Changed Imagination, Changed Obedience Natalie K. Houghtby-Haddon, 2011-04-07 In this work Houghtby Haddon takes a new look at an old text using a theory of the Social Imagination as an exegetical guide In her exploration of the Bent Over Woman story in Luke 13 10-17 Houghtby Haddon uncovers clues suggesting that this story is a key interpretive text for seeing Luke s social vision for his community at work Exploring mythic social communal and cultural elements beneath the surface of the story Houghtby Haddon suggests that the Bent Over Woman is the embodiment of Jesus claim in the synagogue in Nazareth that today these Scriptures are fulfilled in your hearing Luke 4 16-21 and that the woman prefigures the post Pentecost community that will gather in Jesus name The author concludes by taking the theory from the Gospel of Luke to the streets to see how a contemporary neighborhood group might use the Social Imagination model and the new reading of the story of the Bent Over Woman to imagine a twenty first century social vision for its own community a vision that more fully embodies the just community Jesus proclaims in Nazareth

Islam, Black Nationalism and Slavery Adib Rashad, 1995

Judaism Lenn E. Goodman, 2016-11-25 Judaism as a religion and a way of life has guided millions of lives and profoundly influenced its younger sisters Christianity and Islam as well as contributing major themes and norms to the liberal and humanistic traditions of the West Not all Jews are religious and not all of Judaism is philosophical but at its core Judaism rests on a complex of values and ideas that address the abiding concerns of philosophy and perennial questions about the meaning and purpose of life the nature of the universe the roots and fruits of human responsibility the character of justice the worth of nature and the dignity of persons Judaism A Contemporary Philosophical Investigation examines some of the central

questions that such ideas raise drawing on the ancient and more recent sources of Jewish thought as viewed from a contemporary philosophical standpoint This book is an ideal introduction for students of religion and philosophy who want to gain an understanding of the key themes and values of Judaism *Spirituality as Ideology in Black Women's Film and Literature* Judylyn S. Ryan, 2005 Given the ways in which spirituality functions in the work of such Black women writers and filmmakers as Toni Morrison Ntozake Shange Maya Angelou Julie Dash and Euzhan Palcy Judylyn Ryan proposes in this challenging new study that what these women embrace in their narrative construction and characterization is the role and responsibility of the priestess bearing and distributing life force to sustain the community of people who read and view their work Central to these women's vision of transformation is what Ryan calls a paradigm of growth and an ethos of interconnectedness which provide interpretive models for examining and teaching a broad range of artistic cultural and social texts The focus on theology provides a new way of viewing the connections among New World African diaspora religious traditions challenging the widespread and reductive assumption that Afro Christianity shares no philosophical commonalities with Santeria Candomble Voodoo and other traditions that are not christological In addition to exploring spirituality as epistemology the book also provides an intertextual reading of Black women's literary and film texts that examines the ways in which these works expose mediate and interpret the cultural social and historical conditions surrounding their production While most discussions of Black women's engagement with and contribution to the discursive space of the culture assume an oppositional or reactive stance Ryan argues that the disposition reflected in the texts she examines tends to be relational and proactive conferring an autonomy that the gravitational pull between opposites lacks This intertextual reading constitutes a multimedia auteur criticism of a collective artistic vision Black/Africana Studies and Black/Africana Biblical Studies Abraham Smith, 2020-11-04 In this study Abraham Smith introduces the nature history and interventions of two theoretical political cultural productions Black Africana studies the systematic and rigorous study of Africa and African descendants and Black Africana biblical studies a biblical studies subfield that analyzes and appraises the strategies of reception and the historical and contemporary impact of the Christian bible for people of African descent Both cultural productions were formally introduced in U S educational institutions in the late 1960s as a part of the Black Freedom movement Both have long and deep intellectual antecedents on the one hand and ever evolving recent interventions that challenge a narrow politics of identity on the other Through the interrogation of keywords such as race family and Hip Hop or cartographies canons and contexts moreover the study examines how these two theoretical political projects question the settled epistemologies or prevailing intellectual currencies of their respective times *The African Nexus* Sylvia M. Solomon Goldman, 1958 *Staging Race* Karen Sotiropoulos, 2006-02-28 *Staging Race* casts a spotlight on the generation of black artists who came of age between 1890 and World War I in an era of Jim Crow segregation and heightened racial tensions As public entertainment expanded through vaudeville minstrel shows and world's fairs black performers like the stage duo of Bert Williams and George Walker used the conventions of blackface to appear in front of and appeal to white audiences At the same time they communicated a leitmotif of black cultural humor and political comment to the black audiences segregated in balcony seats With ingenuity and innovation they enacted racial stereotypes onstage while hoping to unmask the fictions that upheld them offstage Drawing extensively on black newspapers and commentary of the period Karen Sotiropoulos shows how black performers and composers participated in a politically charged debate about the role of the expressive arts in the struggle for equality Despite the racial violence disenfranchisement and the segregation of virtually all public space they used America's new businesses of popular entertainment as vehicles for their own creativity and as spheres for political engagement The story of how African Americans entered the stage door and transformed popular culture is a largely untold story Although ultimately unable to erase racist stereotypes these pioneering artists brought black music and dance into America's mainstream and helped to spur racial advancement **Theorizing a Colonial Caribbean-Atlantic**

Imaginary Keith Sandiford, 2010-11-23 This book develops a theory of a Caribbean Atlantic imaginary by exploring the ways two colonial texts represent the consciousnesses of Amerindians Africans and Europeans at two crucial points marking respectively the origins and demise of slavocratic systems in the West Indies Focusing on Richard Ligon's *History of Barbados* 1657 and Matthew Monk Lewis' *Journal of a West India Proprietor* 1834 the study identifies specific myths and belief systems surrounding sugar and obeah as each of these came to stand for concepts of order and counterorder and to figure the material and symbolic power of masters and slaves respectively Rooting the imaginary in indigenous Caribbean myths the study adopts the pre-Columbian origins of the imaginary ascribed by Wilson Harris to a cross-cultural bridge or arc and derives the mythic origins for the centrality of sugar in the imaginary's constitution from Kamau Brathwaite The book's central organizing principle is an oppositional one grounded on the order-counterorder binary model of the imaginary formulated by the philosopher-social theorist Cornelius Castoriadis The study breaks new ground by reading Ligon's *History*

and Lewis Journal through the lens of the slaves imaginaries of hidden knowledge By redefining Lewis subjectivity through his poem s most potent counterordering symbol the demon king this book advances recent scholarly interest in Jamaica s legendary Three Fingered Jack Situating Poetry Joshua Logan Wall,2022-10-11 Focusing on five poets of the New York literary scene in the period between 1910 and 1940 the author shows that fractioned ethnic and immigrant groups could locate democratic communities through innovative poetic forms in which belonging was produced not by identity narratives but through attention directed to particular genres **The Underground Railroad** Mary Ellen Snodgrass,2015-03-26 Provides a look at the network known as the Underground Railroad that mysterious system of individuals and organizations that helped slaves escape the American South to freedom during the years before the Civil War This work also explores the people places writings laws and organizations that made this network possible *Turning Toward the Victim* Thomas Gates,2025-06-10 Part primer on Ren Girard s groundbreaking mimetic theory part Bible study through the lens of mimetic theory and part dialogue with early and contemporary Quakers Turning Toward the Victim demonstrates how these three perspectives can mutually inform one another in unexpected ways Contemporary liberal Friends Quakers have largely drifted away from the Bible due in part to its seeming sanction of divine violence Girard by contrast sees the themes of sacred violence and its overcoming as central to the biblical witness and so can provide the means by which Quakers and others might reengage with the Scriptures Girard s claim that the biblical God has nothing to do with violence will resonate with Friends traditional commitment to nonviolence and peacemaking Girard s insights into the scapegoat mechanism can also help us to understand the witness of early Friends who functioned as the scapegoat caste in seventeenth century England Using the traditional Quaker framework of conviction conviction and conversion Thomas Gates explores the relevance of these concepts for Friends and other Christians today
