Records of Antony Bek, bishop and patriarch, 1283-1311 Antony Bek (Bishop of Durham.),1953      **Records of Anthony Bek, Bishop and Patriarch, 1283-1311** Constance Mary Fraser,1953      *Records of Antony Bek* Constance Mary Fraser,1953      **Records of Antony Bek, Bishop and Patriarch 1283-1311. Ed.and Calendared by C. M. Fraser** Antony Bek,1953      *Records of Antony Bek, Bishop and Patriarch, 1283-1311. Edited and Calendared by C.M. Fraser* Antony BEK (Bishop of Durham.),1953      **Bishops, Clerks, and Diocesan Governance in Thirteenth-Century England** Michael Burger,2012-10-22 This book investigates how bishops deployed reward and punishment to control their administrative subordinates in thirteenth century England Bishops had few effective avenues available to them for disciplining their clerks and rarely pursued them preferring to secure their service and loyalty through rewards The chief reward was the benefice often granted for life Episcopal administrators security of tenure in these benefices however made them free agents allowing them to transfer from diocese to diocese or even leave administration altogether they did not constitute a standing episcopal civil service This tenuous bureaucratic relationship made the personal relationship between bishop and clerk more important Ultimately many bishops communicated in terms of friendship with their administrators who responded with expressions of devotion Michael Burger s study brings together ecclesiastical social legal and cultural history producing the first synoptic study of thirteenth century English diocesan administration in decades His research provides an ecclesiastical counterpoint to numerous studies of bastard feudalism in secular contexts      *The Bishopric of Durham in the Late Middle Ages* Christian Drummond Liddy,2008 New study sets the medieval palatinate of Durham firmly in the context of a community built round the cult of St Cuthbert      **Anglo-Papal Relations in the Early Fourteenth Century** Barbara Bombi,2019-07-23 This volume is concerned with diplomacy between England and the papal curia during the first phase of the Anglo French conflict known as the Hundred Years War 1305 1360 On the one hand Barbara Bombi compares how the practice of diplomacy conducted through both official and unofficial diplomatic communications developed in England and at the papal curia alongside the formation of bureaucratic systems On the other hand she questions how the Anglo French conflict and political change during the reigns of Edward II and Edward III impacted on the growth of diplomatic services both in England and the papal curia Through the careful examination of archival and manuscript sources preserved in English French and Italian archives this book argues that the practice of diplomacy in fourteenth century Europe nurtured the formation of a shared language of diplomacy The latter emerged from the need to translate different traditions thanks to the adaptation of house styles formularies and ceremonial practices as well as through the contribution of intermediaries and diplomatic agents acquainted with different diplomatic and legal traditions This argument is mostly demonstrated in the second part of the book where the author examines four relevant case studies the papacy s move to France after the election of Pope Clement V 1305 and the succession of Edward II to the English throne 1307 Anglo papal

relations between the war of St Sardos 1324 and the deposition of Edward II in 1327 the outbreak of the Hundred Years Wars in 1337 and lastly the conclusion of the first phase of the war which was marked in 1360 by the agreement between England and France known as the Treaty of Br tigny Calais

Excommunication in Thirteenth-Century England Felicity Hill,2022-05-12 Excommunication was the medieval churchs most severe sanction used against people at all levels of society It was a spiritual social and legal penalty Excommunication in Thirteenth Century England offers a fresh perspective on medieval excommunication by taking a multi dimensional approach to discussion of the sanction Using England as a case study Felicity Hill analyzes the intentions behind excommunication how it was perceived and received at both national and local level the effects it had upon individuals and society The study is structured thematically to argue that our understanding of excommunication should be shaped by how it was received within the community as well as the intentions of canon law and clerics Challenging past assumptions about the inefficacy of excommunication Hill argues that the sanction remained a useful weapon for the clerical elite bringing into dialogue a wide range of source material allows effectiveness to be judged within a broader context The complexity of political communication and action are revealed through public conflicting accepted and rejected excommunications Excommunication could be manipulated to great effect in political conflicts and was an important means by which political events were communicated down the social strata of medieval society Through its exploration of excommunication the book reveals much about medieval cursing pastoral care fears about the afterlife social ostracism shame and reputation and mass communication

The Proceedings Against the Templars in the British Isles ,2018-04-20 In October 1307 all the brothers of the military religious Order of the Temple in France were arrested on the instructions of King Philip IV and charged with heresy In November Pope Clement V instructed King Edward II of England to do likewise This volume provide the first full translation of the four surviving texts of the trial proceedings that followed in Britain and Ireland complementing the edition published in volume 1 The trial of the Templars was the first major heresy trial in the British Isles and the proceedings reveal the Episcopate s attempts to deal with this unprecedented situation the varying procedures followed in different countries and how testimonies were recorded and summarised for the Church Councils which eventually decided the fate of the Order of the Temple The testimonies given during the trial contain a wealth of information about religious beliefs among the lay population of the British Isles both the Templars and outsiders who gave evidence during the trial national and international mobility of lay religious the social function of the order of the Temple in the British Isles and its relations with society at large and the organisation and operations of the Order of the Temple at a local national and international level Detailed introductions to each volume describe the manuscripts and how the material was compiled and arranged and discuss the course of the proceedings and the value of the evidence they contain Appendices in this volume also list the names of all the Templars mentioned during the proceedings Templar houses and the locations of the proceedings in London

**Agriculture and Rural Society After the Black Death** Ben Dodds, Richard Britnell, 2009-04 With special emphasis on the period following the Black Death this new collection of essays explores agriculture and rural society during the late Middle Ages Combining a broad perspective on agrarian problems such as depopulation and social conflict with illustrative material from detailed local and regional research this compilation demonstrates how these general problems were solved within specific contexts The contributors supply detailed studies relating to the use of the land the movement of prices the distribution of property the organization of trade and the cohesion of village society among other issues New research on regional development in medieval England and other European countries is also discussed

English Historical Documents Harry Rothwell, 2024-11-01 *English Historical Documents* is the most ambitious impressive and comprehensive collection of documents on English history ever published An authoritative work of primary evidence each volume presents material with exemplary scholarly accuracy Editorial comment is directed towards making sources intelligible rather than drawing conclusions from them Full account has been taken of modern textual criticism A general introduction to each volume portrays the character of the period under review and critical bibliographies have been added to assist further investigation Documents collected include treaties personal letters statutes military dispatches diaries declarations newspaper articles government and cabinet proceedings orders acts sermons pamphlets agricultural instructions charters grants guild regulations and voting records Volumes are furnished with lavish extra apparatus including genealogical tables lists of officials chronologies diagrams graphs and maps

English Episcopal Acta 30: Carlisle 1133-1292 David M. Smith, British Academy, 2005-06-30 The area comprising what became the counties of Cumberland and Westmorland was long disputed both politically and ecclesiastically between the English and Scottish kingdoms The bishopric of Carlisle was the last see in England to be created before the Reformation changes of the 1540s This latest volume in the *English Episcopal Acta* series brings together for the first time an edition of all the surviving charters issued by bishops of Carlisle from 1133 until the death of Bishop Ralph de Ireton in 1292 The extant charters provide great insights into the episcopal administration of this border bishopric for the first 150 years of the see's existence The introduction provides an account of the diocese the bishops

and their households discussion of the diplomatic aspects and style of the surviving charters and the episcopal seals Offering fresh insights into this formative period of English history this volume will be of interest to scholars and students of ecclesiastical medieval and local history      **Bishop and Chapter in Twelfth-Century England** Everett U.

Crosby,2003-10-30 This book is the first detailed examination on a comparative basis of the economic and political relations between the bishops and their cathedral clergy in England during the century and a half after the Conquest In particular it is a study of the structure and historical development of the mensal endowments and the redistribution of wealth which led in the course of time to the establishment of the chapter as a largely independent body with substantial political power A description of the constitutional importance of the mensa and its treatment in recent scholarly writing is followed by a discussion of property rights and liberties in the church and the role of the bishop in ecclesiastical and civil government The core of the book consists of an analysis based on contemporary sources of the episcopal and capitular organisation in each of the ten monastic and seven secular sees      Guide to Bishops' Registers of England and Wales David M. Smith,David Michael

Smith,1981      *The Durham Liber Vitae and Its Context* David W. Rollason,2004 The several thousand names recorded here cast light on how the church in Northumbria interacted with contemporary lay and ecclesiastical society over six hundred years      *The New Cambridge Bibliography of English Literature: Volume 1, 600-1660* George Watson,Ian Roy

Willison,1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      *Princes of the Church* David Rollason,2017-06-14 *Princes of the Church* brings together the latest research exploring the importance of bishops palaces for social and political history landscape history architectural history and archaeology It is the first book length study of such sites since Michael Thompson s *Medieval Bishops Houses* 1998 and the first work ever to adopt such a wide ranging approach to them in terms of themes and geographical and chronological range Including contributions from the late Antique period through to the eighteenth and nineteenth centuries it deals with bishops residences in England Scotland Wales the Byzantine Empire France and Italy It is structured in three sections design and function which considers how bishops palaces and houses differed from the palaces and houses of secular magnates in their layout design furnishings and functions landscape and urban context which considers the relationship between bishops palaces and houses and their political and cultural context the landscapes and towns or cities in which they were set and the parks forests and towns that were planned and designed around them and architectural form which considers the extent of shared features between bishops palaces and

houses and their relationship to the houses of other Church potentates and to the houses of secular magnates
