Logic Martin Heidegger, 2010-03-22 Heidegger s radical thinking on the meaning of truth in a clear and comprehensive critical edition Philosophy in Review Martin Heidegger s 1925 26 lectures on truth and time provided much of the basis for his momentous work Being and Time Not published until 1976 three months before Heidegger s death as volume 21 of his Complete Works it is nonetheless central to Heidegger s overall project of reinterpreting Western thought in terms of time and truth The text shows the degree to which Aristotle underlies Heidegger s hermeneutical theory of meaning It also contains Heidegger s first published critique of Husserl and takes major steps toward establishing the temporal bases of logic and truth Thomas Sheehan s elegant and insightful translation offers English speaking readers access to this fundamental text for the first time

Dynamis of Healing Pia Sophia Chaudhari, 2019-08-06 This book explores how traces of the energies and dynamics of Orthodox Christian theology and anthropology may be observed in the clinical work of depth psychology Looking to theology to express its own religious truths and to psychology to see whether these truth claims show up in healing modalities the author creatively engages both disciplines in order to highlight the possibilities for healing

contained therein *Dynamics of Healing* elucidates how theology and psychology are by no means fundamentally at odds with each other but rather can work together in a beautiful and powerful synergy to address both the deepest needs and deepest desires of the human person for healing and flourishing Psychological Reflections ,1953
