Nicene and Post-Nicene Fathers. Second Series (Vol. 3: Theodoret, Jerome, Gennadius, Rufinus: Historical Writings, Etc.). D.D. Schaff (LL.D., Philip.),2004 Nicene and Post-Nicene Fathers Philip Schaff,2007-06-01

NPNF2-03. Theodoret, Jerome, Gennadius, & Rufinus: Historical Writings , *Studies in History, Economics and Public Law* ,1909 *An Introduction to the Sources Relating to the Germanic Invasions* Carlton Joseph Huntley Hayes,1909

Killing from the Inside Out Robert Emmet Meagher,2014-09-15 Armies know all about killing It is what they do and ours does it more effectively than most We are painfully coming to realize however that we are also especially good at killing our own from the inside out silently invisibly In every major war since Korea more of our veterans have taken their lives than have lost them in combat The latest research rooted in veteran testimony reveals that the most severe and intractable PTSD fraught with shame despair and suicide stems from moral injury But how can there be rampant moral injury in what our military our government our churches and most everyone else call just wars At the root of our incomprehension lies just war theory developed expanded and updated across the centuries to accommodate the evolution of warfare its weaponry its scale and its victims Any serious critique of war as well any true attempt to understand the profound invisible wounds it inflicts will be undermined from the outset by the unthinking and all but universal acceptance of just war doctrine Killing from the Inside Out radically questions that theory examines its legacy and challenges us to look beyond it beyond just war *The Sermons on Joseph of Balai of Qenneshrin* Robert R. Phenix,2008 Robert Phenix investigates the collection of twelve Syriac poetic sermons recounting the story of Joseph in Genesis 37 and 39 50 The authorship of these poems has been disputed but this is the first study to attempt to argue from all aspects of the evidence that Balai of Qenneshrin is the author The study then examines all of the data that can be associated with Balai the religious environment of Qenneshrin and nearby Aleppo Balai s connections with the monk bishops of central Syria in the late fourth and early fifth centuries particularly Acacius of Beroea Aleppo and Rabbula of Edessa the status of chorbishops and the presence of Syriac speakers Since it is argued in this study that Balai s source for the Sermons on Joseph was a Jewish text this section also carefully examines the evidence for the Jewish community in Qenneshrin As part of the background of the author links between characters and the physical setting of the Sermons on Joseph and Qenneshrin are investigated The relationship of the Sermons on Joseph to other Syriac Joseph sources and Joseph material in the Pseudepigrapha and at Qumran is discussed followed by the question of the origin of the story which is located in a lost Greek Jewish composition The last section of the work examines the author s use of Hellenistic rhetoric and literary themes The many speeches in the Sermons on Joseph reveal rhetorical arrangements that are strikingly close to the models of arrangement found in Late Antique handbooks such as the Hermogenic Corpus Several of these arguments are examined as are the elaborate prefaces that introduce some of the individual Sermons on Joseph The literary themes and motifs of the Sermons on Joseph are explored It can be shown that some motifs known only in Syriac religious

literature are employed in the Sermons on Joseph in non religious literary contexts Was Jesus Crucified? Keith Prosser,2016-07-07 An historical research into the life and death of Jesus Christ as described in the Christian Holy Bible Examines early Gnostic Jewish Roman Greek Syrian and Christian historical sources to give a near comprehensive analysis of the subject resulting in a genuine fresh look into the well studied topic A meticulous review is made of what Josephus wrote about Jesus through critical analysis demonstrating why he must have written it A similar examination is made of the Gnostic writings especially the Nag Hammadi gospel of Thomas resulting in textual proof he wrote it after the Bible s gospels The book should prove of great interest to those studying or reading the New Testament as it includes a summarised history of the Faith spanning from the present day to the first century the origins of present day scepticism introduction into manuscript preservation and a glossary of theological terms and early Christian controversies *Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great* Andrew J. Pottenger,2022-11-30 This volume closely examines patterns of rhetoric in surviving correspondence by the Roman emperor Constantine on conflicts among Christians that occurred during his reign primarily the Donatist schism and Arian controversy Commonly remembered as the first Christian emperor of the Roman Empire Constantine s rule sealed a momentous alliance between church and state for more than a millennium His well known involvement with Christianity led him to engage with two major disputes that divided his Christian subjects the Donatist schism centred from the emperor s perspective on determining the rightful bishop of Carthage and the so called Arian controversy a theological conflict about the proper understanding of the Son s divine nature in relation to that of the Father This book examines a number of letters associated with Constantine that directly address both of these disagreements exploring his point of view and motivations to better understand how and why this emperor applied his power to internal church divisions Based on a close analysis of prominent themes and their functions in the rhetoric of his correspondence Pottenger argues that three doctrines of power served to inform and direct Constantine s use of power as he engaged with these problems of schism and heresy *Power and Rhetoric in the Ecclesiastical Correspondence of Constantine the Great* is of interest to students and scholars of early Christianity and the history of the later Roman Empire **The Past is Prologue** Thomas C. Ferguson,2005-08-01 While there has been substantial scholarly work done on the development of Christian doctrine in the fourth and fifth centuries very little corresponding attention has been paid to the writing of church history during this critical period This work examines how authors began to construct the historical narrative of the Arian controversy and focuses on the interplay between theology and worshipping communities Major figures such as Eusebius and Athanasius are examined and important but overlooked figures such as an anonymous non Nicene chronicler and Philostorgius are also included In the introduction the book surveys recent developments in the study of Arianism and discusses the usefulness of the very category of an Arian controversy Subsequent chapters set forth the thesis that church histories are important sources for understanding the development of doctrine A chapter is devoted to

Eusebius Ecclesiastical History especially the oft overlooked Book X Further chapters explore the role of Rufinus as the first extant author to write a continuation of Eusebius The work also consciously includes marginalized non Nicene sources and there are chapters which examine an anonymous non Nicene chronicler and the Ecclesiastical History of the Eunomian Philostorgius of Borissus The book is particularly useful for persons interested in examining the development of doctrine in the fourth century from fresh perspectives The work approaches church histories as narrative myths of community origins produced by worshipping communities standing in continuity to local schools of thought The History of Jerusalem Alan J. Potter,2020-12-02 Fascinating revelations of the parts played by David Solomon Judas Maccabee Pompey Cleopatra Justinian and others in the making of the city Jerusalem is one of the oldest cities in the world with evidence of an original settlement dating back more than 4 000 years Vitally important was the supply of water provided by the Gihon Spring in a land that normally experienced rainfall only from November to March Since then this Middle Eastern city has been attacked and devastated on numerous occasions Former rulers include King David who established the City of David and his son Solomon who expanded Jerusalem and built the first Great Temple on Mount Moriah Destruction 2 600 years ago saw most of the inhabitants exiled to Babylon but as the Jewish diaspora returned the Temple and city were rebuilt Wars between the Ptolemaic and Seleucid successors of Alexander the Great seemed endless but the resistance of the Maccabee brothers eventually led to the glorious reign of the Hasmonean kings Roman interference and the enforcement of the despotic Herod the Great as king led inevitably to the catastrophic Jewish Roman wars and Jerusalem was once again destroyed Christianity eventually facilitated a reinvigorated Byzantine Jerusalem which became one of the world s most beautiful cities The bubonic plague was survived but a new low saw the Persians sack the city before Heraclius triumphantly returned Christ s True Cross to Jerusalem The History of Jerusalem Its Origins to the Early Middle Ages is the first of its kind to examine in detail the rich history of Jerusalem during antiquity up to the year 630 CE This in depth account goes further than other volumes in terms of the breadth and scale of events covered and offers an unbiased but critical appraisal of the colorful history of Jerusalem and the surrounding areas Basil the Great: Faith, Mission and Diplomacy in the Shaping of Christian Doctrine Nicu Dumitraşcu,2018-04-17 Regarded as one of the three hierarchs or pillars of orthodoxy along with Gregory of Nazianzus and John Chrysostom Basil is a key figure in the formative process of Christianity in the fourth century While his role in establishing Trinitarian terminology as well as his function in shaping monasticism his social thought and even his contribution to the evolution of liturgical forms have been the focus of research for many years there are few studies which centre on his political thought Basil played a major role in the political and religious life between Cappadocia and Armenia and was a key figure in the tumultuous relationship between Church and State in Late Antiquity He was a great religious leader and a gifted diplomat and developed a special relationship with Emperor Valens and other high imperial officials

Constantine the Great and Christianity Christopher Bush Coleman,1914 **An introduction to the sources relating to the Germanic invasions** C.J. Hayes, Columbia Studies in the Social Sciences ,1909 *Columbia University Studies in the Social Sciences* Ernest Stagg Whitin,1909

Columbia University Studies in the Social Sciences ,1914 **A defence of witchcraft belief** Eric Pudney,2021-02-23 This is the first published edition of a fascinating manuscript on witchcraft in the collection of the British Library written by an unknown sixteenth century scholar Responding to a pre publication draft of Reginald Scot s sceptical Discoverie of Witchcraft 1584 the treatise represents the most detailed defence of witchcraft belief to be written in the early modern period in England It highlights in detail the scriptural and theological justifications for a belief in witches covering ground that may well have been considered too sensitive for print publications and presenting learned arguments not found in any other contemporary English work Consequently it offers a unique insight into elite witchcraft belief dating from the very beginning of the English witchcraft debate This edition which includes a comprehensive analytical introduction presents the treatise with modernised spelling and relevant excerpts from Scot s book Christianity and the History of Violence in the Roman Empire: A Sourcebook Dirk Rohmann,2019-10-07 This volume brings together a large number of sources with which to illustrate the problem of religious violence in relation to the history of Christianity in the Roman Empire and post Roman world The sources are presented in both the original languages and in new English translation and are accompanied by introductions comments and short bibliographies Thematically Dirk Rohmann focuses on the ways in which Christians were subjected to violence by their pagan surroundings on the development and scope of the very Christian ideas of martyrdom and of persecution on how Christians thought about the nature of God and of holy wars as well as on the problem of violence within the world of early monasticism and asceticism Drawing on the amount of texts extant from the first to seventh centuries this book will be of interest to both students and academics in the areas of ancient and early medieval history classics and religious studies
