Mystery Of Ovids Exile:

The Mystery of Ovid's Exile John C. Thibault, 2018-06-22 Toward the end of the year A D 8 the emperor Augustus publicly sentenced the poet Ovid to exile in remote and barbaric Tomis on the Black Sea The action presumably followed a secret hearing before the emperor and the official reason given for the sentence was Ovid s authorship of a licentious work the *Ars amatoria* ten years earlier The *Mystery of Ovid s Exile* is both a survey and an analysis of the literary detective work that has been devoted to explaining the cause of Ovid s banishment from Rome In poems composed during his exile Ovid laments having written the *Ars amatoria* but he obviously considers the poem to be merely a pretext for his punishment His downfall appears to have been caused by his having witnessed or in some fashion been implicated in a crime committed either by the emperor himself or by an immediate member of the imperial family However it s possible that Ovid s banishment may have been ordered merely because he was unwittingly in possession of the key to an embarrassing secret the importance of which he might have realized had he remained in Rome John C Thibault examines more than one hundred available hypotheses that have been advanced by inquisitive scholars from the Middle Ages to our own day He demonstrates the unsoundness of each hypothesis in turn and suggests that a solution to the problem of Ovid s exile is not possible given the available evidence The *Mystery of Ovid s Exil* treats a controversy that will fascinate classical scholars as well as general readers interested in Roman manners and morals of the period This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1964 *The Mystery of Ovid's Exile* John C. Thibault, 2024-06-14 Toward the end of the year A D 8 the emperor Augustus publicly sentenced the poet Ovid to exile in remote and barbaric Tomis on the Black Sea The action presumably followed a secret hearing before the emperor and the official reason given for the sentence was Ovid s authorship of a licentious work the *Ars amatoria* ten years earlier The *Mystery of Ovid s Exile* is both a survey and an analysis of the literary detective work that has been devoted to explaining the cause of Ovid s banishment from Rome In poems composed during his exile Ovid laments having written the *Ars amatoria* but he obviously considers the poem to be merely a pretext for his punishment His downfall appears to have been caused by his having witnessed or in some fashion been implicated in a crime committed either by the emperor himself or by an immediate member of the imperial family However it s possible that Ovid s banishment may have been ordered merely because he was unwittingly in possession of the key to an embarrassing secret the importance of which he might have realized had he remained in Rome John C Thibault examines more than one hundred available hypotheses that have been advanced by inquisitive scholars from the Middle Ages to our own day He demonstrates the unsoundness of each hypothesis in turn and suggests that a solution to the problem of Ovid s exile is not possible given the available evidence The *Mystery of Ovid s Exil*

treats a controversy that will fascinate classical scholars as well as general readers interested in Roman manners and morals of the period This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1964 *Latin Via Ovid* Norma Goldman, Jacob E. Nyenhuis, 1982 For additional complimentary materials on this topic please see the accompanying text Practice Practice A Latin Via Ovid Workbook by Norma Goldman and Michael Rossi **The Lives of Ovid in Seventeenth-century French Culture** Helena Taylor, 2017 Helena Taylor explores responses to the life of the ancient Roman poet Ovid within the charged atmosphere of seventeenth century France She investigates how the figure of Ovid was used to debate literary taste and modernity and in doing so offers a fresh perspective on classical reception its paradoxes uses and quarrels *Paul and His Social Relations* Stanley E. Porter, Christopher D. Land, 2012-11-13 This volume addresses many of the questions surrounding Paul and his social relations including how to define and analyze such relations their relationship to Paul s historical and social context how Paul related to numerous friends and foes and the implications for understanding Paul s letters as well as his theology

Reading Romans with Roman Eyes James R. Harrison, 2020-06-22 Paul s letter to the Romans has a long history in Christian dogmatic battles But how might the letter have been heard by an audience in Neronian Rome James R Harrison answers that question through a reader response approach grounded in deep investigations of the material and ideological culture of the city from Augustus to Nero Inscriptional archaeological monumental and numismatic evidence in addition to a breadth of literary material allows him to describe the ideological value system of the Julio Claudian world which would have shaped the perceptions and expectations of Paul s readers Throughout Harrison sets prominent Pauline themes his obligation to Greeks and barbarians newness of life and of creation against the power of death the body of Christ boasting in glory and God s purpose in and for Israel in startling juxtaposition with Roman ideological themes The result is a richer and more complex understanding of the letter s argument and its possible significance for contemporary readers **Ovid** Katharina Volk, 2011-06-24 This book provides a unique and accessible introduction to the complete works of Ovid Using a thematic approach Volk lays out what we know about Ovid s life presents the author s works within their poetic genres and discusses central Ovidian themes The first general introduction to Ovid written in English in over 20 years offering the very latest Ovidian scholarship Discusses the complete works of Ovid Accessible writing and a thematic approach make this text ideal for a broad audience A current revival in Ovid makes this timely edition highly valuable *Anti-Atlas* Tim Beasley-Murray, Wendy Bracewell, Michał Murawski, 2025-02-25 The invasion of Ukraine is the latest in a series of upheavals that have made eastern Europe a telling point from which to consider the place of area studies in the construction of knowledge about the world The politics of academic knowledge about areas now feels more urgent than ever Anti Atlas plays

with the politics of the conventional atlas with its assumptions about knowledge and power its hierarchies of value and its simplifications It presents a collection of essays written by an eclectic mix of authors from Europe both east and west the UK and North America These entries analyse a necessarily incomplete selection of topics but they all engage with the question of how an approach to area can be critical and each entry demonstrates different aspects of criticality The editors develop a manifesto for such criticality calling attention to positions that are heterodox area informed or vernacular undisciplined and collaborative Through a variety of genres including the scholarly article the travel guide autobiographical reflections and data visualisations Anti Atlas provides readers with a diverse series of intellectual resources asking them to think critically about the ways in which we construct the world by dividing it into pieces Praise for Anti Atlas Anti Atlas is an imaginative brave attempt to reframe area studies simultaneously rebuilding our images and cartographies of the world Assembling dozens of authors from broad swaths of Eastern Europe the Balkans and the East of the East the volume is an essential antidote to knowledge produced in the service of empires past or present Aida A Hozi University of Florida

Clemency & Cruelty in the Roman World Melissa Barden Dowling, 2006 Explores the formation of clemency as a human and social value in the Roman Empire

Ovid (Routledge Revivals) J. Binns, 2014-08-01 Ovid Rome's most cynical and worldly love poet has not until recently been highly regarded among Latin poets Now however his reputation is growing and this volume is an important contribution to the re-establishment of Ovid's claims to critical attention This collection of essays ranges over a wide variety of themes and works Ovid's development of the Elegiac tradition handed down to him from Propertius Catullus and Tibullus the often disparaged and neglected Heroides the poetry of Ovid's miserable exile by the Black Sea the poetic diction of the Metamorphoses Ovid's lengthy mythological epic which codified classical myth and legend and has strong claims to be considered with the exception of Virgil's Aeneid Rome's greatest epic poem humour and the blending of the didactic and elegiac traditions in the Ars Amatoria and Remedia Amoris Finally Ovid's incomparable influence in the Middle Ages and sixteenth century is examined

Oxford Readings in Ovid Peter E. Knox, 2006-12-21 A collection of twenty classic papers by the critics most often consulted by students and teachers of Ovid's poetry Taken together these papers form the basis for contemporary interpretation of Ovid's works an introduction by Peter Knox locates them within recent critical trends All Latin in the text has been translated

Pushing the Boundaries of Historia Mary English, Lee Fratantuono, 2018-11-19 Pushing the Boundaries of Historia collects together 20 chapters whose coverage extends from the prehistory of Greece through early Christianity in the Roman Empire to the reception of classical texts by contemporary playwrights and poets The essays range beyond Greece and Rome to the ancient realms of Persia and China and explore a vast array of ancient authors Homer Herodotus Thucydides Euripides Vergil Ovid Livy and Tacitus Written by philologists historians epigraphers palaeographers archaeologists and art historians it brings together the best of old and new traditions of classical study from senior emeritus faculty with established records of scholarly productivity to the newest generation of

classics and archaeology professors What draws together the disparate strands of academic inquiry found in these pages is a passion for understanding how the lessons of the world of the ancient Greeks Romans and their still lamentably understudied neighbors can offer commentary on the contemporary world Ovid in China ,2022-07-18 Ovid in China offers a fresh look at an ancient Roman author in a Chinese context and often from a Chinese perspective The seventeen essays in this volume by a group of international scholars examine Ovid s interaction with China in a broad historical context including the arrival of Christian missionaries in 1294 the depiction of Ovidian scenes on 18th century Chinese porcelain the growing Chinese interest in Ovid in the early 20th century a 21st century collaborative project to translate Ovid s poetry into Chinese with commentary and comparative studies on such themes as conceptualization of time consolation laughter filicide and revenge

Ovid and His Love Poetry Rebecca Armstrong,2015-03-02 Ovid devoted about half of his poetic career to the production of several collections of amatory verse all composed in elegiac couplets Indeed his irrepressible interest in love sex and elegiac poetry is one of the defining features of his entire output Here Rebecca Armstrong offers a thematic examination of some important aspects of the Amores Ars Amatoria and Remedia Amoris Starting from an investigation of the narrator s self creation and presentation of other characters within his amatory verse she assesses the importance of mythical and contemporary reference as well as the influence of the erotic on Ovid s later works By looking at the Ars and Remedia alongside the Amores the continuities and contradictions in the poet s elegiac outlook are revealed and a complex picture is formed of the Ovidian world of love Ovid s erotic works present the reader with a glimpse inside the minds of both poets and lovers mediated through eyes which are frequently inclined to comedy and even cynicism but always sharp perceptive and above all fascinated by human behaviour **The Oxford encyclopedia of ancient Greece and Rome. - Vol. 1 - 7** Michael

Gagarin,2010 **OCR Classical Civilisation A Level Components 32 and 33** Matthew Barr,Lucy Cresswell,Alastair Thorley,2017-07-13 This textbook is endorsed by OCR and supports the specification for A Level Classical Civilisation first teaching September 2017 It covers Components 32 and 33 from the Beliefs and Ideas Component Group Love and Relationships by Matthew Barr and Alastair Thorley Politics of the Late Republic by Lucy Cresswell How was love interpreted and explained by the poets and philosophers of the ancient world Why was Julius Caesar assassinated How can we get to the intention behind the rhetoric of ancient sources This book raises these and other key questions A Level students and their teachers will encounter ancient answers to issues ranging from sexuality and the impact of desire to the power of personality in politics Such important and controversial themes can be examined through the prism of the ancient world The ideal preparation for the final examinations all content is presented by experts and experienced teachers in a clear and accessible narrative Ancient literary and visual sources are described and analysed with supporting images Helpful student features include study questions quotations from contemporary scholars further reading and boxes focusing in on key people events and terms Practice questions and exam guidance prepare students for assessment A Companion Website is available at www.ocr.org.uk

Ovid's Tragic Heroines Jessica A. Westerhold, 2023-07-15 Ovid's Tragic Heroines expands our understanding of Ovid's incorporation of Greek generic codes and the tragic heroines Phaedra and Medea while offering a new perspective on the Roman poet's persistent interest in these two characters and their paradigms Ovid presents these two Attic tragic heroines as symbols of different passions that are defined by the specific combination of their gender and generic provenance Their failure to be understood and their subsequent punishment are constructed as the result of their female nature and are generically marked as tragic Ovid's masculine poetic voice by contrast is given free rein to oscillate and play with poetic possibilities Jessica A Westerhold focuses on select passages from the poems *Ars Amatoria*, *Heroides* and *Metamorphoses* Building on existing scholarship she analyzes the dynamic nature of generic categories and codes in Ovid's poetry especially the interplay of elegy and epic Further her analysis of Ovid's reception applies the idea of the abject to elucidate Ovid's process of constructing gender and genre in his poetry Ovid's Tragic Heroines incorporates established theories of the performativity of sex gender and kinship roles to understand the continued maintenance of the normative and abject subject positions Ovid's poetry creates The resulting analysis reveals how Ovid's Phaedras and Medeas offer alternatives both to traditional gender roles and to material appropriate to a poem's genre ultimately using the tragic code to introduce a new perspective to epic and elegy

Ovid and the Moderns Theodore Ziolkowski, 2005 The reasons for the conspicuous popularity of Ovid his life as well as his works at the turn of the new millennium bear investigation This book speaks of the new bodies assumed in the twentieth century by the poems and tales to which Ovid gave their classic form including prominently the account of his own life which has been hailed by many writers of our time as the archetype of exile I intend to suggest some of the reasons for Ovid's appeal to different writers and different generations from the Preface Theodore Ziolkowski approaches Ovid's Latin poetry as a comparatist not as a classicist and maintains that the contextualization of individual works helps place them in a larger tradition Covering the period 1912-2002 Ovid and the Moderns deals with the reception of Ovid and of Ovid's works in literature After beginning with a discussion of Giorgio de Chirico's Ariadne paintings of 1912 and the Hofmannsthal Strauss opera Ariadne auf Naxos Ziolkowski considers European literary landmarks from the High Modernism of Joyce Kafka Mandelstam and Pound by way of the mid-century exiles to postmodernism and the century's end when a surge of interest in Ovid was fueled by a new generation of translations One of Ziolkowski's conclusions is that the popularity of Ovid alternates in a regular rhythm and for definable reasons with that of Virgil

A Companion to Ovid Peter E. Knox, 2012-11-20 A Companion to Ovid is a comprehensive overview of one of the most influential poets of classical antiquity Features more than 30 newly commissioned chapters by noted scholars writing in their areas of specialization Illuminates various aspects of Ovid's work such as production genre and style Presents interpretive essays on key poems and collections of poems Includes detailed discussions of Ovid's primary literary influences and his reception in English literature Provides a chronology of key literary and historical events during Ovid's lifetime

Prescribing Ovid Yasmin Haskell, 2013-05-23 Explores the politics of Latin language use in the Enlightenment Republic of Letters via the figure of Gerard Nicolaas Heerkens 1728 1801
