Lord I Believe Suggestions For Turning The Creed Into Prayer:

Lord I Believe Austin Farrer, 1989-01-01 **Lord, I believe. Suggestions for turning the Creed into prayer. Second edition, revised and enlarged** Austin Farrer, 1958 The Deep Things of God (Second Edition) Fred Sanders, 2017-04-13

The doctrine of the Trinity is taught and believed by all evangelicals but rarely is it fully understood or celebrated In The Deep Things of God systematic theologian Fred Sanders shows why we ought to embrace the doctrine of the Trinity wholeheartedly as a central concern of evangelical theology Sanders demonstrates engagingly and accessibly that the doctrine of the Trinity is grounded in the gospel itself In this book readers will understand that a robust doctrine of the Trinity has massive implications for their lives restoring depth to prayer worship Bible study missions tradition and understanding of Christianity s fundamental doctrines This new edition includes a study guide with discussion questions action points recommended reading and more Scripture, Metaphysics, and Poetry Robert MacSwain, 2016-04-01 This book offers a critical edition of arguably the greatest work of English theology in the 20th century Austin Farrer s Bampton Lectures published as The Glass of Vision in 1948 Farrer was an interdisciplinary genius who made original contributions to philosophy theology and biblical studies as well as to our understanding of the role of imagination in human thought and Christian doctrine According to Farrer the three primary themes of these lectures are scripture metaphysics and poetry individually and in relation to each other The lectures defend his famous theory of divine revelation through images rather than propositions or events a provocative account of the place of metaphysical reasoning in theology and a literary approach to the Biblical text that was decades ahead of its time and is still controversial The Glass of Vision has generated a rich and interesting interdisciplinary conversation that has lasted for decades starting with commentators such as Helen Gardner and Frank Kermode In addition to Farrer s full text this critical edition also contains an introduction to the significance and context of Farrer s thought and a selection of thirty years worth of commentary by leading British and European theologians and literary scholars David Brown Ingolf Dalferth Hans Haugh Douglas Hedley David Jasper and Gerard Loughlin Of interest to literary and biblical scholars theologians and philosophers this book holds particular value for those exploring the nature of imagination in contemporary thought and scholarship Lord, I Believe, Suggestions for Turning the Creed Into Prayer Austin Marsden Farrer, 1958 *Pearls of Life: A Life-Belt for the Spirit* Tony Dickinson, 2024-04-10 In 1996 Bishop Martin L nnebo 1930 2023 recently retired after fifteen years as Lutheran Bishop of Link ping in Sweden was exploring the Aegean when his boat was overtaken by a storm and he and his fellow passengers had to take refuge on a tiny island with a single guest house While the storm blew itself out Bishop Martin set about designing what he described as a prayer ribbon that could summarize the message of the Christian faith The result was a bracelet known as Fr lsarkransen The word means life belt hence the sub title for this short book which provides an introduction to Bishop Martin s thinking behind the beads and suggestions for using them for prayer and contemplation *The Truth-Seeking Heart* Ann Loades, Robert

MacSwain,2006-08-29 Austin Farrer was part of the extraordinary mid 20th century group of Oxford Christians which also included C S Lewis J R R Tolkien Charles Williams and Dorothy Sayers Described as the one genius that the Church of England produced in the last century and author of incomparably the most interesting theological books ever to come out of Oxford his great legacy is that his considerable learning expressed itself as practical spiritual direction He believed that after all the argument analysis and sifting of evidence the purpose of theology was to show how to live and how to love He died in 1968 and his many books are now out of print Here is a thematically arranged anthology of his most influential writings with an extended introduction that assesses his contribution to Anglican life and through today **Divine Agency and Divine Action, Volume III** William J. Abraham,2018-10-25 Volume III of a tetralogy devoted to Divine Agency and Divine Action articulates a comprehensive vision of systematic theology focused on divine action from creation to eschatology Volume I developed the foundational conceptual work by showing that the concept of action is a radically open concept that readily makes possible the appropriation of divine action for today Volume II explained that in exploring divine action one needs to specify the actual divine actions under review and thus showed that there could be no progress with extensive soundings across the tradition from Paul to Molina Work on divine action requires extended work in doctrinal criticism rooted in the history of theology as a prelude to normative work that communicates a normative vision of divine action for today This vision is best explored by taking up the great themes of systematic theology from creation to eschatology yet treating them in a deflationary manner that sees systematic theology as university level postbaptismal Christian instruction Leading scholar William J Abraham recognises that we live in a golden period of theological studies the range and depth of material is extraordinary yet we also live in a period of disorientation and confusion that calls for a fresh engagement with the demands of systematic theology Divine Agency and Divine Action Volume III meets that demand by insisting that systematic theology has its own content and modes of inquiry that it belongs intimately to the journey of faith and that it requires authentic academic clarity and rigor It reclaims the rightful place of systematic theology as the center of gravity for theological studies but does so in a manner that makes it available to both the church and to the academy *The Life of Christian Doctrine* Mike Higton,2020-07-09 The lives of Christian churches are shaped by doctrinal theology That is they are shaped by practices in which ideas about God and God s ways with the world are developed discussed and deployed This book explores those practices and asks why they matter for communities seeking to follow Jesus Taking the example of the Church of England this book highlights the embodied affective and located reality of all doctrinal practices and the biases and exclusions that mar them It argues that doctrinal theology can in principle help the church know God better even though doctrinal theologians do not know God better than their fellow believers It claims that it can help the church to hear in Scripture challenges to its life including to its doctrinal theology It suggests that doctrinal disagreement is inevitable but that a better quality of doctrinal disagreement is possible And finally it argues that by encouraging attention to voices that have

previously been ignored doctrinal theology can foster the ongoing discovery of God's surprising work *Essays Anglican and Analytic* Robert MacSwain, 2025-04-17 Explore the riches at the intersection of Anglican and philosophical theology In this thought provoking essay collection Robert MacSwain explores important connections between Anglican and philosophical theology Shining a spotlight on the underappreciated theological work of Austin Farrer and David Brown he brings them into creative conversation with better known figures such as Joseph Butler C S Lewis Stanley Hauerwas and Eleonore Stump He skillfully leads readers through diverse conceptual territory ranging from the Reformed epistemology of Alvin Plantinga and Nicholas Wolterstorff to the hiddenness argument of J L Schellenberg to a sacramental vision of human culture and the arts More broadly MacSwain outlines what he calls Critical Catholicism explaining how it differs from other movements in contemporary Christian thought such as Radical Orthodoxy and Analytic Theology These perceptive essays will be of particular interest to scholars and pastors who are curious about connections between theology philosophy and Anglican studies [Captured by the Crucified](#) Edward Hugh Henderson, David Hein, 2004-08-05 The British theologian and New Testament scholar Austin Farrer was a member of the Oxford Christians conversing frequently with C S Lewis J R R Tolkien Dorothy Sayers and T S Eliot A N Wilson has called Farrer the one true genius of the Church of England in the 20th century Farrer's theory about the Synoptic Problem remains one of the most debated theories of Synoptic relationships in contemporary New Testament scholarship The editors have put together a book that makes the practical spiritual meaning of Farrer's thought available to those who desire to integrate serious thinking with faithful life Contributors to the volume include Ann Loades University of Durham Diogenes Allen Princeton Theological Seminary Julian N Hartt University of Virginia Charles Hefling Boston College and O C Edwards Seabury Western Theological Seminary David Hein is Professor and Chair of Religion and Philosophy at Hood College and the author of *Noble Powell and the Episcopal Establishment in the Twentieth Century* Edward Hugh Henderson is Professor of Philosophy at Louisiana State University and co editor with Brian Hebblethwaite of *Divine Action Studies Inspired by the Philosophical Theology of Austin Farrer* **Lively Oracles of God**, 2022-03-17 This book reexamines what we often take for granted how Scripture is presented to worshipers how it is heard especially by those with little experience of the life of the church Scripture's role in mediating the great narratives of incarnation and redemption at the high points of the year where Scripture meets people in ritual transition how the Bible itself provides the language of much public prayer Contributors also consider how the relationship between Scripture and liturgy is tested by new priorities the climate crisis the inclusion and protection of children the recognition and honoring of those who find themselves on the margins of the church and the significance of gender and identity in all areas of the church's life This book does not offer definitive statements It is an invitation to a wide audience to engage in new conversations with their practice of worship Contributors include John Baldovin SJ Normand Bonneau OMI Stephen Burns Cally Hammond Christopher Irvine David Kennedy Lizette Larson Miller Ann Loades CBE Anne McGowan Thomas O Loughlin Catherine Reid

Armand L on van Ommen The Anglican Imagination Robert Boak Slocum,2016-03-03 The variety and depth of Anglican theology is best engaged through personal encounter with its many sources the theologians and theological witnesses themselves Anglican theology is often worked out in personal terms that provide a synthesis between reflection on the truths of faith and the particular contexts of culture and life This book presents modern Anglican theology through a unique gallery This theological gallery includes a portrait or sketch of ten Anglican writers DuBose Farrer Stringfellow Brooks Kemper DeKoven McCord Adams Polkinghorne Gore and Macquarrie Theological description interpretation and application are included for each with the presentations differing as widely as the theologians and theological witnesses themselves Drawing together understandings and experiences of faith this will be an invaluable resource for students of Anglican theology and anyone who seeks to understand the distinctive perspectives and contributions of Anglicanism relative to living faith and daily life Between Speech and Revelation Joshua Ryan Kira,2019-11-14 Evangelicalism in spite of its size and relationship to various historic movements in Christian history has never been known to be a perspective that interacts widely in its theological development Its insular nature emphasis on inspiration and its highly doctrinal concerns have caused it to frequently be an outlier in larger dialogues concerning Scripture This book attempts to remedy this lack of interaction by bringing an evangelical view of the Bible into contact with various twentieth century traditions that have attempted to delve into the relationship between divine speech and revelation Specifically the works of Calvinist philosopher Nicholas Wolterstorff hermeneutical theologian Eberhard Jungel and Anglican philosopher theologian Austin Farrer will be mined for the resources necessary to affirm and defend a belief in an evangelical view of Scripture This would include the belief that the Bible can rightly be called God s word the adherence to verbal plenary inspiration and a reluctance to use higher criticism in analyzing Scripture Through criticism and appropriation this work will set the guidelines for the construction of a more comprehensive perspective of revelation divine speech and the Bible as well as showing how Evangelicalism can contribute to the larger ecumenical dialogue concerning theological methodology **English Spirituality** Gordon Mursell,2001-01-01 This wide ranging historical survey provides an indispensable resource for those interested in exploring teaching or studying English spirituality In two stand alone volumes it traces the history from Roman times until the year 2000 The main Christian traditions and a vast range of writers and spiritual themes from Anglo Saxon poems to late modern feminist spirituality are included These volumes present the astonishing richness and variety of responses made by English Christians to the call of the divine during the past two thousand years *The Living Church* ,1957 **Explorations in Twentieth-century Theology and Philosophy** Ann Loades,2023-04-11 Ann Loades has been instrumental in bringing forward for the attention of readers in later generations voices from the past notably highlighting the work of pioneering women such as Evelyn Underhill and Dorothy L Sayers as well as advancing the study of better known Anglican forebears C S Lewis and Austin Farrer always with her own distinctive concerns A key interpreter of the Anglican tradition and with a

keen eye to ensure the full recognition of women these studies by Ann Loades are essential reading in Anglican feminist and twentieth century theology

Learning Theology through the Church's Worship Dennis Okholm, 2018-11-06 This book introduces students to theology with sustained attention to how Christian beliefs and the church's worship interact both historically and in practice Dennis Okholm approaches the subject from the necessary intersection of theology and liturgy showing that learning the church's doctrine apart from its worship undermines both The book flows as if the reader were participating in a service of worship It features illustrative charts and figures that complement challenging concepts and includes suggestions for assignments at the end of the book

The Philosophical Theology of Austin Farrer Brian Hebblethwaite, 2007 Thirty years of reflection on the philosophical theology of Austin Farrer lie behind the nine chapters of this book in which Farrer's seminal work on faith and reason providence and evil finite and infinite freedom evolution and creation and the doctrines of the Incarnation and the Trinity is discussed and developed Austin Farrer Fellow and Chaplain of Trinity College Oxford for twenty years then Warden of Keble College till his death in 1968 is widely regarded as the most significant Anglican philosophical theologian of the twentieth century His unparalleled combination of philosophical acuity theological insight and spiritual profundity have earned him lasting admiration and influence wherever the mainstream Christian tradition is valued and thought worthy of further exploration and fresh interpretation These studies are offered in the hope that a new generation of philosophical theologians will find inspiration and encouragement in Farrer's work

A Light in a Burning-Glass Robert Boak Slocum, 2019-09-27 A Light in a Burning Glass introduces readers to the distinctive synthesis of theological reflection and everyday faith that characterizes the life and theology of Austin Farrer 1904-1968 a man widely considered to be the most important Anglican theologian of the twentieth century Often quoted for isolated insights but rarely appreciated for his depth and coherency Farrer is a theologian who according to Robert Boak Slocum is fascinating to consider but difficult to master In this survey and explanation of the Anglican leader's prodigious output and complexity of thought Slocum sorts through Farrer's many writings to articulate his theological vision Slocum delves into Farrer's treatises essays lectures correspondence and reviews in an exploration of his three primary areas of theological concern pastoral biblical and philosophical Noting that few theologians have published so many significant works in such varied areas of theological study Slocum maps the connectedness of thought that unites Farrer's works Slocum moves from a basic study of Farrer's background and methodology to a consideration of his major themes Christian hope the problem of evil the role of image and imagination in Christian faith the use of literary methods in the interpretation of theology and the interplay of divine action and human freedom in the Christian life
