Modernization Of The Arab World

Philippe Droz-Vincent

Modernization Of The Arab World:

Modernization of the Arab World Jack Howell Thompson, Robert Danton Reischauer, 1966 Recognized authorities in the field shed light on the processes of change now evolving in the modern Arab world These timely and penetrating articles focus on the interaction among the traditional themes of the past current realities and future expectations How today s leaders can cope with reality economic backwardness intra Arab and Arab Israeli tensions social instability and population pressures is the main theme of this study The selections reflect a diversity of opinion and approach in meeting this problem Largely drawn from The Journal of International Affairs the articles are supplemented by additional contributions and several reprinted essays Publisher s description **Military Politics of the Contemporary Arab World** Philippe

Droz-Vincent, 2020-10-29 Aside from large scale civic mobilisations no force was more critical to the outcomes of the 2011 Arab uprisings than the armed forces Nearly a decade after these events we see militaries across the region in power once again performing critical roles in state politics Taking as a point of reference five case studies where uprisings took place in 2011 Tunisia Egypt Libya Yemen and Syria Philippe Droz Vincent explores how these armies were able to install themselves for decades under enduring authoritarian regimes how armies reacted to the 2011 Uprisings and what role they played in the post Uprising regime re formations or collapses Devoting a chapter to monarchical armies with a special focus on Saudi Arabia and the UAE Droz Vincent addresses whether monarchies radically differ from republics to compare the foundational role of Arab armies in state building in the Arab world and beyond *A Companion to the History of the Middle East* Youssef M. Choueiri, 2008-09-02 A Companion to the History of the Middle East offers a fresh account of the multifaceted and multi layered history of this region A fresh account of the multifaceted and multi layered history of the Middle East Comprises 26 newly commissioned essays by leading international scholars Primarily focused on the modern and contemporary periods Covers religious social cultural economic political and military history Treats the region as four differentiated political units Iran Turkey Israel and the Arab world Includes a section on current issues such as oil urban growth the role of women and democratic human rights *The Middle East: From Transition to Development* Hajjar, 2022-05-20 [The Determinants of Arab Economic Development \(RLE Economy of Middle East\)](#) Yusuf Sayigh, 2014-10-30 This book explores in depth the factors determining economic development in the Arab region The particular factors relevant to the Arab world are also set within the context of the broad political economy of underdevelopment The factors are identified as comprising three main groups economic political administrative and socio cultural petroleum and regional Arab economic development are examined separately The force and operation of each determinant is further assessed in the context of the individual countries from which the author is able to arrive at some important conclusions concerning the interaction of these determinants and their impact upon development First published in 1978 *Bureaucracy and Development in the Arab World* Jabbra, 2022-04-25

Culture and Politics Jan-Erik Lane,Uwe Wagschal,2013-06-17 This concise accessible text presents an overview of the relevance of culture for politics Culture figures prominently in the theories of the great classics such as Marx Durkheim and Weber Recently the cultural approach to politics has developed quickly and the concept of political culture has played a role in these developments particularly given the emergence of large scale survey research into political value orientations Seeking to outline this rapid development the book is divided into three sections Section I of the book discusses the relevance of cultural perspectives to political analysis including discussion of the most significant concepts and methods Section II looks at the core elements of political culture tradition ethnicity and religion Section III examines emerging research avenues and opportunities including social capital value orientations in the postmodern world newer formulations of political culture such as gender and sexuality and the influence of the environment Drawing on a wealth of examples and a comprehensive analysis of comparative data this textbook is essential reading for all students of political culture research methods political sociology and comparative politics **Revolutionary Change and Modernization in the Arab World** Safouh

Akhrass,1972 *A History of Social Justice and Political Power in the Middle East* Linda T. Darling,2013-05-02 From ancient Mesopotamia into the 20th century the Circle of Justice as a concept has pervaded Middle Eastern political thought and underpinned the exercise of power in the Middle East The Circle of Justice depicts graphically how a government s justice toward the population generates political power military strength prosperity and good administration This book traces this set of relationships from its earliest appearance in the political writings of the Sumerians through four millennia of Middle Eastern culture It explores how people conceptualized and acted upon this powerful insight how they portrayed it in symbol painting and story and how they transmitted it from one regime to the next Moving towards the modern day the author shows how although the Circle of Justice was largely dropped from political discourse it did not disappear from people s political culture and expectations of government The book demonstrates the Circle s relevance to the Iranian Revolution and the rise of Islamist movements all over the Middle East and suggests how the concept remains relevant in an age of capitalism A must read for students policymakers and ordinary citizens this book will be an important contribution to the

areas of political history political theory Middle East studies and Orientalism Armies of Sand Kenneth Michael Pollack, 2019 Since the Second World War Arab armed forces have consistently punched below their weight They have lost many wars that by all rights they should have won and in their best performances only ever achieved quite modest accomplishments Over time soldiers scholars and military experts have offered various explanations for this pattern Reliance on Soviet military methods the poor civil military relations of the Arab world the underdevelopment of the Arab states and patterns of behavior derived from the wider Arab culture have all been suggested as the ultimate source of Arab military difficulties Armies of Sand Kenneth M Pollack's powerful and riveting history of Arab armies from the end of World War Two to the present assesses these differing explanations and isolates the most important causes Over the course of the book he examines the combat performance of fifteen Arab armies and air forces in virtually every Middle Eastern war from the Jordanians and Syrians in 1948 to Hizballah in 2006 and the Iraqis and ISIS in 2014 2017 He then compares these experiences to the performance of the Argentine Chadian Chinese Cuban North Korean and South Vietnamese armed forces in their own combat operations during the twentieth century The book ultimately concludes that reliance on Soviet doctrine was more of a help than a hindrance to the Arabs In contrast politicization and underdevelopment were both important factors limiting Arab military effectiveness but patterns of behavior derived from the dominant Arab culture was the most important factor of all Pollack closes with a discussion of the rapid changes occurring across the Arab world political economic and cultural as well as the rapid evolution in war making as a result of the information revolution He suggests that because both Arab society and warfare are changing the problems that have bedeviled Arab armed forces in the past could dissipate or even vanish in the future with potentially dramatic consequences for the Middle East military balance Sweeping in its historical coverage and highly accessible this will be the go to reference for anyone interested in the history of warfare in the Middle East since 1945 **The Routledge Handbook of Arabic Linguistics** Elabbas Benmamoun, Reem Bassiouney, 2017-12-22 The Routledge Handbook of Arabic Linguistics introduces readers to the major facets of research on Arabic and of the linguistic situation in the Arabic speaking world The edited collection includes chapters from prominent experts on various fields of Arabic linguistics The contributors provide overviews of the state of the art in their field and specifically focus on ideas and issues Not simply an overview of the field this handbook explores subjects in great depth and from multiple perspectives In addition to the traditional areas of Arabic linguistics the handbook covers computational approaches to Arabic Arabic in the diaspora neurolinguistic approaches to Arabic and Arabic as a global language The Routledge Handbook of Arabic Linguistics is a much needed resource for researchers on Arabic and comparative linguistics syntax morphology computational linguistics psycholinguistics sociolinguistics and applied linguistics and also for undergraduate and graduate students studying Arabic or linguistics **Hybrid Sovereignty in the Arab Middle East** G. Bacik, 2007-12-25 This book provides readers with a fresh analysis of the Arab state by using a new theoretical framework

hybrid sovereignty The author examines various areas to make his argument citizenship the issue of minorities electoral engineering the failure of central rule tribalism and the lack of impersonal bureaucratic mechanism Rethinking the Masters of Comparative Law Annelise Riles, 2001-10-08 Comparative Law is experiencing something of a renaissance as legal scholars and practitioners traditionally outside the discipline find it newly relevant in projects such as constitution and code drafting the harmonization of laws court decisions or as a tool for understanding the globalization of legal institutions On the other hand comparativists within the discipline find themselves asking questions about the identity of comparative law what it is that makes comparative law unique as a discipline what is the way forward This book designed with courses in comparative law as well as scholarly projects in mind brings a new generation of comparativists together to reflect on the character of their discipline It aims to incite curiosity and debate about contemporary issues within comparative law by bringing the discipline into conversation with debates in anthropology literary and cultural studies and critical theory The book addresses questions such as what is the disciplinary identity of comparative law how should we understand its relationship to colonialism modernism the Cold War and other wider events that have shaped its history what is its relationship to other projects of comparison in the arts social sciences and humanities and how has comparative law contributed at different times and in different parts of the world to projects of legal reform Each of the essays frames its intervention around a close reading of the life and work of one formative character in the history of the discipline Taken as a whole the book offers a fresh and sophisticated picture of the discipline and its future Contents Montesquieu the specter of despotism and the origins of comparative law Robert Launay Max Weber and the uncertainties of categorical comparative law Ahmed White Rethinking Hermann Kantorowicz Free law American legal realism and the legacy of anti formalism Vivian Grosswald Curran Encountering amateurism John Henry Wigmore and the uses of American formalism Annelise Riles Nobushige Hozumi A skillful transplanter of western legal thought into Japanese soil Hitoshi Aoki Sanhuri comparative law and Islamic legal reform or why cultural authenticity is impossible Amr Shalakany Sculpting the agenda of comparative law Ernst Rabel and the facade of language David J Gerber Ren David At the head of the family Jorge L Esquirol Postmodern Structural Comparative Jurisprudence The aggregate impact of R B Schlesinger and R Sacco to the understanding of the legal order Ugo Mattei
