Recollections of John Viscount Morley John Viscount Morley, 2014-03-30 This Is A New Release Of The Original 1922 Edition **The Methodist Review**, 1918 Subject Index of the Modern Books Acquired by the British Museum in the Years ..., 1927 **The Freethinker**, 1917 *Standard Catalog* H.W. Wilson Company, 1919 **Empire and Imperial Ambition** Mira Matikkala, 2010-11-01 The late nineteenth century is generally thought of as a period of imperial enthusiasm and fervour however beneath the surface there were currents of disquiet and discontent In this book Mira Matikkala examines the modes of thought that were described as anti imperialist in the period 1878 1901 She argues that the common ground between the various critics of imperialism was that they all declared to represent true Englishness in contrast to what they regarded as a distorted imperial identity Previous research has largely embraced the imperialist conception and definition of British imperialism as empire patriotism and general empire pride This has led to a failure to understand the fact that late Victorian anti imperialists comprehended imperialism differently They drew a clear distinction between the empire and imperialism the empire signifying mainly emigration colonisation and the spontaneous spread of English liberal values in the form of the settler empire whereas imperialism as British authoritarian rule in the dependencies was regarded as the negation of the same liberal spirit which the colonies propounded Unlike colonisation imperialism was seen as a new departure in British politics representing anti constitutionalism distorted imperial patriotism militarism aggression and irrational jingoism In contrast to these imperialist manifestations the anti imperialists emphasised the long line from 1688 liberty and constitutional rights in the form of industry and freedom at home and peace fair dealing and moderation abroad In their view these traditional English values constituted true Englishness and any true patriotism would be founded on them The late Victorian debate on imperialism can be loosely grouped into three main categories discussed in the three main parts of the book economy and imperial expansion ethics and the nature of progress and practical politics **Empire and the Imperial Ambition** will be a significant contribution to the fields of British intellectual history and political thought **Methodist Magazine and Quarterly Review**, 1918 The Dial Francis Fisher Browne, Waldo Ralph Browne, Scofield Thayer, 1918 The Problem of Federalism Sobei Mogi, 2019-11-19 First published in 1931 The Problem of Federalism provides a comprehensive and critical survey of the historical development and practical application of the idea of federalism as a form of state organisation The author explores federal ideas from the eighteenth up until the early twentieth century This extensive study will be useful to students of politics and philosophy **The Diary of Virginia Woolf** Virginia Woolf, 1979-05-15 Nothing yet published about her so totally contradicts the legend of Virginia Woolf This is a first chance to meet the writer in her own unguarded words and to observe the root impulses of her art without the distractions of a commentary New York Times Edited and with a Preface by Anne Olivier Bell Introduction by Quentin Bell Index Encyclopedia of Political Theory Mark Bevir, 2010-03-18 Looking at the roots of contemporary political theory this three
