**Money and Power** Jacques Ellul,2009-02-05 Rich or poor we all face the problem of money But is money chiefly a  
personal problem of how we manage our resources or a societal problem of how we organize the economy Jacques Ellul  
exposes the folly of a purely societal approach whether communism collectivism socialism or capitalism and argues for  
individual responsibility Money he says is not neutral something we can use as we like Instead it is a powerful agent that sets  
itself against God s kingdom Tracing the scriptural attitudes toward wealth from Old Testament sacramentalism through  
New Testament renunciation he challenges Christians to live by the law of grace and not by the law of the marketplace
