E. Trout,1917 **The Man from Nowhere** ,2000 **Prince Malu and the Red Sands of Armapour** Tom Kurtz,2002

The setting for the story is in the Middle East more than one thousand years ago when magic was still in the air The story opens with Prince Malu fleeing for his life on his twentieth birthday What was supposed to be a joyous occasion with visitors from several nations attending was turned into a terrorist attack by the Caliph of Oman and his men They disguised themselves as guests and entered the palace Then just when Malu s father Ahmed Ben Crishna King of Armapour was about to present Malu to the representatives of the various countries the attack began The King is killed immediately Queen Melina Malu s mother helps him to escape She is killed with an arrow intended for Malu Malu flees on a horse that was a birthday present from his mother Malu pushes his mount as far and as fast as he is able but cannot seem to shake the two relentless pursuers The chase continues until Malu enters mysterious mountains that are rumored to harbor demons evil spirits lions cobra and other dangers The men pursuing him are afraid of the mountains and give up the chase Malu wanders into the mountains He has no food or water and the only weapon he has is a saber a birthday present from his father Malu is so weary that he dismounts and falls asleep on the hard ground and dreams of all that had happened He awakens and is attacked by bandits Just when one of the bandits is about to deliver a killing blow to the unconscious Malu he is shot dead with an arrow seemingly to come from out of thin air Kumar King of the forbidden city of Shayandra and his men had been watching Malu s progress since he entered the mountains Kumar killed the bandit When Malu finally regains consciousness he is surprised to find Kumar and his men have the bandits at their mercy He is greeted by Kumar and asked to identify himself Malu tells Kumar that he is the Prince of the kingdom of Armapour Kumar takes Malu into the forbidden city of Shayandra Malu meets Helita Kumar s granddaughter who later becomes the love of his life Kumar decides to tell Malu the story of Shayandra Malu learns that the city and its people have been under a curse for more than a thousand years The curse fell upon them because a prior king of Shayandra had desecrated the tomb of an Egyptian Lion God Not long after the tomb was desecrated the Lion God was reincarnated and now this half man half lion monster now lives in these mountains with his evil spirits and demons The curse demands that every hundred years on the anniversary of the desecration a human sacrifice must be made to Lion God or all the people of Shayandra would die This person must be a first born of the royal family Shayandra It was now the time again for the sacrifice and Helita would be the next victim Kumar then tells Malu that the legend of the curse told of a prince a savior who would come some day and break the curse Kumar tells Malu that he believes that Malu is that prince Of course Malu does not believe it Malu has already fallen in love with Helita and cannot stand the thought of her dying so he agrees to help He tells Kumar that what he feels he must do is free Armapour from the Caliph Kumar convinces Malu to help the people of Shayandra by promising to raise an army and march on Armapour once the curse broken Kumar s words were

we will turn the sands of Armapour red with the blood of your enemies This is where the title of the book originates If you like magic flying carpets secret passages enchanted weapons love intrigue and war this story is for you Tales from the Crypto-System Geoffrey Maloney,2003-01-01 Poetic Writing and the Vietnam War in West Germany Mererid Puw Davies,2023-05-30 In the 1960s and 1970s in the Federal Republic of Germany FRG or West Germany newspaper readers and television viewers were appalled by terrible images of fires burning half a world away The Vietnam War was a decisive catalyst for the era s wider protest movements and gave rise to an ardent anti war discourse This discourse privileged writing in many forms Within it poetry and poetic writing were key and because coverage of the conflict in Vietnam often focused on spectacular destructive conflagrations ignited by hi tech machines of war their dominant trope was fire Hundreds of poems and related writings about Vietnam circulated in the FRG yet they are almost entirely forgotten today Poetic Writing and the Vietnam War in West Germany uncovers and explores some of this rich production in order to present a new history of engaged poetic writing in the FRG in the 1960s and 1970s and to draw out distinctive characteristics of wider protest culture In doing so it makes the case for attending to marginal non canonical or neglected literary and cultural forms and for critical thinking about why they might over time have been obscured This book offers too a case study for reflection on the representation of war on ways in which German oppositional culture could imagine its others and the ways in which other voices could speak to it in turn and on the relationship of poetry to the historical world **German Poetry in Transition, 1945-1990** Charlotte Melin,1999 An ambitious bilingual anthology of postwar German poetry *Grab Your Boarding Pass* Kalie Kelch,2013-08-27 Backpack Check Sunscreen Check Water bottle Check We re almost ready for the trip of a lifetime Over the next 365 days we will travel across North America fleeing alligators in the Louisiana bayou munching on chocolate from Hershey Pennsylvania and cleaning fish with the Inuit in Alaska We will experience the excitement of Western rodeos and swim with beluga whales from the Arctic Ocean But our final destination lies far beyond the North American continent the earth or even our solar system We re headed to heaven How can an awkward looking Texas armadillo prepare you for the biggest trip of your life How can Roanoke Island s mysterious carvings get you ready for your home in the sky Grab your boarding pass for a yearlong tour of America and an eternal trip to heaven Bible Check **Deleuze and the Gynesis of Horror** Sunny Hawkins,2020-10-01 Applying Deleuze s schizoanalytic techniques to film theory Deleuze and the Gynesis of Horror demonstrates how an embodied approach to horror film analysis can help us understand how film affects its viewers and distinguish those films which reify static hegemonic molar beings from those which prompt fluid nonbinary molecular becomings It does so by analyzing the politics of reproduction in contemporary films such as *Ex Machina* *Mary Shelley s Frankenstein* *Mad Max Fury Road* the *Twilight* saga and the original *Alien* quadrilogy and its more recent prequels *Prometheus* and *Alien Covenant* Author Sunny Hawkins argues that films which promote a monstrous philosophy of qualitative affirmative difference as difference in itself and which tend to be more molecular than molar in their expressions

can help us trace a line of flight from the gender binary in the real world Deleuze and the Gynesis of Horror demonstrates how the techniques of horror film editing sound and visual effects lighting and colour camera movement work in tandem with a film's content to affect the viewer's body in ways that disrupt the sense of self as a whole unified subject with a stable monolithic identity and in some cases can serve to breakdown the binary between self/Other as we come to realize that we are none of us static categorizable beings but are as Henri Bergson said living things constantly becoming

My Pursuit of the Axis of Evil Bill Cox, 2022-11-01 My Pursuit of the Axis of Evil is about meetings and adventures with interesting people in Asia and Alaska I followed the advice of a long ago traveler named Pythagoras who admonished us to check your prejudices at every port of entry As a result I mostly traveled solo merged with the locals and got to see experience and understand things that would not have been otherwise possible Plus the locals can keep you out of trouble and get you out of trouble if you get into it In Alaska I sought out native elders and others in the far corners of this enormous state street people and the many interesting and famous people visiting or passing through And high level politicians often at the opposite end of the political and social issues spectrum than me I learned a lot made new friends and often got to see things from a different perspective Encounters were overwhelmingly positive and it is these people to whom I dedicate My Pursuit of the Axis of Evil I commend you for your natural curiosity and desire to go out into the world and see for yourself Pursuit of the Axis of Evil is a great primer on how to engage and interact with the incredible variety of people we meet on international travel people that appear on the surface to be very different from you and me Robert DeLaurentis Polar and Equatorial Circumnavigator Citizen of the World
