer is an intricate and interrelated topic that has not previously received critical attention either in its individual parts or as an integrated study. This book establishes an essential template with which to analyse Orwell's self-division apropos his growing fears of totalitarian power politics and offers distinct analytical acumens that allow for an updated understanding of Orwell and of his relevance to political thought and the question of common decency in twenty-first century literature and politics.
