Mcgill Medicine The First Half Century 1829 1885

Fahad Ahmad Bishara

McGill Medicine The First Half Century 1829 1885:

McGill Medicine Joseph Hanaway, Richard L. Cruess, 1996 Describes the origin and development of the McGill School of Medicine and the extraordinary staff whose progressive ideas made it one of the best teaching and research centres in North America

McGill Medicine: The first half century, 1829-1885 Joseph Hanaway, Richard L. Cruess, 1996 Describes the origin and development of the McGill School of Medicine and the extraordinary staff whose progressive ideas made it one of the best teaching and research centres in North America

McGill Medicine Joseph Hanaway, 1996

McGill in History Brian Lewis, Don Nerbas, Melissa N. Shaw, 2025-11-14 In 2021 McGill University celebrated its bicentennial anniversary reflecting on contributions to research education and other successes The university's founding within the context of nineteenth century Atlantic capitalism requires that a deeper account engage with the more complex and difficult elements of its history McGill in History brings together diverse historiographies and perspectives to critically examine how McGill has been implicated in power structures and is the product of conflicting ideologies James McGill the university's namesake owned and profited from the sale of enslaved Black and Indigenous people a legacy highlighted by the removal of his statue and ongoing debates over the racially charged Redman name used by the men's sports teams Imperialism settler colonialism slavery sexism and homophobia are elements of McGill's story that must be fully integrated into a broader understanding of the university's institutional history Challenging siloed narratives with new research the contributors to this volume emphasize the important task of scholars to scrutinize and confront history that is unflattering and to rethink their institution's own story a reckoning happening across many institutions of higher education around the world McGill in History broadens the historical frame of critical university studies showing how the university can serve as a model for understanding power in modern society

The General Joseph Hanaway, John H. Burgess, 2016-05-01 Officially founded in 1819 the Montreal General Hospital is recognized as a pioneering institution in North America for the many discoveries in medical research made there and for its early association with the Faculty of Medicine at McGill University the first medical school in Canada Covering nearly 200 years of history The General relates the story of the hospital from its origins and founding to the transition and aftermath of its incorporation into the McGill University Health Centre in 1997 With contributions that show the perspectives of clinicians nurses surgeons professors and administrators chapters chronicle the history of particular departments and specializations of the hospital including cardiology dermatology endocrinology neurosurgery plastic surgery obstetrics emergency medicine pathology and radiology as well as nursing administration and governance Among the major turning points in the history of the hospital were the introduction of autopsy pathology by Sir William Osler the debut of the electrocardiograph by Thomas Cotton in 1914 the discovery of a malignant tumour marker by Phil Gold and Samuel Freedman in 1965 its transformation from a community hospital serving anglophone Montreal to an internationally recognized academic centre during the 1950s and 60s and changes in governance due to the

1970 Quebec Medicare Act Both a collective reminiscence and an extensive institutional history The General is an engaging account of one prominent hospital s development over nearly 200 years

Healing Spaces, Modern Architecture, and the Body Sarah Schrank,Didem Ekici,2016-07-15 Healing Spaces Modern Architecture and the Body brings together cutting edge scholarship examining the myriad ways that architects urban planners medical practitioners and everyday people have applied modern ideas about health and the body to the spaces in which they live work and heal The book s contributors explore North American and European understandings of the relationship between physical movement bodily health technological innovation medical concepts natural environments and architectural settings from the nineteenth century through the heyday of modernist architectural experimentation in the 1920s and 1930s and onward into the 1970s Not only does the book focus on how professionals have engaged with the architecture of healing and the body it also explores how urban dwellers have strategized and modified their living environments themselves to create a kind of vernacular modernist architecture of health in their homes gardens and backyards This new work builds upon a growing interdisciplinary field incorporating the urban humanities geography architectural history the history of medicine and critical visual studies that reflects our current preoccupation with the body and its corresponding therapeutic culture

The Case of the Murderous Dr. Cream Dean Jobb,2021-07-13 A tour de force of storytelling Louise Penny 1 New York Times bestselling author of the Chief Inspector Gamache series Jobb s excellent storytelling makes the book a pleasure to read The New York Times Book Review When a doctor does go wrong he is the first of criminals Sherlock Holmes observed during one of his most baffling investigations He has nerve and he has knowledge In the span of fifteen years Dr Thomas Neill Cream murdered as many as ten people in the United States Britain and Canada a death toll with almost no precedent Poison was his weapon of choice Largely forgotten today this villain was as brazen as the notorious Jack the Ripper Structured around the doctor s London murder trial in 1892 when he was finally brought to justice The Case of the Murderous Dr Cream exposes the blind trust given to medical practitioners as well as the flawed detection methods bungled investigations corrupt officials and stifling morality of Victorian society that allowed Dr Cream to prey on vulnerable and desperate women many of whom had turned to him for medical help Dean Jobb transports readers to the late nineteenth century as Scotland Yard traces Dr Cream s life through Canada and Chicago and finally to London where new investigative tools called forensics were just coming into use even as most police departments still scoffed at using science to solve crimes But then most investigators could hardly imagine that serial killers existed the term was unknown As the Chicago Tribune wrote Dr Cream s crimes marked the emergence of a new breed of killer one who operated without motive or remorse who murdered simply for the sake of murder For fans of Erik Larson s The Devil in the White City all things Sherlock Holmes or the podcast My Favorite Murder The Case of the Murderous Dr Cream is an unforgettable true crime story from a master of the genre

African Canadians in Union Blue Richard M. Reid,2014-05-13 When Lincoln issued the Emancipation Proclamation he also authorized the army to recruit

black soldiers Nearly 200 000 men answered the call Several thousand came from Canada What compelled these men to leave the relative comfort and safety of home to fight in a foreign war In African Canadians in Union Blue Richard Reid sets out in search of an answer and discovers a group of men whose courage and contributions open a window on the changing nature of the Civil War and the ties that held black communities together even as the borders around them shifted and were torn asunder

The Illustrated Timeline of Medicine Gill Davies,2011-08-15 Timeline that spans the history of medicine from the prehistoric trepanning of skulls to modern microsurgery

Visionary Veterinarian - The Remarkable Exploits of Dr. Duncan McNab McEachran Sebastiaan Smit,2012

William Osler Michael Bliss,1999-11-18 William Osler was born in a parsonage in backwoods Canada on July 12 1849 In a life lasting seventy years he practiced taught and wrote about medicine at Canada s McGill University America s Johns Hopkins University and finally as Regius Professor at Oxford At the time of his death in England in 1919 many considered him to be the greatest doctor in the world Osler who was a brilliant innovative teacher and a scholar of the natural history of disease revolutionized the art of practicing medicine at the bedside of his patients He was idolized by two generations of medical students and practitioners for whom he came to personify the ideal doctor But much more than a physician Osler was a supremely intelligent humanist In both his writings and his personal life and through the prism of the tragedy of the Great War he embodied the art of living It was perhaps his legendary compassion that elevated his healing talents to an art form and attracted to his private practice students colleagues poets Walt Whitman for example politicians royalty and nameless ordinary people with extraordinary conditions William Osler s life lucidly illuminates the times in which he lived Indeed this is a book not only about the evolution of modern medicine the training of doctors holism in medical thought and the doctor patient relationship but also about humanism Victorianism the Great War and much else Meticulously researched drawing on many new sources and offering new interpretations William Osler A Life in Medicine brings to life both a fascinating man and the formative age of twentieth century medicine It is a classic biography of a classic life both authoritative and highly readable

Historical Identities Euthalia Lisa Panayotidis,Paul James Stortz,2006-01-01 As intellectual engines of the university professors hold considerable authority and play an important role in society By nature of their occupation they are agents of intellectual culture in Canada Historical Identities is a new collection of essays examining the history of the professoriate in Canada Framing the volume with the question What was it like to be a professor editors Paul Stortz and E Lisa Panayotidis along with an esteemed group of Canadian historians strive to uncover and analyze variables and contexts such as background education economics politics gender and ethnicity in the lives of academics throughout Canada s history The contributors take an in depth approach to topics such as academic freedom professors and the state faculty development discipline construction and academic cultures religion biography gender and faculty wives images of professors and background and childhood experiences Including the best and most recent critical research in the field of the social history of higher education and professors Historical Identities

examines fundamental and challenging topics issues and arguments on the role and nature of intellectualism in Canada

Flora's Fieldworkers Ann Shteir, 2022-08-09 When Catharine Parr Traill came to Upper Canada in 1832 as a settler from England she brought along with her ties to British botanical culture Nonetheless when she arrived she encountered a new natural landscape and like other women chronicled in this book set out to advance the botanical knowledge of the time from the Canadian field Flora s Fieldworkers employs biography botanical data herbaria specimens archival sources letters institutional records book history and abundant artwork to reconstruct the ways in which women studied and understood plants in the nineteenth century It features figures ranging from elite women involved in imperial botanical projects in British North America to settler colonial women in Ontario and Australia most of whom were scarcely visible in the historical record who were active in plant work as collectors writers artists craft workers teachers and organizers Understood as an appropriate pastime for genteel ladies botany offered women pathways to scientific education financial autonomy and self expression The call for more diverse voices in the present must look to the past as well Bringing botany to historians and historians to botany Flora s Fieldworkers gathers compelling material about women in colonial and imperial Canada and Australia to take a new look at how we came to know what we know about plants *A Sea of Debt* Fahad Ahmad

Bishara, 2017-03-10 An innovative legal history of economic life in the Western Indian Ocean charting the emergence of a trans oceanic contractual culture **History of Universities** Mordechai Feingold, 2004-04-08 Volume XIX 1 of History of

Universities contains the customary mix of learned articles book reviews conference reports and bibliographical information which makes this publication such an indispensable tool for the historian of higher education Its contributions range widely geographically chronologically and in subject matter The volume is as always a lively combination of original research and invaluable reference material *Bridging Two Peoples* Allan Sherwin, 2012-06-01 Bridging Two Peoples tells the story of Dr Peter E Jones who in 1866 became one of the first status Indians to obtain a medical doctor degree from a Canadian university He returned to his southern Ontario reserve and was elected chief and band doctor As secretary to the Grand Indian Council of Ontario he became a bridge between peoples conveying the chiefs concerns to his political mentor Prime Minister Sir John A Macdonald most importantly during consultations on the Indian Act The third son of a Mississauga Ojibwe missionary and his English wife Peter E Jones overcame paralytic polio to lead his people forward He supported the granting of voting rights to Indians and edited Canada s first Native newspaper to encourage them to vote Appointed a Federal Indian Agent a post usually reserved for non Natives Jones promoted education and introduced modern public health measures on his reserve But there was little he could do to stem the ravages of tuberculosis that cemetery records show claimed upwards of 40 per cent of the band The Jones family included Native and non Native members who treated each other equally Jones s Mississauga grandmother is now honoured for helping survey the province of Ontario His mother published books and his wife was an early feminist The appendix describes how Aboriginal grandmothers used herbal

medicines and crafted surgical appliances from birchbark *J.W. McConnell* William Fong,2008-10-24 J W McConnell 1877 1963 born to a poor farming family in Ontario became one of the wealthiest and most powerful businessmen of his generation in Canada and internationally Early in his career McConnell established the Montreal office of the Standard Chemical Company and began selling bonds and shares in both North America and Europe establishing relationships that would lead to his enormous financial success He was involved in numerous businesses from tramways to ladies fashion to mining and served on the boards of several corporations For nearly fifty years he was president of St Laurence Sugar and late in life he became the owner and publisher of the Montreal Star McConnell was an indefatigable and formidable fundraiser for the YMCA the war effort of 1914 18 hospitals and McGill University where he served as governor for almost three decades In 1937 he established what would become The J W McConnell Family Foundation the first major foundation in Canada and still one of the best endowed J W McConnell was a principled and brilliant visionary with a strong work ethic and a deep commitment to the public good a Rockefellerian figure in both big business and high society who quietly became one of the greatest philanthropists of his time His life story told in uncompromising detail by William Fong is a study of raising spending and giving away money on the grandest scale *Done with Slavery* Frank Mackey,2010-02-01 Did slavery exist in Montreal and if so what did it look like Frank Mackey grapples with this question in *Done with Slavery* a study of black Montrealers in the eighty years between the British Conquest and the union of Lower and Upper Canada Through close examination of archival and contemporary sources Mackey uncovers largely unknown aspects of the black transition from slavery to freedom While he considers the changing legal status of slavery much of the book provides a detailed and nuanced reconstruction of the circumstances of black Montrealers and their lived experience The resulting picture is remarkably complex showing the variety of occupations held by blacks the relationships they had with those they served their encounters with the judicial and political systems and the racial mingling that came with intermarriage and apprenticeships *Done with Slavery* casts the categories of blackness and slavery in a new light showing that broad histories of the phenomenon must begin to take into account the specifics of the lives of marginal black populations *Done with Slavery* is an invitation to look at a colonial society through the prism of documented black experience revealing that the roots of the present are neither as wholesome as some would hope nor as bitter as others might suppose **Canadian Books in Print. Author and Title Index** ,1975

Secondary Sources in the History of Canadian Medicine Charles G. Roland,Jacques Bernier,2010-11-22 Volume Two of this retrospective bibliography is both a continuation and an expansion of Volume One 1984 It contains references to Canadian medical historical literature published between 1984 and 1998 and also includes much additional material published prior to 1984 Finally it substantially enlarges the content of French language material Every effort has been made to be as inclusive as possible of articles theses book chapters and books both in English and in French relating to the history of medicine No single electronic source can replace this bibliography The contents are divided into three sections The first is

a listing of material expressly biographical Section two lists material under a wide variety of subject headings related to medicine and the third is a complete listing of the authors who have contributed these articles Simply organized and easy to use this bibliography will be of value to historians archivists librarians and anyone interested in the history of medicine
