Get ready to discover the economics approach to financial planning, the fruit of a century's worth of research by thousands of cloistered economic wizards whose now accessible collective findings turn conventional financial advice on its head. Money Magic Deborah L. Price, 2010-10-04 Making keeping and enjoying money isn't just about investments, salaries, inheritances or dividends, according to Deborah Price. It's also about the games people play around money and their character type in relation to it. In *Money Magic*, Price shows how to transform your relationship with money to obtain the wealth you desire. The book is structured around eight types: the Innocent, the ostrich approach, the Victim, blaming circumstances, the Warrior conquering money, the Martyr always rescuing someone, the Fool gambler looking for a windfall, the Creator/Artist regarding money as evil, the Tyrant controlling through money, and the Magician benefitting spiritually and financially from money. The Magician is the book's ideal, and Price offers exercises to help readers attain it. Describes eight money types and offers quizzes to determine your type. Shows readers how to stop making fear-based money choices.

Money Magic for Beginners Harry Eilenstein,2021-06-04 Money spells don t necessarily have the best reputation quite wrongly Why not live in abundance There are a lot of classical methods to get money from Jupiter talisman to sigil magic This also works reasonably well However you can also be more thorough and explore why you have had too little money so far for this you can use the horoscope knowledge of the chakras and some other things If by improved self knowledge regarding money there are no more Yes but wishes but instead Yes gladly wishes one s own money magic will also become more effective But one can do it still another step more thoroughly One can look at the own relationship to the abundance altogether and see whether something in one s own life is no longer in the center Has the fire become polarized to power and powerlessness The water to renunciation and gluttony The air to lies and bossiness The earth to poverty and gluttony If one can dissolve these polarized extremes truth power love and flourishing will again come into one s life But even this is not the real foundation of the money theme There is the possibility to live in trust to the world and in responsibility for the world and to connect with the world through a constantly working magic so that abundance can flow at any time Would you like to join us on this journey of discovery
