Monday's Child Linda Chaikin, 1999-07-01 The first book in bestselling author Linda Chaikin's new series of contemporary mystery romances Monday's Child was conceived in the poem Monday's child is fair of face Tuesday's child is full of grace Each book of this uncommon series uses a line from the poem to tell the story of a woman facing incredible odds as she searches to understand God's plan for her For Krista von Burren a beautiful model whose fair face and form have opened doors all over Europe life seems perfect Then Jordan Lucas appears Jordan is working with an investigative journalist to uncover an international banking scandal dating back to Hitler's Germany When he tells Krista that the heirloom ring she wears did not come from her German grandmother as she thought but from his aunt who died in a concentration camp Krista is stunned Could her grandfather and father both Swiss bankers possibly have been involved in such a thing Dark ripples of fear and haunting guilt begin to move through her family and Krista suddenly finds herself involved in a stunning unforeseen series of events In the midst of her search for truth a tragic accident changes Krista's life in ways she could never have imagined She comes to learn that her true source of happiness lies not in her fair face but in her faith in God And she finds the kind of love she has always prayed for a love that goes beyond outward beauty and reaches to her very heart and soul Monday's Child is sure to appeal to Linda's current fans and introduce many new readers to great Christian fiction **Math**

Segregation by Experience Jennifer Keys Adair, Kiyomi Sánchez-Suzuki Colegrove, 2021-05-03 Early childhood can be a time of rich discovery, a period when educators have an opportunity to harness their students' fascination to create unique learning opportunities. Some teachers engage with their students' ideas in ways that make learning collaborative, but not all students have access to these kinds of learning environments. In *Segregation by Experience*, the authors filmed and studied a first-grade classroom led by a Black immigrant teacher who encouraged her diverse group of

students to exercise their agency When the researchers showed the film to other schools everyone struggled Educators admired the teacher but didn't think her practices would work with their own Black and brown students Parents of color many of them immigrants liked many of the practices but worried that they would compromise their children And the young children who viewed the film thought that the kids in the film were terrible loud and badly behaved they told the authors that learning was supposed to be quiet still and obedient In *Segregation by Experience* Jennifer Keys Adair and Kiyomi Sanchez Suzuki Colegrove show us just how much our expectations of children of color affect what and how they learn at school and they ask us to consider which children get to have sophisticated dynamic learning experiences at school and which children are denied such experiences because of our continued racist assumptions about them *Preschool ABC's, Grade Preschool*, 2012-09-01 Preschool ABCs Assessment Behavior Classroom Management provides classroom management strategies as well as assessment tools and enrichment activities designed to strengthen development reach milestones and curb behavioral issues By monitoring the social emotional growth language cognitive development and behavior issues in your toddler or preschool classroom you can provide an effective learning environment for every student Its 160 pages include a wealth of checklists milestones and reproducible activities
