

A painting depicting a scene in a saloon. In the foreground, a man in a suit and hat sits at a table, looking down at a document. Behind him, several men in cowboy hats are gathered around a table, some looking at a document. In the background, a man in a cowboy hat stands near a bar. The scene is dimly lit, with a warm, yellowish light emanating from the background.

Montanas Righteous Hangmen:

Montana's Righteous Hangmen Llewellyn Link Callaway, 1997-02-01 This is the story of Montana Territory in the last half of the nineteenth century when a massive influx of gold seekers brought murderers and robbers into the region and forced the creation of an organization of law abiding citizens known as the Vigilantes Led by Captain James Williams the Vigilantes sought to stop the blatant activities of more than fifty road agents in the Bannack Virginia City mining area who were secretly directed and protected by a local sheriff Henry Plummer The first instance of taking the law into their own hands occurred when an impromptu group of men captured tried and hanged one notorious killer George Ives Thereafter with public approval the Vigilantes continued to ride across the land bringing swift retribution to all wrongdoers Lew L Callaway who grew up knowing Captain Williams as a friend to his father herein recounts the stories of such famous episodes as the trial of Ives and the controversial capture and hanging of Joseph A Slade who was carrying the severed ears of one of his victims in his pocket on the day he was hanged More than a history of the bloody era that spawned the Vigilantes this is the story of life in Montana Territory of gold fever Indian warfare and the cattle empire that ended along with Captain Williams s life in the disastrous winter of 1887

Montana's Righteous Hangmen Llewellyn Link Callaway, 1982 Relates the history of the Montana Vigilance committees of the 1860s and their controversial actions of extralegal justice in mining camp areas where territorial government had little power

Montana Vigilantes, 1863-1870 Mark C. Dillon, 2018-10-22 A history and legal analysis of vigilantism in Montana in the 1860s from a state Supreme Court justice and legal historian Historians and novelists alike have described the vigilantism that took root in the gold mining communities of Montana in the mid 1860s but Mark C Dillon is the first to examine the subject through the prism of American legal history considering the state of criminal justice and law enforcement in the western territories and also trial procedures gubernatorial politics legislative enactments and constitutional rights Using newspaper articles diaries letters biographies invoices and books that speak to the compelling history of Montana s vigilantism in the 1860s Dillon examines the conduct of the vigilantes in the context of the due process norms of the time He implicates the influence of lawyers and judges who like their non lawyer counterparts shaped history during the rush to earn fortunes in gold Dillon s perspective as a state Supreme Court justice and legal historian uniquely illuminates the intersection of territorial politics constitutional issues corrupt law enforcement and the basic need of citizenry for social order This readable and well directed analysis of the social and legal context that contributed to the rise of Montana vigilante groups will be of interest to scholars and general readers interested in Western history law and criminal justice for years to come Justice Dillon s book reads like a Western Dillon masterfully sets the stage for the rise of the Montana vigilantes by bringing alive the people who created and lived in mining towns There are heroes villains shady characters and more than a few politicians businessmen lawyers and judges What sets Dillon s book apart from historical texts and fictional tales is that he provides legal analyses and explanations of the trials sentences due process and

procedures of the day And shed s grisly light on the details of the hangings Dillon s unique background as an attorney and judge and his downright dogged research are what makes this complex story so engaging The prose is clear crisp and gets to the point The book is satisfying because it answers contemporary nagging questions about the law regarding the vigilantes and the hangings Gregory Zenon Brooklyn Barrister Dillon s analysis of the vigilantes of Bannack Alder Gulch and Helena in Montana Territory is the most detailed insightful and legally nuanced yet produced This book is a model for historians to follow when dealing with 19th century criminal proceedings Establishing historical context includes examining the laws in books as well as the law in action Gordon Morris Bakken Great Plains Research *Montana Horse Racing* Brenda Wahler,2019-09-02 For centuries on prairie grasslands dusty streets and racing ovals everyday Montanans participated in the sport of kings More than a century after horses arrived in the region Lewis and Clark s Nez Perce guides staged horse races at Traveler s Rest in 1806 In response to hazardous street races the Montana legislature granted communities authority to ban immoderate riding or driving Helena led the way to respectable racing with Madam Coady s fashion course hosting the first territorial fair in 1868 Soon leading citizens like Marcus Daly built oval tracks and glitzy grandstands By 1890 a horse named Bob Wade set a world record for a quarter mile in Butte a mark that stood until 1958 Horsemanship and historian Brenda Wahler highlights the Big Sky s patrons of the turf and courageous equine champions including Kentucky Derby winner Spokane **Montana Justice** Keith Edgerton,2011-10-01 Since the days of the wild West Montanans have struggled to be tough on crime with limited resources During Montana s early territorial years criminal justice was almost nonexistent a few towns had inadequate and chronically overcrowded jails occasional prisoners were sent east to the federal penitentiary in Detroit and vigilantes summarily dealt with others suspected of crimes In 1871 the federal government funded a penitentiary in Deer Lodge that was turned over to Montana when it achieved statehood in 1889 In this absorbing book Keith Edgerton provides a social history of the Montana Penitentiary with a primary focus on its early formative years After statehood Montana leased its penitentiary to contractors who utilized cheap inmate labor to turn a profit for themselves and for the state Warden Frank Conley became a regional political boss and amassed a personal fortune using inmates for road construction and a variety of public and private projects Eventually charges of corruption led to his ouster by Governor Joseph M Dixon and sparked a trial and heated controversy that resulted in Dixon s political downfall After 1921 the prison system came under full control of the state government Although there were changes at the penitentiary during the rest of the twentieth century and two full scale riots in the 1950s there was also a depressing repetition of corruption neglect and underfunding *An Antietam Veteran's Montana Journey* Katharine Seaton Squires,2018-07-09 In this recently unearthed memoir Civil War veteran James Howard Lowell offers a firsthand account of his brutal journey west on a wagon train attacked by Indian Dog Soldiers The Boston Yank staggers snow blind through a Laramie Plains blizzard to reach Salt Lake City where he meets Brigham Young In Montana he joins an old forty niner to work a mining claim practices tomahawk

jurisprudence in Fort Benton and builds a mackinaw to head downriver through Deadman Rapids to trade with the Crow and Gros Ventre tribes Lowell s great great granddaughter edits this tale populated with colorful characters narrow escapes and important historical events such as the Baker Massacre It features Lowell s letters to his sweetheart and Civil War correspondence **Special Resource Study, Environmental Assessment** ,1995 Draft Special Resource Study and Environmental Assessment ,1993 *A Decent, Orderly Lynching* Frederick Allen,2013-07-17 The deadliest campaign of vigilante justice in American history erupted in the Rocky Mountains during the Civil War when a private army hanged twenty one troublemakers Hailed as great heroes at the time the Montana vigilantes are still revered as founding fathers Combing through original sources including eye witness accounts never before published Frederick Allen concludes that the vigilantes were justified in their early actions as they fought violent crime in a remote corner beyond the reach of government But Allen has uncovered evidence that the vigilantes refused to disband after territorial courts were in place Remaining active for six years they lynched more than fifty men without trials Reliance on mob rule in Montana became so ingrained that in 1883 a Helena newspaper editor advocated a return to decent orderly lynching as a legitimate tool of social control Allen s sharply drawn characters illustrated by dozens of photographs are woven into a masterfully written narrative that will change textbook accounts of Montana s early days and challenge our thinking on the essence of justice **Virginia City** Thompson-Hickman County Library,2011-04-18 Tucked between the Tobacco Root Mountains and Mount Baldy in southwestern Montana Virginia City began in May 1863 when gold was discovered in Alder Gulch Some 10 000 fortune seekers arrived and the days of whiskey revolvers road agents and vigilantes began Boot Hill overlooking the town is a constant reminder of its rough tough and unruly past A great number of mining towns have become ghost towns but not Virginia City thanks to the men and women who gave of themselves to establish a permanent town where families schools churches businesses and organizations would thrive "Off with the Crack of a Whip!" Lee H. Whittlesey,2024-03-26 Stagecoaches carried visitors to and through Yellowstone National Park for thirty eight years from 1878 to 1916 and helped establish Yellowstone as a world famous travel destination This Volume One of a two volume set by preeminent Yellowstone historian Lee Whittlesey is an engaging account of stagecoaching s first years in the park In lively often humorous prose Whittlesey describes the evolution of stagecoach travel in Yellowstone the colorful men and women who ran the stagecoach companies and the types of stagecoaches that carried tourists in the park including the famed Tally ho design Along the way Whittlesey profiles the stagecoach drivers who were rough and profane but men of undoubted nerve and he shares stories from passengers who were appalled by their drivers the mind shattering and bone rattling roads the armed hold ups and the relentless dust yet who were entranced by the wonders of this new Wonderland A new book by Yellowstone s premier historian is always cause for celebration Lee Whittlesey s Off with the Crack of a Whip is both a lively colorful paean to the park s legendary stagecoach days and an astonishing achievement of research on an encyclopedic scale An amazing book

DeArment, 2018-02-15 Until the early twentieth century life in the American West could be rough and sometimes vicious Those who brought thieves and murderers to justice at times had to employ tactics as ruthless as their prey In this follow up to his first collection of biographies of the West's most recognized man hunters noted western historian Robert K DeArment recounts the remarkable careers of eight men Pat Garrett John Hughes Harry Love Harry Morse Frank Norfleet Bass Reeves Granville Stuart and Tom Tobin who pursued notorious criminals Volume 2 of Man Hunters of the Old West shows that limited resources and dire conditions often made extralegal violence necessary for survival Harry Love the famous killer of California bandito Joaquin Murrieta and Tom Tobin who ended the murders of the Espinosa gang in Colorado tracked their quarries to remote hideouts shot them and cut off their heads to prove they had been eliminated Felon trackers like the vigilante organizations that preceded them on occasion administered summary justice the on the spot hanging of their captured prey especially if they believed the established court system was not working Some of the man hunters in DeArment's accounts were freelance scouts and trackers others were career officers of the law At least one Frank Norfleet was a private citizen turned dedicated nemesis of con artists Love Stuart and Morse began life as easterners who made their way West All the others were midwesterners or far westerners Some of these man hunters wrote about their adventures and were written about in turn Garrett's account of his hunt for Billy the Kid remains a best seller for example and both Reeves and Hughes have been credited for inspiring the Lone Ranger of TV and movie fame DeArment discusses constant threats to the man hunters survival the federal government's undependable presence and extralegal violence as major themes in western law enforcement In recounting these eight men's adventures this volume reveals the forces that made brutality seem commonplace **Man-hunters of the Old West** Robert K. DeArment, 2018

Noted western historian Robert K DeArment recounts the remarkable careers of eight men Pat Garrett John Hughes Harry Love Harry Morse Frank Norfleet Bass Reeves Granville Stuart and Tom Tobin who pursued notorious criminals **Race and the Wild West** Laura J. Arata, 2020-07-02 Winner of the Western Writers of America SPUR Award and the Western Association of Women Historians Gita Chaudhuri Prize Born a slave in eastern Tennessee Sarah Blair Bickford 1852 1931 made her way while still a teenager to Montana Territory where she settled in the mining boomtown of Virginia City Race and the Wild West is the first full length biography

of this remarkable woman whose life story affords new insight into race and belonging in the American West around the turn of the twentieth century For many years Sarah Bickford s known biography fit into a single paragraph By examining her life in all its complexity Arata fills in what were long believed to be unrecoverable silent spaces in her story Before establishing herself as a successful business owner we learn she was twice married both times to white men Her first husband an Irish immigrant physically abused her until she divorced him in 1881 Their three children all died before the age of ten In 1883 she married Stephen Bickford and gave birth to four more children Upon his death she inherited his shares of the Virginia City Water Company acquiring sole ownership in 1917 For the final decade of her life Bickford actively preserved and promoted a historic Virginia City building best known as the site of the brutal lynching in 1864 of five men Her conspicuous role in developing an early form of heritage tourism challenges long standing narratives that place white men at the center of the Wild West myth and its promotion Bickford s story offers a window into the dynamics of race in the rural West Although her experiences defy easy categorization what is clear is that her navigation of social norms and racial barriers did not hinge on exceptionalism or tokenism Instead she built a life that deserves to be understood on its own terms Through exhaustive research and nuanced analysis Laura J Arata advances our understanding of a woman whose life embodied the contradictory intersections of hope and disappointment that characterized life in the early twentieth century American West for brave pioneers of many races
