**Montana Justice** Keith Edgerton,2004-07 Since the days of the Wild West Montanans have struggled to be tough on crime with limited resources this social history of the Montana penitentiary focuses on its early days under a corrupt warden

**Montana Justice** Keith Edgerton,2011-10-01 Since the days of the wild West Montanans have struggled to be tough on crime with limited resources During Montana s early territorial years criminal justice was almost nonexistent a few towns had inadequate and chronically overcrowded jails occasional prisoners were sent east to the federal penitentiary in Detroit and vigilantes summarily dealt with others suspected of crimes In 1871 the federal government funded a penitentiary in Deer Lodge that was turned over to Montana when it achieved statehood in 1889 In this absorbing book Keith Edgerton provides a social history of the Montana Penitentiary with a primary focus on its early formative years After statehood Montana leased its penitentiary to contractors who utilized cheap inmate labor to turn a profit for themselves and for the state Warden Frank Conley became a regional political boss and amassed a personal fortune using inmates for road construction and a variety of public and private projects Eventually charges of corruption led to his ouster by Governor Joseph M Dixon and sparked a trial and heated controversy that resulted in Dixon s political downfall After 1921 the prison system came under full control of the state government Although there were changes at the penitentiary during the rest of the twentieth century and two full scale riots in the 1950s there was also a depressing repetition of corruption neglect and underfunding Dark Spaces Ellen Baumler,2008-10-16 Baumler and Cooper collaborate to tell the human story of Montana s first federal penal facility

**Studies in Law, Politics and Society** Austin Sarat,2009-12-09 Brings together research on law s cultural life and on institutions and actors who translate interests preferences and values into legal policy This work offers perspectives from an interdisciplinary and international community and contains contributions from scholars of theology political science criminology bio ethics and law *Montana: A Cultural Medley* Robert R. Swartout, Jr.,2015-07-15 The whole is greater than the sum of the parts when Montana historian Robert Swartout gathers the fascinating stories of the state s surprisingly diverse ethnic groups into this thought provoking collection of essays Fourteen chapters showcase an African American nightclub in Great Falls a Japanese American war hero the founding of a Met s community Jewish merchants and Dutch settlement in the Gallatin Valley as well as stories of Irish Scots Chinese Finns Mexican Americans European war brides and more Sunbelt Justice Mona Lynch,2009-09-04 In the late 20th century the United States experienced an incarceration explosion Over the course of twenty years the imprisonment rate quadrupled and today more than 1 5 million people are held in state and federal prisons Arizona s Department of Corrections came of age just as this shift toward prison warehousing began and soon led the pack in using punitive incarceration in response to crime Sunbelt Justice looks at the development of Arizona s punishment politics policies and practices and brings to light just how and why we have become a mass incarceration nation **The Punishment Response** Graeme Newman,2017-07-28 Punishment occupies a central

place in our lives and attitudes We suffer a profound ambivalence about its moral consequences Persons who have been punished or are liable to be punished have long objected to the legitimacy of punishment We are all objects of punishment yet we are also its users Our ambivalence is so profound that not only do we punish others but we punish ourselves as well We view those who submit too willingly to punishment as obedient verging on the groveling coward and we view those who resist punishment as disobedient rebels In *The Punishment Response* Graeme Newman describes the uses of punishment and how these uses change over time Some argue that punishment promotes discrimination and divisiveness in society Others claim that it is through punishment that order and legitimacy are upheld It is important that punishment is understood as neither one nor the other it is both This point simple though it seems has never really been addressed This is why Newman claims we wax and wane in our uses of punishment why punishing institutions are clogged by bureaucracy why the death penalty comes and goes like the tide Graeme Newman emphasizes that punishment is a cultural process and also a mechanism of particular institutions of which criminal law is but one Because academic discussions of punishment have been confined to legalistic preoccupations much of the policy and justification of punishment have been based on discussions of extreme cases The use of punishment in the sphere of crime is an extreme unto itself since crime is a minor aspect of daily life The uses of punishment and the moral justifications for punishment within the family and school have rarely been considered certainly not to the exhaustive extent that criminal law has been in this outstanding work **Explaining U.S.**

**The Big House in a Small Town** Eric J. Williams, 2011-03-03 This work is an in depth on the ground examination of how prisons impact rural communities including a revealing study of two rural communities that have chosen prisons as an economic development strategy A recent study by the Urban Institute estimates that one third of all counties in the United States house a prison and that our prison and jail population is now over 2 1 million Another report indicates that more than 97 percent of all U S prisoners are eventually released and communities are absorbing nearly 650 000 formerly incarcerated individuals each year These figures are particularly alarming considering the fact that rural communities are using prisons as economic development vehicles without fully understanding the effects of these jails on the area This book is the result of author Eric J Williams ground level research about the effects of prisons upon two rural American communities that lobbied to host maximum security prisons Through hundreds of interviews conducted while living in Florence Colorado and Beeville Texas Williams offers the perspective of local residents on all sides of the issue as well as a social history told mainly from the standpoint of those who lobbied for the prisons

Hargreaves Luebking, 2006 *Genealogists and other historical researchers have valued the first two editions of this work often referred to as the genealogist's bible*. The new edition continues that tradition. Intended as a handbook and a guide to selecting, locating, and using appropriate primary and secondary resources, *The Source* also functions as an instructional tool for novice genealogists and a refresher course for experienced researchers. More than 30 experts in this field—genealogists, historians, librarians, and archivists—prepared the 20 signed chapters, which are well written, easy to read, and include many helpful hints for getting the most out of whatever information is acquired. Each chapter ends with an extensive bibliography and is further enriched by tables, black and white illustrations, and examples of documents. Eight appendixes include the expected contact information for groups and institutions that persons studying genealogy and history need to find.
