Mondale Portrait Of An American Politician

Ronald L. Feinman

Mondale Portrait Of An American Politician:

Mondale Finlay Lewis,1980 A biography covering the personal life and career of the former Senator from Minnesota who was elected Vice President of the United States in 1976 **American Political Leaders** Steven O'Brien,1991-10 This book includes biographical facts as well as political contributions **The ^APresidency of the United States** Richard M. Pious,2010-04-10 The Presidency of the United States is an illustrated A to Z guide to the U S Presidency including biographical sketches of each President and Vice President along with articles on presidential powers presidential history theories about the presidency presidential elections advisors and agencies and information about the daily workings of the White House The second edition is completely revised up to March 2001 with new Biographies of George W Bush and Dick Cheney and completely updated biographies of Bill Clinton and Al Gore **The White House Vice Presidency** Joel K. Goldstein,2017-03-03 I am nothing but I may be everything John Adams the first vice president wrote of his office And for most of American history the nothing part of Adams s formulation accurately captured the importance of the vice presidency at least as long as the president had a heartbeat But a job that once was not worth a bucket of warm spit according to John Nance Garner became in the hands of the most recent vice presidents critical to the governing of the country on an ongoing basis It is this dramatic development of the nation s second office that Joel K Goldstein traces and explains in *The White House Vice Presidency* The rise of the vice presidency took a sharp upward trajectory with the vice presidency of Walter Mondale In Goldstein s work we see how Mondale and Jimmy Carter designed and implemented a new model of the office that allowed the vice president to become a close presidential adviser and representative on missions that mattered Goldstein takes us through the vice presidents from Mondale to Joe Biden presenting the arrangements each had with his respective president showing elements of continuity but also variations in the office and describing the challenges each faced and the work each did The book also examines the vice presidential selection process and campaigns since 1976 and shows how those activities affect and or are affected by the newly developed White House vice presidency The book presents a comprehensive account of the vice presidency as the office has developed from Mondale to Biden But *The White House Vice Presidency* is more than that it also shows how a constitutional office can evolve through the repetition of accumulated precedents and demonstrates the critical role of political leadership in institutional development In doing so the book offers lessons that go far beyond the nation s second office important as it now has become **Jimmy Carter, American Moral** Kenneth E. Morris,1997-10-01 In the first full scale biography of America s 39th president since 1980 Kenneth Morris shows readers that any conclusions about Carter s leadership and the adequacy of his challenges as a president cannot ignore the moral quandary that vexed the nation 35 photos *Minnesota: A History (Second Edition) (States and the Nation)* William E. Lass,2000-08-17 A comprehensive history of a state thought by many to be the most livable In this volume William Lass tells the story of Minnesota a state that evolved from many cultures from its beginnings to the present This

history not only provides descriptions of the essential events of Minnesota's past but also offers an interpretation of major trends and characteristics of the state and its distinctiveness within the context of the nation's story **In the Shadow of FDR** William E. Leuchtenburg, 2011-03-15 A ghost has inhabited the Oval Office since 1945 the ghost of Franklin Delano Roosevelt FDR's formidable presence has cast a large shadow on the occupants of that office in the years since his death and an appreciation of his continuing influence remains essential to understanding the contemporary presidency This new edition of *In the Shadow of FDR* has been updated to examine the presidency of George W Bush and the first 100 days of the presidency of Barack Obama The Obama presidency is evidence not just of the continuing relevance of FDR for assessing executive power but also of the salience of FDR's name in party politics and policy formulation Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today **Jimmy and Rosalynn Carter** E. Stanly Godbold, Jr., 2010-10-06 This dual biography of Jimmy and Rosalynn Carter the thirty ninth President and his wife chronicles their personal and professional relationships business and political success and rise to national power With a colorful cast of relatives and politicians it is a blueprint of how they would win the presidency and govern the nation *The Carter Administration and the Fall of Iran's Pahlavi Dynasty* Javier Gil Guerrero, 2016-04-08 This book is a tale of loss the loss of Iran as America's main ally and agent in the Middle East and the downfall of the short lived Pahlavi monarchy and America's inability and unwillingness to prevent its demise Khomeini's triumph altered America's perception of Islam and fundamentally changed its relationship with Iran *Rhetorical Studies of National Political Debates* Robert V. Friedenberg, 1993-10-30 This revised and updated edition remains the only book length rhetorical analysis of national political debates from 1960 to the present The contributors all rhetorical critics answer important questions about political debating in the United States including Why is the press involved in political debates Why are debates likely to be an enduring part of our presidential campaigns Why are some candidates successful as debaters while others are not Chapter authors offer insight into the goals commonly shared by political debaters and the rhetorical strategies most frequently used by national political debaters By providing an overall analysis of a variety of debate practices this book demonstrates how debates have become more than just campaign spectacles but rather complex calculated political events with significant consequences Predebate debate and postdebate strategies are considered in depth in these microanalyses Scholars and students of speech communication particularly those

concerned with political communication will find this volume noteworthy as will those in the related disciplines of political science history and journalism **Assassinations, Threats, and the American Presidency** Ronald L.

Feinman, 2015-08-06 Throughout American history Presidents and Presidential candidates have faced countless assassination threats and attempts on their lives These threats have extended not only to sitting Presidents and candidates but also to Presidents elect and former Presidents Assassinations Threats and the American Presidency From Andrew Jackson to Barack Obama walks through Presidential history looking at the countless assassination threats and attempts that have occurred throughout history Historian Ronald L Feinman discusses the Presidencies of sixteen Presidents as well as three important candidates and five living Presidents today and how they were directly threatened with assassination ranging from the first known threat to Andrew Jackson in 1833 to threats to Barack Obama in late 2014 All nineteen of these Presidents and candidates were threatened with assassination six being killed three wounded and ten unhurt Additionally he reveals information about some failed attempts which had they been successful could have resulted in fifteen different men who would have become President of the United States Which ones would have been able to fill the responsibilities Which ones would have been disastrous in the Oval Office Assassination attempts both successful and failures have been part of our political culture for over 180 years and the problem of Presidential security safety and protection remains a serious problem today With the President being faced with countless death threats the Secret Service and FBI are forced to employ all kinds of technological methods to protect our Chief Executive and his family as well as other top officials in the line of succession Feinman brings to light how these agencies have grown both technologically and physically to counter these attacks He also sheds light on how these threats to our Presidency have devastated changed and grown our United States into what it is today [This Little Light of Mine](#) Kay Mills, 2007-08-24 The award winning biography of black civil rights activist Fannie

Lou Hamer *Guide to the Presidency and the Executive Branch* Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral

powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions

Through the Maelstrom Boris Gorbachevsky, 2015-03-27 The monumental battles of World War II's Eastern Front Moscow Stalingrad Kursk are etched into the historical record But there is another hidden history of that war that has too often been ignored in official accounts Boris Gorbachevsky was a junior officer in the 31st Army who first saw front line duty as a rifleman in the 30th Army Through the Maelstrom recounts his three harrowing years on some of the war's grimmest but forgotten battlefields the campaign for Rzhev the bloody struggle to retake Belorussia and the bitter final fighting in East Prussia As he traces his experiences from his initial training through the maelstrom to final victory he provides one of the richest and most detailed memoirs of life and warfare on the Eastern Front Gorbachevsky's panoramic account takes us from infantry specialist school to the front lines to rear services areas and his whirlwind romances in wartime Moscow He recalls the shriek of Katiusha rockets flying overhead toward the enemy and the unforgettable howl of Stukas divebombing Soviet tanks And he conveys horrors of brutal fighting not recorded previously in English including his own participation in a human wave assault that decimated his regiment at Rzhev with piles of corpses growing the closer they got to the German trenches Gorbachevsky also records the sufferings of the starving citizens of Leningrad the savage execution of a Russian scout who turned in false information the killing of an innocent German trying to welcome the Soviet troops and a chilling campfire discussion by four Russian soldiers as they compared notes about the women they'd raped His memoir brims with rich descriptions of daily army life the challenges of maintaining morale and relationships between soldiers It also includes candid exposé of the many problems the Red Army faced the influence of political officers the stubbornness of senior commanders the attrition through desertions and the initial months of occupation in postwar Germany Through the Maelstrom features the swiftly moving narrative and rich dialogue associated with the grand style of great Russian literature Ultimately it provides a fitting and final testament to soldiers who fought and died in anonymity Sharing the Dream Dominic

Pulera,2004-10-20 White males 100 million strong constitute approximately 35 percent of the U S population a percentage that declines slightly each year They matter very much to discussions of race ethnicity and gender in the US due to their numbers and the enormous influence they have wielded and continue to wield In this highly original and readable work Dominic Pulera offers the broadest and most balanced treatment of the white male experience in America to date He contends that virtually all white males are sharing the American dream with women and people of color in response to the nation s changing demographics and the multicultural mindset that informs policies and attitudes in our nation Some white males are sharing the dream voluntarily others are doing so involuntarily The author also explores the heterogeneity of white male America taking into account such factors as age ethnicity ideology social class regional background occupational status and sexual orientation This timely work relies on a broad range of sources including extensive field research and hundreds of interviews along with the best primary and secondary sources available It includes original historical treatments discussion of contemporary dynamics and comparative material that takes into account the experiences of peoples in other countries In doing so Pulera places white males in the context of America s ongoing transition from a predominantly white country to one where people of color are increasingly numerous and consequently becoming more visible Dominic J Pulera is an independent scholar who lectures and writes about issues related to race ethnicity and gender In the wake of his first book *Visible Differences Why Race Will Matter to Americans in the Twenty First Century* he spoke at 13 universities on 4 continents and appeared on a one hour segment of Book TV C Span He has been a frequent guest on radio and television programs in Atlanta Baltimore Chicago Detroit Los Angeles Philadelphia and Washington D C *Jimmy Carter as Educational Policymaker* Deanna L. Michael,2008-08-21 The United States is once again actively pursuing educational reform with the expressed goals of increasing efficiency and improving the quality of education while leaving no child behind Although these themes have been recast in contemporary terms this book demonstrates that they are a continuation of the educational efficiency movement that began in the early 1900s and reemerged during Jimmy Carter s administration Carter s involvement in educational policy on all governmental levels offers a unique opportunity to study the formation and implementation of educational policies on the local state and federal levels and to witness the centralization of educational policymaking in the latter half of the twentieth century Deanna L Michael explores how Carter s commitments to efficiency and planning on the one hand and to equal educational opportunity on the other reflect the larger national movement in educational policy When these commitments came into conflict Michael suggests Carter s attempts to reconcile them reveal both his own shifting priorities and the complex social and political obstacles facing educational policymakers then and now

The ^AOxford Guide to the United States Government John J. Patrick,Richard M. Pious,Donald A.

Ritchie,2001-07-04 The Oxford Guide to the United States Government is the ultimate resource for authoritative information on the U S Presidency Congress and Supreme Court Compiled by three top scholars its pages brim with the key figures

events and structures that have animated U S government for more than 200 years In addition to coverage of the 2000 Presidential race and election this Guide features biographies of all the Presidents Vice Presidents and Supreme Court Justices as well as notable members of Congress including current leadership historical commentary on past elections major Presidential decisions international and domestic programs and the key advisors and agencies of the executive branch in depth analysis of Congressional leadership and committees agencies and staff and historic legislation and detailed discussions of 100 landmark Supreme Court cases and the major issues facing the Court today In addition to entries that define legal terms and phrases and others that elaborate on the wide array of government traditions this invaluable book includes extensive back matter including tables of Presidential election results lists of Presidents Vice Presidents Congresses and Supreme Court Justices with dates of service lists of Presidential museums libraries and historic sites relevant websites and information on visiting the White House the Capitol and Supreme Court buildings A one stop comprehensive guide that will assist students educators and anyone curious about the inner workings of government The Oxford Guide to the United States Government will be a valued addition to any home library The CIA & American Democracy Rhodri

Jeffreys-Jones,2003-02-08 This edition of the brief yet subtle and penetrating account of the CIA includes a new prologue covering the agency s more recent history Christian Science Monitor Now in its third edition Rhodri Jeffreys Jones s comprehensive history of the Central Intelligence Agency is widely acclaimed for its thorough and even handed analysis A renowned U S intelligence expert Jeffreys Jones chronicles the evolution of the agency from its beginning in 1947 to the present day With clarity and acuity he examines the CIA s activities during some of the most dramatic episodes in American history from McCarthyism to the Bay of Pigs the assassination of John F Kennedy the Iran Contra affair and many others A new prologue by the author also covers the CIA s history from the end of the Cold War to the terror attacks of September 11th 2001 A landmark of intelligence history since its first edition in 1989 The CIA and American Democracy is a judicious and reasonable sophisticated study David P Calleo New York Times Book Review The American Vice Presidency Jules Witcover,2014 An all inclusive examination of the vice presidency over the course of American history Witcover chronicles each of the forty seven vice presidents during their tenures and explores how the roles and responsibilities were first subject to the whims of the presidents under whom they served but came to be expanded to a de facto assistant presidency
