Reclaiming Jake Patricia Keelyn, 1999 **Reclaiming Critical Remix Video** Owen Gallagher, 2017-11-08 Remix is now considered by many to be a form of derivative work but such generalizations have resulted in numerous non commercial remixes being wrongfully accused of copyright infringement Gallagher argues however that remix is a fundamentally transformative practice The assumption that cultural works should be considered a form of private property is called into question in the digital age thus he proposes an alternative system to balance the economic interests of cultural producers with the ability of the public to engage with a growing intellectual commons of cultural works Multimodal analyses of both remixed and non remixed intertextual work with a particular focus on examples of critical remix video fuel the discussion synthesizing a number of investigative methods including semiotic rhetorical and ideological analysis **Reclaim Regret**
