New Ghosts, Old Ghosts: Prisons and Labor Reform

Camps in China James D. Seymour, Michael R Anderson, 2015-06-01 Much has been written about the laogai sometimes likened to the Soviet gulag in the People's Republic of China. Depending on the source, the prisons are described as nonexistent enlightened institutions or hellish places that subject the inmates to degradation and misery. The system is commonly thought of by admirers and critics alike as having a measurable impact on the national economy and providing significant resources to the state. Based on research in classified documents and extensive interviews with former prisoners, judicial personnel and other insiders, and featuring case studies dealing with the three northwestern provinces, this book examines such assertions on the basis of the facts about this underexamined subject in order to arrive at a detailed, objective and realistic picture of the situation. In the case of each province under study, the authors discuss the history of the provincial prison system and the impact that each has had at the macro, meso and micro levels. The Lost Daughters of China Karin Evans, 2008-10-02 In 1997, journalist Karin Evans walked into an orphanage in southern China and met her new daughter, a beautiful one-year-old baby girl. In this fateful moment, Evans became part of a profound, increasingly common human drama that links abandoned Chinese girls with foreigners who have traveled many miles to complete their families. At once a compelling personal narrative and an evocative portrait of contemporary China, *The Lost Daughters of China* has also served as an invaluable guide for thousands of readers as they navigated the process of adopting from China. However, much has changed in terms of the Chinese government's policies on adoption since this book was originally published, and in this revised and updated edition, Evans addresses these developments. Also new to this edition is a riveting chapter in which she describes her return to China in 2000 to adopt her second daughter, who was nearly three at the time. Many of the first girls to be adopted from China are now in the teens. China only opened its doors to adoption in the 1990s, and this edition includes accounts of their experiences growing up in the US and in some cases of returning to China in search of their roots. Illuminating the real-life stories behind the statistics, *The Lost Daughters of China* is an unforgettable account of the red thread that winds from China's orphanages to loving families around the globe. China Today Leila Fernández-Stembridge, Taciana Fisac, 2004-02-24 First Published in 2004, Routledge is an imprint of Taylor & Francis, an information company. **The China Dream** Joe Studwell, 2003 Examines the many attempts to capitalize on the last big market in the world stretching back seven hundred years and includes an analysis of the present unprecedented expansion. **The Promise and Premise of Creativity** Eugene Eoyang, 2012-07-12 *The Promise and Premise of Creativity* considers literature in the larger context of globalization and the clash of cultures. Refuting the view that the study of literature is useless, Eoyang argues that it expands three distinct intellectual skills: creative imagination, vicarious sympathy, and capacious intuition. With the advent of the personal computer and the blurring of cultural and economic boundaries, it is the ability to imagine, to intuit, and to invent that will mark the educated student and allow her to survive the rapid pace of change. As never before, the ability to empathize with other peoples, to understand cultures very different from one's own, is vital to success in a globalized

world In this the very uselessness of literature may inure the mind to think creatively Engaging with both the theory and practice of literature its past and its potential future Eoyang claims that our sense of the world at large of the salient similarities and differences between cultures would be critically diminished without comparative literature *China Nexus* Benedict Rogers,2022-10-25 Benedict Rogers born in London England first went to China at age eighteen to teach English for six months in Qingdao three years after the Tiananmen Square massacre That opened the door to a thirty year adventure with China from teaching English in schools and hospitals to working as a journalist in Hong Kong for the first five years after the handover to travelling to China s borders with Myanmar Burma and North Korea to document the plight of refugees escaping from Beijing backed satellite dictatorships and then campaigning for human rights in China especially for Uyghurs Christians and Falun Gong practitioners human rights defenders journalists and dissidents and the people of Hong Kong This book tells the story of his fight for freedom for the peoples of China and neighbouring countries Myanmar and North Korea and sets out how a global movement for human rights in China is emerging and what the free world should do next It describes the importance of the China Nexus in the author s journey and geopolitics and its challenges Pioneering international inquiries into forced organ harvesting from prisoners of conscience the genocide of the Uyghurs and global action for Hong Kong as well as highlighting the Vatican s silence the author has been at the heart of advocacy for human rights in China in recent years In 2017 on the orders of Beijing he was denied entry to Hong Kong 20 years after he had moved to the city and began his working life as a journalist and activist Benedict Rogers co founded Hong Kong Watch and worked with a variety of other international groups at the forefront of the fight for freedom including the Inter Parliamentary Alliance for China IPAC the Stop Uyghur Genocide Campaign the China Democracy Foundation the Conservative Party Human Rights Commission which he co founded and the international human rights organization CSW with which he has worked for over 25 years This book hits the Chinese Communist Party hard on their lack of Human Rights efficacy genocide and despicable and barbaric organ harvesting programs an estimated 1 billion US a year business Rogers takes the readers on a journey through some of the leaders and participants in the Human rights activities that China has suppressed since its inception in 1949 He goes on to dispute and lays to rest all of the specious claims by the tyrants in Beijing that all Chinese citizens are equal and are afforded human and civil rights Currently the regime is engaged in re education cultural assimilation and multiple genocides leading to better citizens for China and the world if one believes Chinese officials China s ambassador to Canada says reports of genocide and forced labour of Uyghur Muslims in Xinjiang province are the lie of the century despite international bodies like the United Nations deeming the reports of such activities numerous and credible The author will completely dispel that notion China's Thought Management Anne-Marie Brady,2012-02-06 China s Thought Management argues that by re emphasizing and modernizing propaganda and thought work since 1989 the CCP has managed to overcome a succession of local and national level crises the Tiananmen Square protests of 1989 the impact of the

collapse Socialism in the Eastern bloc SARS ethnic clashes in Tibet and Xinjiang to name but a few emerging re strengthened and as dominant in Chinese society as ever The contributors to this book address such crucial issues as the new emphasis on economic propaganda the continued importance of the PLA propaganda system in China s overall propaganda work and political stability how the CCP uses Confucius talk in its foreign and domestic propaganda and new approaches to mass persuasion such as campaigns of mass distraction Each chapter is a case study of the multiple ways in which the CCP has modified and adjusted its propaganda to reflect China s changed economic and political environment Challenging readers to reconceptualise mainstream understandings of the CCP s hold on power and the means the CCP government adopts to maintain its authority to rule this book will be invaluable reading for anyone interested in the Chinese media and Chinese politics

The Good Women of China Xinran, 2011-03-18 An unprecedented intimate account of the lives of modern Chinese women told by the women themselves true stories of the political and personal upheavals they have endured in their chaotic and repressive society For eight groundbreaking years Xinran hosted a radio program in China during which she invited women to call in and talk about themselves Broadcast every evening Words on the Night Breeze became famous throughout the country for its unflinching portrayal of what it meant to be a woman in modern China Centuries of obedience to their fathers husbands and sons followed by years of fear under Communism had made women terrified of talking openly about their feelings Xinran won their trust and through her compassion and ability to listen became the first woman to hear their true stories This unforgettable book is the story of how Xinran negotiated the minefield of restrictions imposed on Chinese journalists to reach out to women across the country Through the vivid intimacy of her writing these women confide in the reader sharing their deepest secrets Whether they are the privileged wives of party leaders or peasants in a forgotten corner of the countryside they tell of almost inconceivable suffering forced marriages sexual abuse separation of parents from their children extreme poverty But they also talk about love about how despite cruelty despite politics the urge to nurture and cherish remains Their stories changed Xinran s understanding of China forever Her book will reveal the lives of Chinese women to the West as never before

Making the Foreign Serve China Anne-Marie Brady, 2003-09-08 This book provides the first detailed analysis of a crucial and distinctive element of Chinese foreign policy Anne Marie Brady follows the development of the Chinese Communist Party s foreign affairs system since 1921 focusing on waishi the external policies intended to influence and control both foreigners themselves as well as Chinese citizens contact with and perception of outsiders The term also comprises China s external relations both official state to state and so called unofficial or people to people diplomacy In effect waishi activities encompass all matters related to foreigners and foreign things not merely diplomacy By managing the foreign presence in China and China s contacts with the outside world and by controlling the Chinese population the author argues that waishi has proven to be one of the most effective tools in the CCP s repertoire for building and then sustaining its hold on power Drawing for the first time on policy documents that underpin the phenomena

they describe Brady analyzes trends and developments in waishi during each chronological period The book elucidates how the CCP s policies evolved In the 1930s the need for a broad united front in international relations warred with the desire to control the foreign presence in China in the 1940s and 1950s the Sino Soviet alliance and ridding China of the traces of the semi colonial past took precedence in the 1960s the Sino Soviet split led to China s claim as the center of world revolution and in the past twenty years of reform the focus has been the ongoing quest to create a modern nation state as China opens up to the outside world The author considers waishi s deeper meaning as an overriding approach to the foreign which links state to state diplomacy with the management of the foreign presence in China Her groundbreaking research is based on a previously unexplored genre of waishi materials almost all classified in Chinese extensive interviews with waishi officials and foreign participant
