**Looking Into the Invisible** Omraam Mikhaël Aïvanhov, 1991      **Looking Into the Invisible** Omraam Mikhaël Aïvanhov, 2000-01-01      *Looking Through Images* Emmanuel Alloa, 2021-10-05 Images have always stirred ambivalent reactions Yet whether eliciting fascinated gazes or iconoclastic repulsion from their beholders they have hardly ever been seen as true sources of knowledge They were long viewed as mere appearances placeholders for the things themselves or deceptive illusions Today the traditional critique of the spectacle has given way to an unconditional embrace of the visual However we still lack a persuasive theoretical account of how images work Emmanuel Alloa retraces the history of Western attitudes toward the visual to propose a major rethinking of images as irreplaceable agents of our everyday engagement with the world He examines how ideas of images and their powers have been constructed in Western humanities art theory and philosophy developing a novel genealogy of both visual studies and the concept of the medium Alloa reconstructs the earliest Western media theory Aristotle s concept of the diaphanous milieu of vision and the significance of its subsequent erasure in the history of science Ultimately he argues for a historically informed phenomenology of images and visual media that explains why images are not simply referential depictions windows onto the world Instead images constantly reactivate the power of appearing As media of visualization they allow things to appear that could not be visible except in and through these very material devices      *In Dark Alleys the Role Playing Game* ,      *Sermons ...* Matthew Simpson, 1885      **Jews in an Illusion of Paradise** Norman Simms, 2018-01-23 These further six chapters of *Jews in an Illusion of Paradise* now focus on individual exemplary figures and clusters of poets dramatists critics journalists art historians Jews whose achievements were once celebrated but now are almost all but forgotten not because of changes in aesthetic taste or style but because of social political and other ideological issues The book continues to examine the clash between their conscious and unconscious self presentation as Jews in a culture that wilfully or inadvertently misunderstood or rejected this aspect of otherness the men and women represented from the mid nineteenth to the mid twentieth centuries Whereas the first volume concentrated on the themes images and rhetorical motifs of this awkward status of Jewish intellectuals and artists here the ambiguous personalities and repressed anxieties of the exemplary figures are stressed For millennia Jews were considered outside of normal history passive victims of persecution then suddenly with Emancipation they fell into history and out of their mythical place in the scheme of things Everything seemed to crumble into dust and ashes      **Invisibility in African American and Asian American Literature** Klara Szmańko, 2008-09-22 The book is a comparative study of the invisibility trope in African American and Asian American literature It distinguishes between various kinds of invisibility and offers a genealogy of the term while providing a theoretical dissection of the invisibility trope itself Investigating the various ways of striving for visibility the author places special emphasis on the need for cooperation among various racial groups While the book explores invisibility in a variety of African American and Asian American literary texts the main focus is on four novels

Ralph Ellison's *Invisible Man* Sam Greenlee's *The Spook Who Sat by the Door* Maxine Hong Kingston's *Tripmaster Monkey* and Chang-rae Lee's *Native Speaker* The book not only sheds light on the oppressed but also exposes the structures of oppression and the apparatus of power which often renders itself invisible Throughout the study the author emphasizes that power is multi-directional never flowing only in one direction The book brings to light mechanisms of oppression within the dominant society as well as within and between marginalized racial groups
