*Literature of the Holocaust* Alan Rosen, 2013-11-14 During and in the aftermath of the dark period of the Holocaust writers across Europe and America sought to express their feelings and experiences through their writings This book provides a comprehensive account of these writings through essays from expert scholars covering a wide geographic linguistic thematic and generic range of materials Such an overview is particularly appropriate at a time when the corpus of Holocaust literature has grown to immense proportions and when guidance is needed in determining a canon of essential readings a context to interpret them and a paradigm for the evolution of writing on the Holocaust The expert contributors to this volume who negotiate the literature in the original languages provide insight into the influence of national traditions and the importance of language especially but not exclusively Yiddish and Hebrew to the literary response arising from the Holocaust

Datt & Sundharam's Indian Economy 73rd Edition Gaurav Datt & Biswajit Nag, This revised edition of Datt and Sundharam's Indian Economy presents an up to date review of trends and issues framing the development of the modern Indian economy This comprehensive update involved a complete rewrite of the original book as part of the endeavour to promote a critical understanding of the ever changing canvass of opportunities and challenges facing the Indian economy This edition represents a fresh attempt to study the evolving journey of the increasingly complex Indian economy from a contemporary vantage point while retaining a longer term historical perspective Divided into five parts the book begins with an overview of the Evolving Structure of the Indian Economy which introduces India as a developing economy and discusses its economic growth demographic trends human development infrastructure and the environment The second part delves into India's Planning System and Evolution of Economics Sectors As areas of national concern the topics of Poverty Inequality Employment and Social Security are taken up in the third part The fourth part on the Fiscal

monetary system and India's Financial Sector discusses key aspects of India's fiscal monetary and financial sector policy including a detailed review of the Union Budget 2023-24. The final part focuses on Trade Technology and Globalisation discussing issues related to trade policy foreign direct investment India's interface with the World Trade Organisation participation in global value chains and the state of technology in the context of India's emergence on the global economic stage. With the marshalling of large amounts of data in an array of tables graphs charts and boxes explaining key concepts and special topics the book is informative engaging visually appealing and facilitates better understanding of the evolving complexities of the Indian economy along with the potential and limits of economic policy in the country. The revision has been developed according to the curriculum of the National Education Policy 2020 and caters to the academic requirements of undergraduate Economics students. The findings from contemporary literature research covered in the book will help the Post graduate students and researchers from economics commerce and finance streams. It will also be a useful resource for the aspirants appearing for various competitive examinations.

**Sociological Theory of Value** Natàlia Cantó Milà, 2015-07-15 In this book Natàlia Cantó Milà elaborates on Georg Simmel's relational approach to a theory of value pointing at the heuristic possibilities that this approach offers to modern sociology and to a sociology of modernity. She does so by focusing on the theory of value Simmel developed in his *The Philosophy of Money* delivering an alternative reading of this book that views its theory of value as its main axial point. Simmel's theory of value is depicted by Cantó Milà as including an intrinsically sociological aspect since economic as well as moral, ethical and aesthetic values are conceived as resulting from human relations.

**Overwhelmed No More! Love Yourself to Wealth** Janna Chin MA, 2016-07-25 Does this sound like you? For over a decade Superwomen entrepreneurs from all over the country have come to Janna Chin due to juggling many roles and responsibilities. During that time Janna discovered that despite their personal circumstances smart women entrepreneurs share the same experiences of stress, anxiety and lack of confidence. These women had lost their energy, health, peace of mind and even wealth. They discovered the good news that by shifting their mindset and using the right tools it was truly possible to break free from being overwhelmed and love themselves to wealth with more ease and joy. With *Overwhelmed No More! Love Yourself to Wealth* Janna offers not only the sweet possibilities of what life without overwhelm can be but she also provides you with the roadmap and tools you need to powerfully step out of overwhelm and break free from the patterns and fears that have held you back from being the best version of yourself and creating the life and business you really want. This effective book is brimming with empowering women's poetry, exercises and power affirmations to guide you to unlock the answers you're seeking to create profound change and transformation. Each poem takes you through a process of self-evaluation and introspection. The exercises and heart questions assist you with discovering powerful insights into what may be underlying your personal blocks and provides you with the tools you can use to break free from overwhelm and shift your money mindset transforming your relationships and business to a life filled with ease, joy and financial abundance.

**New Perspectives on Emotions in Finance** Jocelyn Pixley, 2012 The financial crisis that started in 2007 is a concern for the world. Some countries are in depression and governments are desperately trying to find solutions. In the absence of thorough debate on the emotions of money, bitter disputes, hatred and moralizing can be misunderstood. *New Perspectives on Emotions in Finance* carefully considers emotions often left unacknowledged in order to explain the socially useful versus de-civilising, destructive nature of money. This book offers an understanding of money that includes the possible civilising sentiments. This interdisciplinary volume examines what is seemingly an uncontrollable, fragile world of finance and explains the panics of traders and immoral panics in banking, confidence of government and commercial decision makers, shame or cynicism of investors and asymmetries of impersonal trust between finance corporations and their many publics. Money is

shown to rely on this abstract trust or faith but such motivations are in crisis with angry conflicts over the power of disposition Restraining influences on uncivilised emotions and rule breaking need democratic consensus due to enduring national differences in economic sentiments even in ostensibly similar countries Promising ideas for global reform are assessed from these cautionary interpretations Instead of one correct vision sociologists in this book argue that corporations and global dependencies are driven by fears and normless sentiments which foster betrayal This book is not about individuals but habitus and market crudities Human nature or greed cannot describe banks which do not feel because their motivations are not from personal psyches but organisational pressures and are liable to switch under money's inevitable uncertainties This more inclusive social science studies emotions as a crucial factor among others to expand the informed public debate among policy makers bankers academics students and the public
