The Red Army

Red Army Rubian Civil War 1

James K Libbey

Red Army Rubian Civil War 1:

The Russian Civil War (1) Mikhail Khvostov, 1996-05-15 The main instrument with which the Bolsheviks imposed communism on Russia was the Red Army Traditionally the origins of this army were among the factory workers who laid down their tools and took up arms as a way of expressing their grievances Already formed by the time of the revolutions of 1905 and February 1917 these militant workers organised themselves into parliamentary detachments known as the krasnogvardeytsi or Red Guards In this first of two volumes see Men at Arms 305 White Armies focusing on the Russian Civil War 1917 1923 Mikhail Khvostov examines the Red Army s organisation weaponry uniforms and insignia

The "Russian" Civil Wars, 1916-1926 Jonathan Smele, 2016-01-15 This volume offers a comprehensive and original analysis and reconceptualisation of the compendium of struggles that wracked the collapsing Tsarist empire and the emergent USSR profoundly affecting the history of the twentieth century Indeed the reverberations of those decade long wars echo to the present day not despite but because of the collapse of the Soviet Union which re opened many old wounds from the Baltic to the Caucasus Contemporary memorialising and de memorialising of these wars therefore form part of the book s focus but at its heart lie the struggles between various Russian political and military forces which sought to inherit and preserve or even expand the territory of the tsars overlain with examinations of the attempts of many non Russian national and religious groups to divide the former empire The reasons why some of the latter were successful Poland and Finland for example while others Ukraine Georgia and the Muslim Basmachi were not are as much the author s concern as are explanations as to why the chief victors of the Russian Civil Wars were the Bolsheviks Tellingly the work begins and ends with battles in Central Asia a theatre of the Russian Civil Wars that was closer to Mumbai than it was to Moscow

The Red Army 1922-41 Philip Jowett, 2022-08-18 This study explores the organization history and uniforms of the Soviet Red Army during the 20 years between its victory in the Civil War and the invasion of the USSR by Germany in 1941 The two decades following the Bolshevik victory over the Whites in the Russian Civil War saw widespread and fundamental developments for the Red Army Nevertheless these still left it largely unready to face Germany s Operation Barbarossa in June 1941 Having been reduced in size and planning for modernization the Red Army of the 1920s was employed to ruthlessly crush anti Bolshevik opposition real or suspected in several regions of the USSR notably Ukraine and Central Asia and to fight a brief border war against Chinese Manchuria During the 1930s Stalin virtually beheaded the army by a needless series of murderous purges of the officer class despite this the Red Army was victorious in clashes against Imperial Japan in the Nomonhan region in 1938 39 where General Zhukov earned his spurs Simultaneously the Soviet Union sent instructors and pilots to fight for the Republicans in the Spanish Civil War 1936 39 The non aggression pact with Nazi Germany allowed Stalin to take over half of Poland in September 1939 but a few months later his Winter War against Finland demonstrated serious inadequacies in the Red Army s readiness for modern warfare which would be shockingly confirmed in the first days of Operation Barbarossa

Using rare photos and detailed colour artwork this study explores the interwar history of the Red Army describing its campaigns organization and uniforms and focusing on the 20 years between its victory in the Civil War and the invasion of the USSR by Germany in 1941 Historical Dictionary of the Russian Civil Wars, 1916-1926 Jonathan D. Smele, 2015-11-19 This book is a detailed reference of the twentieth century struggles that were waged across and beyond the decaying Russian Empire at the end of the First World War as tsarism and democratic alternatives to it collapsed and the world's first Communist state the Union of Soviet Socialist Republics was born At the same time it is a necessary corrective to studies that have viewed events of the time as a unitary Russian Civil War that sprang from the Russian Revolution of 1917 Instead it contributes to the ongoing process of integrating the civil wars into a continuum of crises that wracked the Russian Empire and its would be successor states across a prolonged period The Historical Dictionary of the Russian Civil Wars 1916-1926 covers the history of this period through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has almost 2 000 cross referenced entries on individuals political and governmental institutions and political parties and military formations and concepts as well as religion art film propaganda uniforms and weaponry This book is an excellent access point for students researchers and anyone wanting to know more about the Russian Civil War

The Russian Civil War, 1918-1921 Richard W. Harrison, A.S. Bubnov, S.S. Kamenev, M.N. Tukhachevskii, R.P. Eideman, 2020-06-30 A wealth of knowledge For every incident chasing Kornilov or dealing with Admiral Kolchak the reader has a 360 degree view Roads to the Great War The Russian Civil War was one of the most fateful of the 20th century's military conflicts a bloody three year struggle whose outcome saw the establishment of a totalitarian communist regime within the former Russian Empire As such it commands the attention of the military specialist and layman alike as we mark the one hundredth anniversary of the war's end This work is the third volume of the three volume Soviet official history of the Russian Civil War which appeared during 1928-1930 just before the imposition of Stalinist orthodoxy While the preceding volumes focused on the minutiae of the Red Army's organizational development and military art this volume provides an in depth description and analysis of the civil war's major operations along the numerous fronts from the North Caucasus the Don and Volga rivers the White Sea area the Baltic States and Ukraine as well as Siberia and Poland It also offers a well argued case for the political reasons behind the Bolsheviks military strategy and eventual success against their White opponents And while it is a certainly a partisan document with a definite political bias it is at the same time a straightforward military history that manages to avoid many of the hoary myths that later came to dominate the subject As such it is easily the most objective account of the struggle to emerge from the Soviet Union before the collapse of the communist system in 1991 Armies in Southern Russia 1918-19 Phoebus Athanassiou, 2021-06-24 An important aspect of the Russian Civil War were the several Allied expeditions immediately following World War I in support of the disunited Russian White armies resisting the Bolshevik Revolution Although they ended in failure these ventures were long resented and were the origin of

the 70 year long Soviet suspicion of the Western Allies British and US expeditionary forces operated in North Russia and Siberia in support of General Yudenich and Admiral Kolchak respectively and a French and Greek expeditionary force plus Romanian and Polish elements operated in Crimea and south western Ukraine in support of General Denikin The situation was further complicated by the presence of strong Imperial German elements still under arms and by war between various factions in the Ukraine This Southern theatre of the Allied interventions is far less well known than that of the British and Americans in the North and East Featuring rare photos and new colour plates this fascinating new book describes this major Allied intervention in the Russian Civil War Dr Phoebus Athanassiou writes a compelling account of how the French and Greeks alongside White Russians were greatly outnumbered by pro Bolshevik forces and were relentlessly pushed back by the Ukrainian forces In just over 4 months on 28 April 1919 the last of their forces were evacuated by Allied navies from Sevastopol in Crimea

A Companion to the Russian Revolution Daniel Orlovsky, 2020-08-17 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox church Bolshevism Liberalism and more Although primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author s original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Russian Aces of World War 1 Victor Kulikov, 2013-04-20 Although the Russian Imperial Army Air Service consisted of no more than four BAGs Boevaya Aviatsionniy Gruppa battle aviation groups each controlling three or four smaller AOIs Aviatsionniy Otryad Istrebitelei fighter aviation detachments equipped with a variety of aircraft types its fighter pilots nevertheless gave a good account of themselves Indeed during three years of war they claimed more than 200 Austro Hungarian and German aircraft shot down creating 13 aces these elite

aviators accounted for around half of the victories claimed on the Eastern Front Pilots flew a variety of fighter types with French Nieuport scouts and SPAD VIIs proving to be the most popular and effective aeroplanes to see service on this front The exploits of these aces are detailed here with information based on material newly sourced by the author from Russian military and private archives Many previously unpublished photographs are used to illustrate this book supported by full colour profiles that reveal how striking some of the aces fighters were in this often forgotten theatre of World War 1

Foundations of Russian Military Flight, 1885-1925 James K Libbey, 2019-05-15 *Foundations of Russian Military Flight* focuses on the early use of balloons and aircraft by the Russian military The best early Russian aircraft included flying boats designed by Dimitrii Grigorovich and large reconnaissance bombers created by Igor Sikorsky As World War I began the Imperial Russian Navy made use of aircraft more quickly than the army Indeed the navy established a precursor to the aircraft carrier The Imperial Russian Army came to respect over time the work of aircraft that evolved from reconnaissance and bomber to fighter planes Over 250 army pilots during the war received awards of high distinction for their wartime flights After the 1917 revolution both the new Bolshevik government and the reactionary White forces created air arms to combat each other In the 1920s the Soviet Union and Germany negotiated agreements that allowed Germany to violate the Treaty of Versailles by building military aircraft and training German military pilots in the USSR This provided the Soviet Union access to the latest aviation technology and prevented them from falling too far behind the West in this crucial sphere

Freedom and Terror in the Donbas Hiroaki Kuromiya, 1998 This book discusses both the freedom of the Ukrainian Russian borderland of the Donbas and the terror it has suffered because of that freedom In a detailed panorama the book presents the tumultuous history of the steppe frontier land from its foundation as a modern coal and steel industrial center to the post Soviet present Wild and unmanageable this haven for fugitives posed a constant political challenge to Moscow and Kiev In light of new information gained from years of work in previously closed Soviet archives including the former KGB archives in the Donbas the book presents from a regional perspective new interpretations of critical events in modern Ukrainian and Russian history the Russian Revolution the famine of 1932-33 the Great Terror World War II collaboration the Holocaust and de Stalinization

When Titans Clashed David M. Glantz, Jonathan Mallory House, 1995 By the time Pearl Harbour had ripped apart America's peacetime pretensions the German blitzkrieg had already blasted the Red Army back to the gates of Moscow Yet less than four years later the Soviet hammer and sickle flew above the ruins of Berlin stark symbol of a miraculous comeback that destroyed the German army and shattered Hitler's imperial designs

The Russian Revolution and Civil War 1917-1921 Jonathan Smele, 2006-04-15 *The Russian Revolution and Civil War* in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian*

Revolution and Civil War 1917-1921 offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history. The Bibliography focuses on the key years of 1917 to 1921, starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921, and covers all the key events of the intervening years. As such, it identifies these crucial years as something more than simply the creation of a communist state. *The Vanquished* Robert Gerwarth, 2016-11-15. An epic groundbreaking account of the ethnic and state violence that followed the end of World War I and shaped the course of the twentieth century. Winner of the Tomlinson Book Prize, a Times Literary Supplement Best Book of 2016. In *The Vanquished*, a highly original and gripping work of history, Robert Gerwarth asks us to think again about the true legacy of the First World War. In large part, it was not the fighting on the Western Front that proved so ruinous to Europe's future, but the devastating aftermath, as countries on both sides of the original conflict were savaged by revolutions, pogroms, mass expulsions, and further major military clashes. In the years immediately after the armistice, millions would die across central, eastern, and southeastern Europe, before the Soviet Union and a series of rickety and exhausted small new states would come into being. It was here, in the ruins of Europe, that extreme ideologies such as fascism would take shape and ultimately emerge triumphant. As absorbing in its drama as it is unsettling in its analysis, *The Vanquished* is destined to transform our understanding of not just the First World War but the twentieth century as a whole. *The Red Army and the Second World War* Alexander Hill, 2019-02-07. In a definitive new account of the Soviet Union at war, Alexander Hill charts the development, successes, and failures of the Red Army from the industrialisation of the Soviet Union in the late 1920s through to the end of the Great Patriotic War in May 1945. Setting military strategy and operations within a broader context that includes national mobilisation on a staggering scale, the book presents a comprehensive account of the origins and course of the war from the perspective of this key Allied power. Drawing on the latest archival research and a wealth of eyewitness testimony, Hill portrays the Red Army at war from the perspective of senior leaders and men and women at the front line to reveal how the Red Army triumphed over the forces of Nazi Germany and her allies on the Eastern Front and why it did so at such great cost. *Russian Revolution of 1917* Sean N. Kalic, Gates M. Brown, 2017-09-21. Combining reference entries and examination of primary documents from the Russian Revolution, this book gives students a better understanding of how and why political forces fought to reshape the Russian empire 100 years ago and provides keen insights into the Soviet Union that resulted. This invaluable reference guide provides an understanding of the social, political, and economic forces and events in Russia that led to the 1905 Russian Revolution, in which leftists and radicals disposed of the Czar and his regime. It addresses key developments such as the formation of the provisional government, the Bolshevik Revolution in October 1917, and the Russian Civil War, connected evolutionary historical events that fundamentally reshaped Russia into the Soviet Union. This book serves students and general readers seeking a single source that provides in-depth coverage of the Russian Revolution and the Russian Civil War. Beyond the reference entries, the book contains primary documents that cover the key

events people and issues that emerged during Russia's revolutions and Civil War These documents give readers a more detailed understanding of how the Bolsheviks used calls for greater democracy to gain support for their revolution how the Bolsheviks used terror and control as means to maintain their power once the Bolshevik Revolution took place and why the Bolsheviks believed such extreme measures were needed Also included is a chronology of major events from 1890 through 1923 and a bibliography that serves as a starting point for more directed research

MILITARY UNIFORMS IN EUROPE 1900 - 2000 Volume One R Spencer Kidd, 2013-10-01 This book Volume One gives an historical overview of 36 countries whose armed forces served in Europe 1900 2000 together with uniform descriptions Includes 200 full colour paintings of the regular armies marines airforce and para military troops engaged in land exercises operations and warfare in Europe including non European troops serving in Europe Each entry is accompanied by a history and description of the uniforms illustrated The author and illustrator Ron Kidd has been interested in both police and military history uniforms and insignia since he was a school boy in the 1950 s He has visited over 300 police and military museums world wide and has written and illustrated a number of magazine articles on both police and military history and uniforms He is a member of both the Military Heraldry Society and the Military Historical Society It is anticipated that Volume Two will be published in 2013

Armored Units of the Russian Civil War David Bullock, 2013-02-20 By 1920 the Red Army of Russia fielded an overwhelming array of armored cars armored trains and tank detachments These armored units played an important part in consolidating the newly won Bolshevik empire in the early 1920s as a consequence of the fact that railways were the strategic arteries that essentially controlled Russia armored trains have never played such a significant role in military history as they did in the Russian Civil War This title details the management construction repair personnel training and combat of the Red Army's armored units on all fronts including such famous vehicles as Trotsky's armored train

Key Themes of the Twentieth Century Philip Sauvain, 1996 Key History for GCSE offers a cost effective approach to resourcing the new GCSE syllabuses as one core book covers all the Modern World syllabus requirements The series is practical and flexible the core book is supplemented by topic books providing resources for Modern World and Schools History project Depth Studies Teachers will enjoy a comprehensive support package Each Pupils Book is supported by a fully integrated Teacher's Resource Guide providing worksheets for mixed abilities homework resources and guidelines on assessment Suitable for all ability levels Extra help is given for lower ability pupils The series makes an ideal core resource for GCSE suitable for use either as a stand alone course or as a follow on to Key History for Key Stage 3 providing

progression in learning style and presentation Stalingrad Alexey Isaev, 2020-02-19 A fresh look at what is perhaps the most famous battle of the Russo German War from the Soviet perspective The NYMAS Review Much has been written about the Battle of Stalingrad the Soviet victory that turned the tide of the Second World War Yet our knowledge and understanding continues to evolve and this engrossing account by Alexey Isaev brings together previously unpublished Russian archive material strategic directives and orders after action reports and official records of all kinds with the vivid recollections of soldiers who were there on the front lines reconstructing what happened in extraordinary new detail The evidence leads him to question common assumptions about the conduct of the battle about the use of tanks and mechanized forces for instance and the combat capability and tenacity of the defeated and surrounded German Sixth Army in the last weeks before it surrendered His gripping narrative carries the reader through the course of the entire battle from the first small scale encounters on the approaches to Stalingrad in July 1942 through the intense continuous fighting through the city to the encirclement the beating back of the relieving force and the capitulation of the Sixth Army in February 1943 Military historian Alexey Isaev s latest book with maps and illustrations included is an important contribution to the literature on this decisive battle It offers a thought provoking revised view of events for readers already familiar with the story and a fascinating introduction for those coming to it for the first time

Red Army Rubian Civil War 1: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous compelling novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have enthralled audiences this year. Red Army Rubian Civil War 1 : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Red Army Rubian Civil War 1 : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These popular novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
