Reconstructing The Dreamland The Tulsa Race Riot Of 1921:

Reconstructing the Dreamland Alfred L. Brophy, 2003-04-10 The 1921 Tulsa Race Riot was the country's bloodiest civil disturbance of the century Thirty city blocks were burned to the ground perhaps 150 died and the prosperous black community of Greenwood Oklahoma was turned to rubble Brophy draws on his own extensive research into contemporary accounts and court documents to chronicle this devastating riot showing how and why the rule of law quickly eroded Brophy shines his lights on mob violence and racism run amok both on the night of the riot and the following morning Equally important he shows how the city government and police not only permitted looting shootings and the burning of Greenwood but actively participated in it by deputizing white citizens haphazardly giving out guns and badges or sending men to arm themselves Likewise the National Guard acted unconstitutionally arresting every black resident they found leaving property vulnerable to the white mob Brophy's stark narrative concludes with a discussion of reparations for victims of the riot through lawsuits and legislative action That case has implications for other reparations movements including reparations for slavery Recovers a largely forgotten history of black activism in one of the grimmest periods of race relations Linking history with advocacy Brophy also offers a reasoned defense of reparations for the riot's victims Washington Post Book World

Reconstructing the Dreamland Alfred L. Brophy, 2002 The 1921 Tulsa Race Riot was America's bloodiest civil disturbance of the century In this text Alfred Brophy draws on his own extensive research into contemporary accounts and court documents to chronicle this devastating riot showing how and why the rule of law quickly eroded **Reconstructing the Dreamland Updated Edition** Brophy, 2023-12-15 **Reconstructing the Dreamland** Alfred L. Brophy, 2000 [The 1921 Tulsa Race Massacre](#) Karlos K. Hill, 2021-03-18 On the evening of May 31 1921 and in the early morning hours of June 1 several thousand white citizens and authorities violently attacked the African American Greenwood District of Tulsa Oklahoma In the course of some twelve hours of mob violence white Tulsans reduced one of the nation's most prosperous black communities to rubble and killed an estimated 300 people mostly African Americans This richly illustrated volume featuring more than 175 photographs along with oral testimonies shines a new spotlight on the race massacre from the vantage point of its victims and survivors Historian and Black Studies professor Karlos K Hill presents a range of photographs taken before during and after the massacre mostly by white photographers Some of the images are published here for the first time Comparing these photographs to those taken elsewhere in the United States of lynchings the author makes a powerful case for terming the 1921 outbreak not a riot but a massacre White civilians in many cases assisted or condoned by local and state law enforcement perpetuated a systematic and coordinated attack on Black Tulsans and their property Despite all the violence and devastation black Tulsans rebuilt the Greenwood District brick by brick By the mid twentieth century Greenwood had reached a new zenith with nearly 250 Black owned and Black operated businesses Today the citizens of Greenwood with support from the broader community continue to work diligently to revive the neighborhood

once known as Black Wall Street As a result Hill asserts the most important legacy of the Tulsa Race Massacre is the grit and resilience of the Black survivors of racist violence The 1921 Tulsa Race Massacre A Photographic History offers a perspective largely missing from other accounts At once captivating and disturbing it will embolden readers to confront the uncomfortable legacy of racial violence in U S history

Post-Racial Limits of Memorialization Alfred Frankowski, 2015-11-09 The Post Racial Limits of Memorialization Toward a Political Sense of Mourning attempts to show how post racial discourse in general and post racial memory specifically operates as a context through which the memorialization of anti black violence and the production of new forms of this violence are connected Alfred Frankowski argues that aside from being symbolically meaningful the post racial context requires that memorialization of anti black violence in the past produces memory as a type of forgetting By challenging many of tenants of the critical turn in political philosophy and aesthetics he argues against a politics of reconciliation and for a political sense of mourning that amplifies the universality of violence embedded in our contemporary sensibility He argues for a sense of mourning that requires that we deepen our understanding of how remembrance and resistance to oppression remain linked and necessitates a fluid and active reconfiguration relative to the context in which this oppression exists

From Here to Equality, Second Edition William A. Darity Jr., Andrea Kirsten Mullen, 2022-07-27 Racism and discrimination have choked economic opportunity for African Americans at nearly every turn At several historic moments the trajectory of racial inequality could have been altered dramatically But neither Reconstruction nor the New Deal nor the civil rights struggle led to an economically just and fair nation Today systematic inequality persists in the form of housing discrimination unequal education police brutality mass incarceration employment discrimination and massive wealth and opportunity gaps Economic data indicates that for every dollar the average white household holds in wealth the average black household possesses a mere ten cents This compelling and sharply argued book addresses economic injustices head on and make the most comprehensive case to date for economic reparations for U S descendants of slavery Using innovative methods that link monetary values to historical wrongs William Darity Jr and A Kirsten Mullen assess the literal and figurative costs of justice denied in the 155 years since the end of the Civil War and offer a detailed roadmap for an effective reparations program including a substantial payment to each documented U S black descendant of slavery This new edition features a new foreword addressing the latest developments on the local state and federal level and considering current prospects for a comprehensive reparations program

They Left Great Marks on Me Kidada E. Williams, 2012-03-12 Well after slavery was abolished its legacy of violence left deep wounds on African Americans bodies minds and lives For many victims and witnesses of the assaults rapes murders nightrides lynchings and other bloody acts that followed the suffering this violence engendered was at once too painful to put into words yet too horrible to suppress Despite the trauma it could incur many African Americans opted to publicize their experiences by testifying about the violence they endured and witnessed In this evocative and deeply moving history Kidada Williams examines African Americans testimonies about racial violence By using both oral and print culture to testify about violence victims and witnesses hoped they would be able to graphically disseminate enough knowledge about its occurrence that federal officials and the American people would be inspired bear witness to their suffering and support their demands for justice In the process of testifying these people created a vernacular history of the violence they endured and witnessed as well as the identities that grew from the experience of violence This

history fostered an oppositional consciousness to racial violence that inspired African Americans to form and support campaigns to end violence The resulting crusades against racial violence became one of the political training grounds for the civil rights movement Book Cover

Diversity Judgments Roy L. Brooks, 2022-03-17 The US Supreme Court's legitimacy its diminishing integrity and contribution to the good of society is being questioned today like no other time in recent memory Criticisms reflect the perspectives of both insiders straight white males and outsiders mainly people of color women and the LGBTQ community Neither perspective digs deep enough to get at the root of the Court's legitimacy problem which is one of process The Court's process of decision making is antiquated and out of sync with a society that looks and thinks nothing like the America of the eighteenth century when the process was first implemented The current process marginalizes many Americans who have a right to feel disenfranchised Leading scholar of jurisprudence Roy L Brooks demonstrates how the Court can modernize and democratize its deliberative process to be more inclusive of the values and life experiences of Americans who are not straight white males

Mary Turner and the Mob Thomas Aiello, 2025-01-23 A reinterpretation of one of America's most notorious lynchings The 1918 lynching of Mary Turner by a white mob in Brooks County Georgia is remembered and studied mainly because of the horror of an allegedly pregnant woman's murder In *Mary Turner and the Mob* author Thomas Aiello asserts that the gruesome details of Turner's execution have distracted historians from investigating the larger context of these terrible events Turner was murdered but not pregnant the author contends and Walter White the NAACP investigator in the case knew this but obscured the facts because of the story's effectiveness Aiello approaches Turner's murder and broader violence in Brooks County not only as a series of lynchings in the rural South but also as events best understood as part of a sustained wave of racial violence during the long Red Summer beginning in East St Louis in 1917 and continuing until the Tulsa Massacre in 1921
