Money For Maria Borrowed Time:

Farewell to Matyora Valentin Rasputin,1995 A fine example of Village Prose from the post Stalin era Farewell to Matyora decries the loss of the Russian peasant culture to the impersonal soulless march of progress It is the final summer of the peasant village of Matyora A dam will be completed in the fall destroying the village Although their departure is inevitable the characters over when and even whether they should leave A haunting story with a heartfelt theme Farewell to Matyora is a passionate plea for humanity and an eloquent cry for a return to an organic life *Live and Remember* Valentin Rasputin,1992 From Back Cover Live and Remember is one of the most important works of Russian literature of the post Stalin pre glasnost era First published in Russian in 1974 it was immediately hailed by Soviet critics as a superb if atypical example of war literature and a moving depiction of the degradation and ultimate damnation of a frontline deserter although it did provoke controversy for its sympathetic portrayal of the deserter s wife But the novel has also attracted the attention of both Western and Soviet critics for it masterly psychological portrait of two characters caught in a hopeless situation The novel tells the story of a Siberian peasant who makes a tragic miscalculation by deserting in the last year of the war and the loyal wife who embraces his fate as her own Rasputin examines the doomed relationship of these characters sharply evoking the ties that bind individuals to their land their community their family More than commentary on the nature of Soviet power or on the conduct of the war Live and Remember is simultaneously a timeless tale with universal appeal and a very Russian story *Reference Guide to Russian Literature* Neil Cornwell,2013-12-02 First Published in 1998 This volume will surely be regarded as the standard guide to Russian literature for some considerable time to come It is therefore confidently recommended for addition to reference libraries be they academic or public *Social Wellbeing* Leif Windrider,Al,2025-03-14 Social Wellbeing explores the profound impact of our relationships on emotional health presenting a framework for building stronger social connections and improving communication skills It highlights how essential elements like connection communication and navigation contribute to a more balanced and fulfilling life Did you know that strong relationships can act as buffers against stress increasing overall resilience The book emphasizes that social skills are not innate but learnable offering ways to actively cultivate and maintain healthy relationships for enhanced wellbeing The book approaches the topic through the three pillars of social wellbeing connection communication and navigation It begins by introducing these core concepts drawing from psychology sociology and communication studies Later chapters offer practical strategies for improving communication skills and handling conflict The book argues that understanding family dynamics managing conflict in romantic partnerships and building positive workplace relationships are all key to social wellbeing

Business Management for Hairdressers and Therapists Susan Cressy,2003 This volume covers good business practices and management to help the reader run a successful salon It covers safe working fair employment practice and making the most of services offered *Destiny's Bequests* Robert A. Kerr,Robert A. Kerr Sr,2003-10 In this novel genes will

out The seminal event is passionate lovemaking after a heated argument Destiny steps in and a chain of circumstances begins with a beloved wife's death in giving birth to twins One twin stolen and left as a foundling is picked up by a young Italian matron in a church Illegally adopted he grows up among sisters the adored son of an extended family headed by a war hero with mob connections The other twin lives with his bereft father who blames himself and the twins for the death of his wife Expelled from school and a runaway he is taken in by his uncle and grows up on a working ranch in Wyoming with his two cousins his fiercely loving aunt and an old man who once saved the life of Gov Franklin Roosevelt This heartwarming story of family and friendship courage and tenderness and the hard and sometimes bitter struggle for truth twists in intricate paths toward a resolution that gives new meaning to the phrase separated at birth and puts a smile on Destiny's face

Spirit of the Totem Irena Maryniak, 1995 The book presents an original interdisciplinary analysis of religious and mythological perspectives in fiction published in the Soviet Union between the mid 1960s and the mid 1980s In doing so it points to ways in which anthropological theory can be used as a framework for literary criticism It also shows how in the two decades before perestroika religion and mythology served as alternative models for the intellectual and political reorientation of Soviet society Selected works are explored with reference to a formative debate in anthropological studies on the nature and development of religion based on Edward B Tylor's theory of animism and Emile Durkheim's theory of totemism It is shown how the animist totemist dichotomy highlighted by the controversy is reflected in Russian religious thought before 1917 and particularly in the literature of the Soviet era Within the framework of this debate a selection of novels is discussed in the light of a range of mythological and religious systems Attention is drawn to the connection between Valentin Rasputin's religious vision and traditional Siberian beliefs particularly those of the Buryat The Georgian novel *Data Tutashkia* by Chabua Amiredzhibi is analysed with reference to Zoroastrian thought Daniil Granin's *Kartina* The Picture serves as an example of a work where in accordance with Tylor's theory notions of art and beauty take on an animist quality It is argued that early fiction by Chingiz Aitmatov reveals a tension between animist perceptions and the totemic understanding of religion and mirrors aspects of pre Islamic Central Asian religious tradition The writing of Vladimir Tendriakov offers an example of a vision divided between an awareness of Christian dilemmas and loyalty to Marxist Leninist sociological models The study also shows how Durkheim's theory of religion as an expression of a group's awareness of its identity can be related to ideas put forward by Russian nationalist writers Iurii Bondarev Sergei Alekseev and Vasilii Belov It suggests that examples of fiction by Petr Proskurin and later works by Chingiz Aitmatov and Vladimir Tendriakov indicate revived interest in the God building theory of Maksim Gor'kii and Anatolii Lunacharskii In conclusion the book argues that subtextual religious and mythological narratives in Soviet fiction published in the years between the fall of Khrushchev and the Millennium of Christianity in Rus provided a model for new literary discourse under perestroika and for subsequent political transformations
