Dubin's Lives Bernard Malamud, 2003-09-18 In his later middle age prize winning biographer William Dubin's obsession for biography is supplanted by the obsession of love for a woman half his age who has sought an understanding of her life through his books The Works of Francis Bacon, Lord Chancellor of England Francis Bacon, 1842 The Works of the Right Reverend Ezekiel Hopkins, D.D. Lord Bishop of Derry Ezekiel Hopkins, 1855 *The Challenge of the 21st Century* Harold A. Linstone, Harold Quinton Distinguished Professor of Business Policy and Director Ian I Mitroff, Ian I. Mitroff, 1994-01-01 The population and technology explosions are shrinking the world to a system in which everything is interactive forcing us to transcend traditional modes of thinking In this book the authors set forth the concept of multiple perspectives technical organizational and personal They begin the book with a multiple perspective examination of the Exxon Valdez oil spill in Alaska a case that foreshadows the intensifying problem of managing hazardous technology in the coming decades They then apply this approach on a much larger scale to the United States in the evolving global setting Included in the discussion are issues such as the balance between short term and long term concerns and between individual and societal responsibilities The interdependence and inseparability of the three perspectives is reflected in the focus on technological superiority organizational rethinking and imaginative personal leadership This book will help managers and students in business engineering science and policymaking break away from exclusive concern with the technical perspective and thus help prepare them for the challenges of a new era

Philosophy of the Short Term Jay Lampert,2023-12-14 The concept of the short term involves a complex network of quantitative qualitative and operational ideas It is essential everywhere from the ontology of time to the science of memory to the preservation of art to emotional life to the practice of ethics But what does the idea of the short term mean What makes a temporal term short What makes a time segment terminate Is the short term a quantitative idea or a qualitative or functional idea When is it a good idea to understand events as short term events and when is it a good idea to make decisions based on the short term What does it mean for the nature of time if some of it can be short Jay Lampert explores these questions in depth and makes use of the resources of short as well as long term processes in order to develop best temporal practices in ethical aesthetic epistemological and metaphysical activities both theoretical and practical The methodology develops ideas based on the history of philosophy from Plato to Hegel to Husserl to Deleuze interdisciplinary studies from cognitive science to poetics and practical spheres where short term practices have been studied extensively from short term psychotherapy to short term financial investments *Philosophy of the Short Term* is the first book to deal systematically with the concept of the short term

The Works of ... E. H. ... collected into one volume, etc Ezekiel HOPKINS (successively Bishop of Raphoe and of Derry.), 1710 **Seneca: Selected Dialogues and Consolations** Seneca, 2015-03-05 Seneca's dialogues as his epistolary essays have traditionally been known offer an ideal path into the philosophical thought of first century Rome's most famous Stoic whose compelled suicide in 65 CE by order of his former pupil Emperor Nero drew comparisons to the death of Socrates. Notable for among other things their portrait of a providential universe and defense of the life of virtue the nine dialogues included in this volume illustrate the deeply intertwined cosmological and moral arguments of ancient Rome's chief philosophical alternative to Epicureanism and Academic Skepticism. Peter J. Anderson's new translation conveys the distinctive character of Seneca's style while striving for accuracy and consistency in its renderings of key terms. His Introduction discusses the dialogues as works of art and situates them in the context of ancient Stoic philosophy as well as the wider philosophical scene. Notes and a glossary are also included.
