Recollections Of Charley Russell 1st Edition:

Recollections of Charley Russell Frank Bird Linderman, 1988-09-01 The intimate human memories regarding Charles M Russell his genius and eccentricities which Frank Linderman set down shortly after the death of his good friend constitute a miscellany of personal insights for which any of Russell's biographers ought to have given his eyeteeth But in none of the increasingly frequent Russell commentaries apparently has use ever been made of these prime source materials When Russell and Linderman met it was to be expected a close friendship would result Their interests experiences and natural inclinations were of the same cloth They loved untrammelled people in virgin country they had high regard for the old time Indian and his mores they held the encroachments upon the old West of civilization's less laudable aspects in mutual disdain and finally Linderman with words and Russell with paint and clay were professional artists concerned in the re creation of a beloved time fast slipping away These recollections of their shared campfires trails conversations and fun constitute the finest portrait extant of Charley Russell the human being pulsing with personality quip and many of his well known tall tales
