The Public Speaker Anthony Ekanem, 2017-03-11 You can become a professional public speaker as a lucrative sideline to your current business or you can make professional speaking the entire focus of your career It's up to you Professional speaking is a flexible and lucrative enterprise The best public speakers earn all or most of their money from public speaking and they make very good livings indeed Fees for public speaking can range from the low hundreds for those just starting out all the way up to six figures for those who have impressive credentials and experience What are some types of public speaking you may want to practice Many speakers enjoy giving workshops seminars or keynote speeches A speech will usually run a half hour to an hour depending on the time of day Lunch speeches for instance will be shorter than a keynote speech at a banquet You may be booked as the highlight or draw of a conference or be asked

to speak to a lunchtime networking meeting Workshops and seminars are generally lengthier than speeches In workshops participants often get hands on experience in your area of expertise Like workshops seminars may run a day or longer but they won t necessarily include a hands on component Either workshops or seminars may be presented as a part of a larger conference Professional speaking can also help you build your business You may choose to add speaking to your repertoire as a marketing boost There is no better way to become known Many people who promote their businesses through public speaking also sell additional products at the back of the room These can include books CD sets coaching sessions and so forth and all of these can lead to more public speaking engagements too Success as a public speaker adds to self confidence and self esteem Knowing that you can command the rapt attention of an audience of hundreds or even thousands gives you unshakeable confidence in nearly every situation The poise that you gain through mastering public speaking will help you in every aspect of business The best professional speakers love what they do and it shows There s nothing like the adrenaline rush of having a roomful of people applauding you or maybe even on their feet giving you a standing ovation This feeling can even become mildly addictive But don t worry if the thought of standing before even a small group makes your knees start shaking there are techniques you can master to help you become comfortable and skilled But don t worry because this is one addiction that is healthy After all as a public speaker you ll be helping people through sharing the information that you as an expert have accumulated Because of this many people feel called to the profession of public speaker To these speakers sharing their special knowledge is as important if not more important than the healthy salaries they command for their speaking skills So if you ve decided that developing a lucrative public speaking profession is for you let s get started in learning more about it First we ll look at some of the pros and cons of a public speaking career Anthony Ekanem is a Management scholar researcher writer and author He is also a Chartered Insurer with many years of experience **The Go-To Expert** Heather Townsend,Jon Baker,2014-04-01 The Go To Expert provides no nonsense advice on managing your transition into a well known and trusted name within your industry Discover Simple steps to build your profile How to market and sell yourself with ease and confidence Techniques to make your clients come to you The full text downloaded to your computer With eBooks you can search for key concepts words and phrases make highlights and notes as you study share your notes with friends eBooks are downloaded to your computer and accessible either offline through the Bookshelf available as a free download available online and also via the iPad and Android apps Upon purchase you ll gain instant access to this eBook Time limit The eBooks products do not have an expiry date You will continue to access your digital ebook products whilst you have your Bookshelf installed **Start Your Own Seminar Production Business** Terry Adams,Rob Adams,2006-09-12 Publisher description **An Insider's Guide to Building a Successful Consulting Practice** Bruce L.
