Monuments in Cedar Edward Linnaeus Keithahn, 1945 The totem poles of the Pacific northwest coast Washington B C and Alaska *Monuments in Cedar* Edward Linnaeus Keithahn, 2013-08 The Totem Poles Of The Pacific Northwest Coast Washington British Columbia And Alaska **Monuments in Cedar: the Authentic Story of the Totem Pole** Edward I. Keithahn, 1963 **Looking at Totem Poles** Hilary Stewart, 2009-09-01 Magnificent and haunting the tall cedar sculptures called totem poles have become a distinctive symbol of the native people of the Northwest Coast The powerful carvings of the vital and extraordinary beings such as Sea Bear Thunderbird and Cedar Man are impressive and intriguing In *Looking at Totem Poles* Hilary Stewart describes the various types of poles their purpose and how they were carved and raised She also identifies and explains frequently depicted figures and objects Each pole shown in a beautifully detailed drawing is accompanied by a text that points out the crests figures and objects carved on it Historical and cultural background are given legends are recounted and often the carver s comments or anecdotes enrich the pole s story Photographs put some of the poles into context or show their carving and raising *A New Deal for Native Art* Jennifer McLerran, 2022-08-16 As the Great Depression touched every corner of America the New Deal promoted indigenous arts and crafts as a means of bootstrapping Native American peoples But New Deal administrators romanticization of indigenous artists predisposed them to favor pre industrial forms rather than art that responded to contemporary markets In *A New Deal for Native Art* Jennifer McLerran reveals how positioning the native artist as a pre modern Other served the goals of New Deal programs and how this sometimes worked at cross purposes with promoting native self sufficiency She describes federal policies of the 1930s and early 1940s that sought to generate an upscale market for Native American arts and crafts And by unraveling the complex ways in which commodification was negotiated and the roles that producers consumers and New Deal administrators played in that process she sheds new light on native art s commodity status and the artist s position as colonial subject In this first book to address the ways in which New Deal Indian policy specifically advanced commodification and colonization McLerran reviews its multi pronged effort to improve the market for Indian art through the Indian Arts and Crafts Board arts and crafts cooperatives murals museum exhibits and Civilian Conservation Corps projects Presenting nationwide case studies that demonstrate transcultural dynamics of production and reception she argues for viewing Indian art as a commodity as part of the national economy and as part of national political trends and reform efforts McLerran marks the contributions of key individuals from John Collier and Rene d Harnoncourt to Navajo artist Gerald Nailor whose mural in the Navajo Nation Council House conveyed distinctly different messages to outsiders and tribal members Featuring dozens of illustrations *A New Deal for Native Art* offers a new look at the complexities of folk art revivals as it opens a new window on the Indian New Deal **Wrangell** Bonnie Demerjian, 2011 *Wrangell* is named after Baron Ferdinand von Wrangell of the Russian American Company who was charged with extending Russia s fur trade into Southeast Alaska To that

end he ordered a fort to be established in 1833 on Wrangell Island near the mouth of the Stikine River The Stikine Tlingit Indians who were scattered in villages nearby moved closer to take advantage of fur trading opportunities In 1839 the fort passed into the hands of the British Hudson s Bay Company With the purchase of Alaska in 1867 the need was urgent to enforce the United States presence in its recently acquired territory An American fort was built which the US Army occupied during a series of gold rushes ending with the Klondike Rush in 1898 Wrangell began to grow beyond its boom and bust origins during the 20th century becoming a thriving hub for lumber fishing and mining as well as the newly minted tourist industry
