Juvenile Crime Lawrence V. Moore, 2003 Criminal justice professionals and the media have noted the rise of juvenile crime rates nationwide and a growing surge in youth violence This in turn has highlighted the debate over juvenile transfers to adult courts Proponents of treating violent juvenile offenders as adults argue that juvenile offenders should be held accountable and receive punishment that is appropriate to the seriousness of their offences and that society must be protected by their removal from law abiding communities They urge that young offenders must be held accountable for both lesser and more serious crimes especially when the former offences if unpunished may lead offenders to commit the latter Opponents of treating violent juveniles offenders as adults argue that harsh punishment of juvenile offenders is counterproductive creating recidivism Their contention is that youths who are committing crimes should still be tried in juvenile courts rather than adult courts for a greater effect This informative book presents all the current issues problems ideas as well as some background on the controversies surrounding juvenile crime

Juvenile Crime and Justice William J. Chambliss, 2011-05-03 The authors of the 20 chapters in

Delinquent-Prone Communities Don Weatherburn, Bronwyn Lind, 2000-12-28 Despite a century of effort criminologists do not yet fully understand the relationship between disadvantage and crime The balance of evidence suggests that economic and social stress increase the risk of involvement in crime by increasing the motivation to offend But there are a number of empirical anomalies that cannot easily be reconciled with this interpretation of the evidence Weatherburn and Lind argue that the transmission mechanism linking economic and social stress to crime is not offender motivation but disruption to the parenting process They put forward an epidemic model of the genesis of delinquent prone communities and show how this model resolves the empirical anomalies facing conventional interpretations of the disadvantage crime relationship This book offers compelling evidence which will stimulate debate in this area of criminology and will also interest academics policy makers and practitioners in the field

Juvenile Justice Richard Lawrence, Craig Hemmens, 2008-03-13 Juvenile Justice combines a text with carefully selected accompanying readings The readings will have a policy orientation giving them a real world applied character The book contains extensive coverage of the juvenile justice system focusing on law enforcement court and correctional responses to juvenile offending with an overview of the causes of delinquency This unique approach of combining a text and a reader will provide students with an understanding of the juvenile justice system and an introduction to some of the best original research articles by experts in the field

The Changing Borders of Juvenile Justice Jeffrey Fagan, Franklin E. Zimring, 2000-09 Since the 1960s recurring cycles of political activism over youth crime have motivated efforts to remove adolescents from the juvenile court Periodic surges of crime youth violence in the 1970s the spread of gangs in the 1980s and more recently epidemic gun violence and drug related crime have spurred laws and policies aimed at narrowing the reach of the juvenile court Despite declining juvenile crime rates every state in the country has increased the

number of youths tried and punished as adults Research in this area has not kept pace with these legislative developments There has never been a detailed sociolegal analytic book devoted to this topic In this important collection researchers discuss policy substantive procedural and empirical dimensions of waivers and where the boundaries of the courts lie Part 1 provides an overview of the origins and development of law and contemporary policy on the jurisdiction of adolescents Part 2 examines the effects of jurisdictional shifts Part 3 offers valuable insight into the developmental and psychological aspects of current and future reforms Contributors Donna Bishop Richard Bonnie M A Bortner Elizabeth Cauffman Linda Frost Clausel Robert O Dawson Jeffrey Fagan Barry Feld Charles Frazier Thomas Grisso Darnell Hawkins James C Howell Akiva Liberman Richard Redding Simon Singer Laurence Steinberg David Tanenhaus Marjorie Zatz and Franklin E Zimring **Early Prevention of Adult Antisocial Behaviour** David P. Farrington, Jeremy W. Coid, 2003-04-17 This book presents a comprehensive summary of how well adult crime antisocial behaviour and antisocial personality disorder can be prevented by interventions applied early in life It reviews important childhood risk and protective factors for these adult outcomes and the alternative strategies of primary prevention targeting the whole community and secondary prevention targeting persons identified as high risk are discussed The book also contains extensive information about prevention programmes in pregnancy and infancy pre school programmes parent education and training programmes and school programmes including the prevention of bullying There is special emphasis on preventing the intergenerational transmission of antisocial behaviour by focusing on family violence and a special review of whether risk factors and prevention programmes have different effects for females compared to males Cost benefit analyses of early prevention programmes are also reviewed leading to the conclusion that adult antisocial behaviour can be prevented both effectively and cost efficiently Courting Kids Carla J. Barrett, 2013 Despite being labeled as adults the approximately 200 000 youth under the age of 18 who are now prosecuted as adults each year in criminal court are still adolescents and the contradiction of their legal labeling creates numerous problems and challenges In Courting Kids Carla J Barrett takes us behind the scenes of a unique judicial experiment called the Manhattan Youth Part a specialized criminal court set aside for youth prosecuted as adults in New York City Focusing on the lives of those coming through and working in the courtroom Barrett s study reflects the costs challenges and consequences the tough on crime age has had especially for young men of color Through observation interviews and the construction of court narratives that trace several kids through the progression of their cases Barrett shows how members of the court worked to develop a humanizing model of justice cognizant of the often difficult realities of adolescent lives Skillfully engaging with some of the most critical issues facing our justice system today from routine judicial practices to the appropriate legal responses to serious adolescent transgression Courting Kids is a compelling study of the law in action Unedited summary for book cover *White-Collar Crime and Criminal Careers* David Weisburd, Elin Waring, 2001-02-12 Weisburd and Waring offer here the first detailed examination of the white collar criminal career The Black Child-Savers

Geoff K. Ward, 2022-12-22 During the Progressive Era a rehabilitative agenda took hold of American juvenile justice materializing as a citizen and state building project and mirroring the unequal racial politics of American democracy itself. Alongside this liberal manufactory of citizens a parallel structure was enacted a Jim Crow juvenile justice system that endured across the nation for most of the twentieth century. In *The Black Child Savers* the first study of the rise and fall of Jim Crow juvenile justice Geoff Ward examines the origins and organization of this separate and unequal juvenile justice system. Ward explores how generations of black child savers mobilized to challenge the threat to black youth and community interests and how this struggle grew aligned with a wider civil rights movement eventually forcing the formal integration of American juvenile justice. Ward's book reveals nearly a century of struggle to build a more democratic model of juvenile justice an effort that succeeded in part but ultimately failed to deliver black youth and community to liberal rehabilitative ideals. At once an inspiring story about the shifting boundaries of race citizenship and democracy in America and a crucial look at the nature of racial inequality *The Black Child Savers* is a stirring account of the stakes and meaning of social justice.

Choosing White-Collar Crime Neal Shover, Andrew Hochstetler, 2005-11-14 For more than three decades rational choice theory has reigned as the dominant approach both for interpreting crime and as underpinning for crime control programs. Although it has been applied to an array of street crimes white collar crime and those who commit it have thus far received less attention. *Choosing White Collar Crime* is a systematic application of rational choice theory to problems of explaining and controlling white collar crime. It distinguishes ordinary and upperworld white collar crime and presents reasons theoretically for believing that both have increased substantially in recent decades. Reasons for the increase include the growing supply of white collar lure and non credible oversight. *Choosing White Collar Crime* also examines criminal decision making by white collar criminals and their criminal careers. The book concludes with reasons for believing that problems of white collar crime will continue unchecked in the increasingly global economy and calls for strengthened citizen movements to rein in the increases.

Prisoner Reentry and Crime in America Jeremy Travis, Christy Visser, 2005-08 The contributors question the causes of public concern about the number of returning prisoners the public safety consequences of prisoners returning to the community and the political and law enforcement responses to the issue.

New Directions in Restorative Justice Elizabeth Elliott, Robert Gordon, 2013-06-17 This book is based on papers originally presented at the 6th International Conference on Restorative Justice in Vancouver. It is concerned with several new areas of practice within restorative justice with sections on restorative justice and youth aboriginal justice and restorative justice victimization and restorative justice and evaluating restorative justice.

The Criminology of Criminal Law William Laufer, 2017-07-05 *The Criminology of Criminal Law* considers the relation between criminal law and theories of crime criminality and justice. This book discusses a wide range of topics including the way in which white collar crime is defined new perspectives on stranger violence the reasons why criminologists have neglected the study of genocide the idea of boundary crossing in the control of

deviance the relation between punishment and social solidarity the connection between the notion of justice and modern sentencing theory the social reaction to treason and the association between politics and punitiveness Contributors include Bonnie Berry Don Gottfredson David F Greenberg Marc Riedel Jason Rourke Kip Schlegel Vered Vinitzky Seroussi Leslie T Wilkins Marvin E Wolfgang and Richard A Wright The Criminology of Criminal Law concludes with an analysis of the results of a study on the most cited scholars in the Advances in Criminological Theory series This work will be beneficial to criminologists sociologists and scholars of legal studies Advances in Criminological Theory is the first series exclusively dedicated to the dissemination of original work on criminological theory It was created to overcome the neglect of theory construction and validation in existing criminological publications *The Routledge International Handbook of Juvenile Homicide* Kathleen M. Heide,2023-12-22 The Routledge International Handbook of Juvenile Homicide is the definitive work on juvenile homicide This volume provides an up to date comprehensive and in depth exploration of what is known about juveniles involved in murder Taking an interdisciplinary approach to juvenile homicide this handbook brings together the leading experts in social sciences mental health and law from many countries The volume covers the phenomenon of juvenile homicide from beginning to end by addressing the questions why do kids kill all the way to how does society stop them from killing The tough issues involved in sentencing youths who take the lives of others often deliberately and in horrific ways are confronted through chapters addressing the legal issues child development factors risk assessment public attitudes and ethical concerns The volume brings together research specifically conducted for this volume in addition to summaries and discussions of clinical and empirical findings Each chapter ends with key takeaway points Contributors include psychologists psychiatrists criminologists sociologists lawyers economists biologists epidemiologists and public health and public policy experts Uniquely they examine murder by juveniles across the globe The volume includes research pertaining to the causes correlates and theoretical explanations of juvenile homicide offending Moving beyond discussions of juvenile homicide offenders JHOs as a homogenous group the volume includes research on specific types of JHOs and research investigating age and gender differences among JHOs In addition it draws attention to the empirical factors associated with juvenile homicide offending effective treatment of JHOs recidivism and prevention of violent behavior The volume also makes recommendations for policy and practice including how to shift government policy from punishing lawbreakers to saving lives This volume is essential reading for scholars and students researching youth violence juvenile homicide across a variety of disciplines including criminology criminal justice law psychology psychiatry sociology social work public health and education It is also an invaluable reference for mental health professionals practitioners in the juvenile and criminal justice systems policymakers and government leaders **Policing Gangs in America** Charles M. Katz,Vincent J. Webb,2006-01-09 Policing Gangs in America describes the assumptions issues problems and events that characterize shape and define the police response to gangs in America today The focus of this 2006 book is on the gang unit officers themselves and the

environment in which they work A discussion of research statistical facts theory and policy with regard to gangs gang members and gang activity is used as a backdrop The book is broadly focused on describing how gang units respond to community gang problems and answers such questions as why do police agencies organize their responses to gangs in certain ways Who are the people who elect to police gangs How do they make sense of gang members individuals who spark fear in most citizens What are their jobs really like What characterizes their working environment How do their responses to the gang problem fit with other policing strategies such as community policing Marking Time in the Golden State Candace Kruttschnitt, Rosemary Gartner, 2005 In recent decades the nature of criminal punishment has undergone change in the United States This case study of women serving time in California in the 1960s and 1990s examines key points in this recent history The authors begin with a look at imprisonment at the California Institution for Women in the early 1960s when the rehabilitative model dominated official discourse They compare women s experiences in the 1990s at the California Institution for Women and the Valley State Prison when the recent get tough era was near its peak Drawing on archival data interviews and surveys their analysis considers the relationships among official philosophies and practices of imprisonment women s responses to the prison regime and relations between women prisoners The experiences of women prisoners reflected the transformations Americans have witnessed in punishment over recent decades but they also mirrored the deprivations and restrictions of imprisonment
