The Female Body in the Looking-Glass Basia Sliwinska, 2016-06-29 In his theory of the mirror stage the psychoanalyst and psychiatrist Jacques Lacan argued that the female body is defined by its lack of male attributes Within this framework he described female sexuality primarily as an absence and assumed female subordination to the male gaze However what happens if one follows Jean Baudrillard's advice to swallow the mirror and go through the looking glass to explore the reflections and realities that we encounter in the cultural mirror which reflects the culture in question its norms ideals and values What if the beautiful is inverted and becomes ugly and the ugly is considered beautiful or shape shifts into something conventionally thought of as beautiful These are the fundamental questions that Basia Sliwinska poses in this important new enquiry into gender identity and the politics of vision in contemporary women's art Through an innovative discussion of the mirror as a metaphor Sliwinska reveals how the post 1989 practices of woman artists from both sides of the former Iron Curtain such as Joanna Rajkowska Marina Abramovic Boryana Rossa Natalia LL and Anetta Mona Chisa and Lucia Tkacova go beyond gender binaries and instead embrace otherness and difference by playing with visual tropes of femininity Their provocative works offer alternative representations of the female body to those seen in the cultural mirror Their art challenges and deconstructs patriarchal representations of the social and cultural other associated with visual tropes of femininity such as Alice in Wonderland Venus and Medusa *The Female Body in the Looking Glass* makes a refreshing radical intervention into art theory and cultural studies by offering new theoretical concepts such as the mirror and genderland inspired by Alice's adventures in Wonderland as critical tools with which we can analyse and explain recent developments in women's art

Into The Looking-Glass Wood Alberto Manguel, 2011-02-04 By the award winning author of *A History of Reading* For me words on a page give the world coherence Words tell us what we as a society believe the world to be I believe there is an ethic of reading a commitment that is both political and private in the act of turning the pages And I believe that sometimes beyond the author's intentions and beyond the reader's hopes a book can make us better and wiser Through personal stories and literary reflections in a style rich in humour and gentle erudition Manguel leads us the readers to reflect upon the pleasures and responsibilities of reading and the links that exist between the world we live in and the words we live amongst *Into the Looking Glass Wood* is a voyage into the subversive heart of words a voyage fired by the author's humanity and extraordinary breadth of vision
